E Durkheim

Skinned Activists Condemn The Horrors Of The Fur Trade:

The Subjugation of Canadian Wildlife Max Foran, 2018-04-10 Hardly a day goes by without news of the extinction or endangerment of yet another animal species followed by urgent but largely unheeded calls for action. An eloquent denunciation of the failures of Canada's government and society to protect wildlife from human exploitation, Max Foran's *The Subjugation of Canadian Wildlife* argues that a root cause of wildlife depletions and habitat loss is the culturally ingrained beliefs that underpin management practices and policies. Tracing the evolution of the highly contestable assumptions that define the human wildlife relationship, Foran stresses the price wild animals pay for human self-interest. Using several examples of government oversight at the federal, provincial, and territorial levels from the Species at Risk Act to the Biodiversity Strategy, Protected Areas Network, and provincial management plans, this volume shows that wildlife policies are as much or more about human needs, priorities, and profit as they are about preservation. Challenging established concepts including ecological integrity, adaptive management, sport hunting as conservation, and the flawed belief that wildlife is a renewable resource, the author compels us to recognize animals as sentient individuals and as integral components of complex ecological systems. A passionate critique of contemporary wildlife policy, *The Subjugation of Canadian Wildlife* calls for belief change as the best hope for an ecologically healthy, wildlife-rich Canada. *Animal Rights* John M.

Kistler, 2000-06-30 Introductions to each chapter explain the issues as well as the arguments that surround them, and a general introduction to the volume thoroughly explains how to use the book. Each entry contains the following information: author, title, edition, series, title, location of publisher, name of publisher, number of pages, year of publication, and International Standard Book Number. Annotations include the most important information available to help the researcher, including web sites that contain not only the full text of the book when available but also excerpts and articles or interviews by the author, short quotations from the books, and short descriptions and summaries of the books. All the information provided allows students to locate exactly what they need while encouraging them to explore other issues and differing viewpoints. *Animal Rights and Welfare* Jeanne Williams, 1991 Propounds a moderate view of animal rights in 17 essays reprinted from various publications. Among the authors are Jane Goodall, Steve Siegel, and Tim Stafford. No index. Annotation copyrighted by Book News, Inc., Portland, OR. **Conservation and Management of Marine Mammals** John R. Twiss, Randall R. Reeves, Suzanne Montgomery, 1999 BBC Wildlife, 1988 **Paperbound Books in Print**, 1992 Paperbound Books in Print 1995 Reed Reference Publishing, Reference Reed, 1995-12 **Subject Guide to Books in Print**, 1997 *Subject Guide to Children's Books in Print* 1997 Bowker Editorial Staff, R. R. Bowker Publishing, 1996-09 **Animal Welfare in China** Peter J. Li, 2021-03-01 Peter J. Li's pathbreaking new book *Animal Welfare in China* is timely and valuable. ANTHROZOOS The plight of animals in China has attracted intense interest in recent times. Since the outbreak of COVID-19, speculation about the origins of the virus have sparked global curiosity. Speculation about the origins of COVID-19 has sparked curiosity about how animals

are treated, traded and consumed in China today. In *Animal Welfare in China*, Peter Li explores the key animal welfare challenges facing China now, including animal agriculture, bear farming, and the trade and consumption of exotic wildlife, dog meat, and other controversial products. He considers how Chinese policymakers have approached these issues and speaks with activists from China's growing animal rights movement. Li also offers an overview of the history of animal welfare in China from ancient times through the enormous changes of the 20th and 21st centuries. Some practices that are today described as traditional, he argues, are in fact quite recent developments reflecting the contemporary pursuit of economic growth rather than long-standing cultural traditions. Based on years of fieldwork and analysis, *Animal Welfare in China* makes a compelling case for a more nuanced and evidence-based approach to these complex issues. *Animals, Ethics and Trade* Joyce D'Silva, Jacky Turner, 2012-05-16 Modern urban life cuts us off from direct connection with the animal world, yet daily the lives of millions of animals are affected by what we consume and wear and what we trade in. The use of animals for food, labour, and pleasure pursuits has long been justified with the assumption that unlike humans, animals aren't fully sentient beings. In recent years, however, science has revealed an astonishing array of complex animal behaviour, and scientists and policy makers now accept that the animals we make use of are indeed conscious with preferences and intentions. The implications for our culture of factory farming, fast food, and rainforest liquidation are staggering. In this powerful book, internationally renowned experts on animal behaviour and agriculture, such as Jane Goodall, Tim Lang, and Vandana Shiva, are brought together with ethicists, religious scholars, international industry, and regulators for the first time to debate these critical issues and tackle the profound implications of animal sentience. The first sections discuss scientific and ethical perspectives on the consciousness, emotions, and mental abilities of animals. Later sections address how human activities, such as science, law, religion, farming, food production, trade, development, and education, respect or ignore animals' sentience and welfare, and review the options for changes in our policies, our practices, and our thinking. The result is nothing less than a stark and necessary look into the heart of humanity and the ethics that govern our animal-powered society. **Skinned** Anne Doncaster, International Wildlife Coalition, 1988 Activists condemn the horrors of the fur trade. Cover **The Animal's Agenda**, 1999 *Animals Are Us* Victoria Thompson, 2023-02-03 This book will save lives, human and animals. Victoria Thompson is a passionate advocate for the protection of animals from great harm. She movingly describes our appalling failures in this regard and praises those who press for the enlightened awareness and humane treatment of animals. She believes profoundly that we must not continue to think of animals as just resources to exploit; animals too have a right to live naturally. And she gives us solutions for a kinder world. Victoria's book is a real groundbreaker and may well become the new bible for those seeking to save our fellow species from immense suffering and even extinction. Irina Dunn *Weekly World News*, 1996-11-05 Rooted in the creative success of over 30 years of supermarket tabloid publishing, the *Weekly World News* has been the world's only reliable news source since 1979. The online hub www.weeklyworldnews.com is a leading
