The Power Exchange A Novel:

Texit Daniel Miller, 2018-05-02 In *Texit Why and How Texas Will Leave The Union* Texas Nationalist Movement president Daniel Miller delivers a provocative yet methodical case for Texas independence Far from fringe political theory Miller reveals how Texas independence has deep historical roots and growing mainstream appeal with polling data showing surprising levels of support across political affiliations Miller methodically dismantles common arguments against *Texit* while building a compelling case that Texas's relationship with the federal government has become dysfunctional and unsustainable He addresses critical questions about currency trade military bases and Social Security that would arise during a transition to independence Through meticulous research and historical context Miller demonstrates that Texas's journey toward independence parallels successful independence movements worldwide He argues that Texas statehood was always conditional and Texans retain their fundamental right to political self determination Beyond mere secession *Texit* envisions a prosperous independent republic that preserves the best of American principles while creating a better future for Texans Miller outlines practical pathways to independence through democratic referendum and peaceful negotiation contrary to apocalyptic predictions from critics Whether you're a proud Texan questioning the status quo or simply interested in understanding one of America's most significant political movements this book offers an illuminating roadmap to Texas's potential future as a sovereign nation If you enjoyed *America's Forgotten History Part 3 A Nation Asunder The Real Lincoln and Patriots of Treason* you'll love *Texit Why and How Texas Will Leave The Union* *Following Djuna* Carolyn Allen, 1996-02-22 *Following Djuna* reads contemporary novelists in the tradition of Djuna Barnes arguing for the importance of women's fiction in understanding women's erotics emotional and sexual exchanges between women Barnes's *Nightwood* with its experimental form and passionate language has made its mark on contemporary writers and Carolyn Allen argues that Harris Winterson and Brown continue Barnes's explorations of obsession loss excess and power between women lovers Allen stresses the importance of difference in lovers who are like and the influence of memory in the making of desire At the same time she illuminates the ongoing trade offs between passion and comfort and between loss and discovery as crucial to the intensity of women's erotics *The Publishers Weekly*, 1912 *The Novels of Lisa Alther* Lisa Alther, 2017-10-31 Three wise and witty novels of the sixties sexuality and the South by a New York Times bestselling strong salty original talent Doris Lessing *Kinflicks* An ambitious funny lucid and unfailingly honest coming of age novel set in the 1960s American South The New Yorker Tart tongued Tennessean Ginny Babcock seems to live in an idyllic world and her mother documents every moment for the family's home movies But mother's *kinflicks* don't capture everything about Ginny Not by a long shot *Original Sins* In this thoroughly endearing novel Sally Emily Jed Raymond and Donny are friends who dream big in rural Tennessee Chicago Tribune But the road to reality isn't quite what they imagined Some take the safe route others drift away to reconsider their roots and traditions and for Donny an African American fulfilling dreams is all about resilience In the ever

shifting landscape of the 1950s and 60s they grow up grow apart and have every good intention of coming back together Five Minutes in Heaven Raised in the Tennessee hills in the 1950s Jude grows into a young woman who finds her soul mate in her new neighbor Molly But when age and social convention intervene she ventures north to pursue all that sixties New York has to offer including a transitional comfort with a man in the midst of his own sexual discovery With an endearing heroine and a smart consideration of what it means to love and be loved this coming of age novel is a little bit of heaven Rita Mae Brown

The Hayle Coven Novels: The Complete Saga Patti Larsen,2022-11-03 YA Paranormal series with witches demons fairies werewolves vampires magic and dragons Dive into the award winning Hayle Coven Novels beginning with 2014 s World s Best Story Family Magic and fall in love with Sydlynn Hayle her mom s a witch her dad s a demon and she wants to be ordinary The problem is she s far from it This twenty novel series is beloved by readers around the world and will draw you into an epic family adventure of love loyalty loss and triumph Welcome to the coven KEYWORDS young adult paranormal magic series witches and magic The Political in Margaret Atwood's Fiction Theodore F. Sheckels,2016-02-24 Suggesting that politics and power are at the center of Margaret Atwood s fiction Theodore F Sheckels examines Atwood s novels from The Edible Woman to The Year of the Flood Whether her treatment is explicit as in Bodily Harm and The Handmaid s Tale or by means of an exploration of interiority as in Cat s Eye and The Robber Bride Atwood s persistent concern is with how the empowered act towards those who are constrained within the political economic and social institutions that facilitate power dynamics Sheckels identifies an increasing sophistication in Atwood s exposition of power over time that is revealed in the later novels engagement with social class postcolonialism and a globalism that merges science and commerce as issues relevant to politics and power Acknowledging that Atwood is not a political theorist but a novelist Sheckels does not suggest that her work should be viewed as political commentary but rather as a creative treatment of the laudable but ultimately only partially successful ways in which women and other groups resist the constraints placed on them by institutionalized oppression **Religious Experience and the Modernist Novel** Pericles Lewis,2010-01-07 Considers the development of modernism in the novel in relation to changing attitudes to religion

films to which he contributed Drawing on extensive archival research Robbins finds that Hollywood genre conventions and archetypes significantly influenced and reshaped Faulkner s craft after his involvement in the studio system His work in the film industry also produced a deep exploration of the gendered dynamics of collaborative labor genre formulae and cultural hierarchies that materialized in both his Hollywood screenplays and his experimental fiction *The Publishers Weekly* ,1980
