The Pro Patria Project:

The Pro Patria Project Nathan S. Mitchell, 2000-05-15 The Pro Patria Project for one's country is the sequel to the author's The ProCon Conspiracy. It involves a dozen powerful men, six each from the federal and private sectors, who hatch a plot to assassinate a dozen of the nation's most prominent citizens. Believing these men are undermining the country's morals and values, the Committee of Twelve consists of the National Security Advisor, Joint Chiefs of Staff Chairman, Secretary of Defense, Directors of the CIA and FBI, and a U.S. Congressman. Pardoned men from the defunct ProCon Conspiracy are recruited by the Committee to plan and execute the plot. General Henry Mullaire and Colonel Manfred West, co-conspirators during the ProCon debacle, manage an intriguing scheme that uses desperate men to carry out the ruthless murders. No witnesses remain at the end; no stone is left unturned. The third book in the trilogy, *The Bane of Cinco de Mayo*, will follow later this year.

Guillermo Calles Rogelio Agrasánchez, Jr., 2014-01-10 In 1912 Guillermo Calles (1893-1958) became the first Mexican actor to appear in films made in California. Despite limited resources, he began directing and producing his own movies, and in 1929 pioneered production of Spanish language sound films. His major works among them the long unavailable *El indio yaqui* and *Raza de bronce*. Both 1927 represented Calles' tireless crusade to restore the image of Mexicans and Indians in an era dominated by Hollywood stereotypes. This biography traces Calles' career from his earliest Hollywood days through the 1950s. Included are the only surviving images of the filmmaker's silent productions, a closing commentary on his intimate circle of relatives, and an appendix featuring two fascinating letters written by Calles during a filming trip.

Lions of the North Benjamin R. Teitelbaum, 2017-01-02 Often labeled neo Nazis or right wing extremists, radical nationalists in the Nordic countries have always relied on music to voice their opposition to immigration and multiculturalism. These actors shook political establishments throughout Sweden, Denmark, and Norway during the 1980s and 1990s by rallying around white power music and skinhead subculture. But though nationalists once embraced a reputation for crude chauvinism, they are now seeking to reinvent themselves as upstanding and righteous, and they are using music to do it. *Lions of the North* explores this transformation of anti-immigrant activism in the Nordic countries as it manifests in thought and sound. Offering a rare ethnographic glimpse into controversial and secretive political movements, it investigates changes in the music nationalists make and patronize, reading their puzzling embrace of lite pop, folk music, even rap and reggae as attempts to escape stereotypes and craft a new image for themselves. *Lions of the North* not only exposes the dynamic relationship between music and politics but also the ways radical nationalism is adapting to succeed in some of the most liberal societies in the world.

The Bane of Cinco de Mayo Nathan S. Mitchell, 2000-08 *The Bane of Cinco de Mayo* follows the ill-fated career of a Mexican immigrant who enters the U.S. illegally, becomes naturalized, and joins the Central Intelligence Agency. He distinguishes himself on black missions that involve international intrigue and assassinations. He becomes disillusioned with the political environment and turns into a renegade, wet, rogue agent. WRA. The plot thickens when he attempts to murder a

governor who is campaigning for the Republican presidential nomination Like the two earlier books in the trilogy this one deals with a potpourri of unlikely characters who are drawn together by ironies and individual agendas *Javanese Literature in Surakarta Manuscripts* Nancy K. Florida, 2018-08-06 This book completes a series of three volumes cataloguing the Javanese language manuscripts housed in four repositories in the Central Javanese city of Surakarta that were preserved in microfilm under the auspices of the Cornell University's Surakarta Manuscript Project The present volume describes the manuscripts of the Radya Pustaka Museum and the private library of the late Panembahan Hardjonagoro a body of materials that date from the early eighteenth to the early twentieth century Detailing the contents of the 1 204 texts inscribed in these 478 manuscripts Nancy K Florida's fully indexed catalogue guides the reader through a wide range of materials The manuscripts catalogued include autobiographical writings gamelan notation works of calendrical divination annotated translations of the Qur'an compendia of colonial laws and regulations Sufi poetry royal genealogies handbooks on horsemanship histories of legendary heroes and scripts for wayang performances Each entry includes information of titles authors dates and places of composition dates and places of inscription identities of scribes and patrons and concise descriptions of the contents Each title is also provided with a subject categorization along with notes on the physical size and condition of the original manuscript descriptions of scripts and scribal styles papers and watermarks It is an essential resource for researchers of Javanese history and culture *A Far-Away War* Ian Liebenberg, Jorge Risquet, Vladimir Shubin, 2016-01-31 South Africa's armed forces invaded Angola in 1975 setting off a war that had consequences for the whole region that are still felt today *A Far Away War* contributes to a wider understanding of this war in Angola and Namibia The book does not only look at the war from an old South African Defence Force perspective but also gives a voice to participants on the other side emphasising the role of the Cubans and Russians This focus is supplemented by the inclusion of many never before published photographs from Cuban and Russian archives and a comprehensive bibliography *The Leaves of Autumn* Nathan Mitchell, 2000-09-30 The story of two boys from the Deep South one black the other white who form an unlikely alliance during the post Depression era They survive racial prejudice at home and fight side by side during the war in Southeast Asia They return home heroes still best friends and end up depending upon one another until their deaths The black returns as an ace combat fighter pilot with the stars of a general officer His friend retires as a senior enlisted man The story also chronicles the close relationship of the boys' parents at a time when it was unusual and dangerous for the races to coexist like good neighbors *The Pyrenees in the Modern Era* Martyn Lyons, 2018-02-22 This original study examines different incarnations of the Pyrenees beginning with the assumptions of 18th century geologists who treated the mountains like a laboratory and romantic 19th century tourists and habitués of the spa resorts who went in search of the picturesque and the sublime The book analyses the individual visions of the heroic Pyrenees which in turn fascinated 19th century mountaineers and the racing cyclists of the early Tour de France Martyn Lyons also investigates the role of the Pyrenees

during the Second World War as an escape route from Nazi occupied France when for thousands of refugees these dangerous borderlands became the mountains of liberty and considers the place of the Pyrenees in recent times right up to the present day Drawing on travel writing press reports and scientific texts in several languages *The Pyrenees in the Modern Era* explores both the French and Spanish sides of the Pyrenees to provide a nuanced historical understanding of the cultural construction of one of Europe's most prominent border regions This book will be of great interest to scholars and students of Europe's cultural history in a transnational context *How to become a European Tiger* Magdalena Spendel, 2017-05-21 A former Soviet state located in northeastern Europe now a member of the European Union with this usually ends our knowledge about Estonia After long reflection one remembers some of the news headlines Baltic Economic Tiger E residency E state Although we know little our knowledge allows us to describe a country that has emerged from under the Soviet yoke Once poor Estonia today walks the path of growth Unfortunately the story of Estonia and especially the process of its transformation remains unknown to many But this success story offers good lessons not only for future generations but also for countries that still struggle with the socialist legacy *A Lady in Shadows* Lene Kaaberbøl, 2017-12-05 Madeleine's inquisitive mind and candid voice are enough to keep us reading The New York Times Book Review New York Times bestselling author Lene Kaaberbøl returns with her beloved protagonist Madeleine Karno an ambitious young woman who shatters the confines of nineteenth century France On June 2nd 1894 in the wake of President Marie Francois Sadi Carnot's assassination France descends into chaos and riots in the streets of Varbourg Many lives are lost in the mayhem but when one lady of the night is found murdered with brutal incisions and no sign of a struggle it is clear something is amiss Madeleine Karno must ask herself the terrifying question Do they have their very own Jack the Ripper in France Madeleine is no stranger to cases such as this Though she is a woman in forensic pathology a career considered unseemly even for men her recent work with a string of mysterious deaths and becoming the first female student admitted to the University of Varbroug has earned her some semblance of respect But there's only so much her physiology courses can do to help her uncover the mysteries of a mad scientist's brutal murders Madeleine must do whatever it takes investigate the darkest corners of the city and even work undercover to track down a murderer at large But if there's one thing the press has right about Mademoiselle Death it's this it takes a woman to find a killer of women
