**Slavery in the Arab World** Murray Gordon,1989 a comprehensive portrait of slavery in the Islamic world from earliest times until today D Arab Book World      Slavery in the Arab World Murray Gordon,1998-04-21 A comprehensive portrait of slavery in the Islamic world from earliest times until today Arab Book World      Race and Slavery in the Middle East Bernard Lewis,1990 From the days before Moses up through the 1960s slavery was a fact of life in the Middle East But if the Middle East was one of the last regions to renounce slavery how do we account for its and especially Islam s image of racial harmony How did these long years of slavery affect racial relations In *Race and Slavery in the Middle East* Bernard Lewis explores these questions and others examining the history of slavery in law social thought practice and literature and art over the last two millennia      *Slavery in the Islamic World* Mary Ann Fay,2018-11-17 This edited volume determines where slavery in the Islamic world fits within the global history of slavery and the various models that have been developed to analyze it To that end the authors focus on a question about Islamic slavery that has frequently been asked but not answered satisfactorily namely what is Islamic about slavery in the Islamic world Through the fields of history sociology literature women s studies African studies and comparative slavery studies this book is an important contribution to the scholarly research on slavery in the Islamic lands which continues to be understudied and under represented in global slavery studies      Slavery in the Islamic Middle East Shaun Elizabeth Marmon,1999 Slavery recognized and regulated by Islamic law was an integral part of Muslim societies in the Middle East well into modern times Recruited from the Abode of War by means of trade or warfare slaves began their lives in the Islamic world as deracinated outsiders described by Muslim jurists as being in a state like death awaiting resurrection and rebirth through manumission Many of these slaves were manumitted and some rose to prominence as soldiers and political leaders Others were not so fortunate Slaves of African origin in particular were often condemned to lives of menial labor Despite the importance of slavery in Islamic history this institution has received scant attention from scholars This volume examines the institution of slavery in Islam in a range of cultural settings      *Arab Muslim World* Jean Marie Dia,2013-02 I wrote this book to enlighten people of the historic role the Arab Muslim world has played and continues to play in slavery Much of the population believes the white man started slavery in Africa a few centuries ago I reject this assertion because the historical facts do not support it      **Slavery in the Modern Middle East and North Africa** Elena Andreeva,Kevin McNeer,2024-05-30 What is the nature of slavery as practiced and at times reintroduced over the past two centuries in the Middle East and North Africa In spite of the rich regional diversity of the areas studied from Morocco to the Indian Ocean to Iran this anthology demonstrates clear commonalities across the super region These include the regulation of slavery by Islam and local traditions the absence of a rigid racial hierarchy as in North American slavery the management of the sexuality and reproductive capacity of female slaves and views on identity and heritage among descendants of slaves Authors also examine the economic and theological underpinnings of contemporary

slavery and human trafficking The book is among the first to focus on slavery across the Islamic world from the 19th century to the present a period constituting the endgame of institutionalized slavery in the region but also the persistence of forms of de facto enslavement Each chapter scrutinizes from a different vantage point institutions economics the abolitionist movement literature folklore and the moving image creating a multi dimensional picture of the phenomenon The authors have mined government archives and statistics memoirs interviews photographs drawings songs cinema and television Not only are Arabic Persian and Turkish sources leveraged but a variety of materials in minor and endangered languages such as Soqotri Balochi and Sorani Kurdish in addition to European languages

**Sexuality in the Arab World** Samir Khalaf, John Gagnon, 2014-05-13 Arab cultural discourse has been slow to respond to changing sexual behaviour The contributors to this collection pick up the slack ranging across such disciplines as literature history sociology and psychology Is Damascus the chastity capital of the Middle East where perceptions of wealth and class fuel female rivalries How do gay men cruise in Beirut How do young women in Tunis cope with both social pressures to become thin and family pressures to gain weight What do Lebanese creative writing students write about sexual practices versus public behaviour The fresh compelling research topics covered include masculinity and migration colonialism and sexual health fantasy and violence and domestic workers and sexual tensions Other people's sex lives have always been a source of fascination and nowhere more so than in the Middle East Ground breaking New Statesman [Narratives of Dislocation in the Arab World](#) Nadeen

Dakkak, 2023-03-08 This monograph explores and investigates narratives of physical psychological and emotional dislocation that take place within the Arab world approaching them as manifestations of the Arabic word ghurba or estrangement as a feeling and state of being Distancing itself from the centrality of the West in postcolonial and Arabic literary studies the book explores experiences of migration displacement and cosmopolitanism that do not directly ensue from the encounter with Europe or the European other Covering texts from the Levant Egypt the Arabian Peninsula and beyond from the 19th 20th and 21st centuries the book grounds narratives of dislocation in the political social and cultural structures that affect the everyday lived experiences of individuals and communities An analysis of Arabic Turkish and English texts encompassing fiction memoirs and translations highlights less visible narratives of ghurba specifically amongst ethnic minorities and religious communities Ultimately the chapters contribute to a picture of the Arab world as a place of ghurba where mobile and immobile subjects foreigners and local inhabitants alike encounter alienation Bringing together a diverse range of academic perspectives the book will be of interest to students and scholars in postcolonial and comparative literary studies history and Arabic and Middle East studies [The Legacy of Arab-Islam in Africa](#) John Al-lemillah Azumah, 2014-10-01

Thoughtful and challenging this book argues for a reassessment of the role historically played by Islam in Africa and offers new hope for increased mutual understanding between African people of different faiths Drawing on a wealth of sources from the colonial period to the most up to date scholarship the author challenges the widely held perception that while

Christianity oppressed and subjugated the African people Islam fitted comfortably into the indigenous landscape Instead this penetrating account reveals Muslim settlers to be as guilty of enforcing slavery and conversion as those of their more maligned sister tradition Only with an acknowledgement of the true roles of both faiths in African history suggests Azumah can the people of both traditions move themselves and their continent towards a new future of tolerance and self awareness
