Slobodan Milosevic And The Destruction Of Yugoslavia:

Slobodan Milosevic and the Destruction of Yugoslavia Louis Sell, 2002-02-22 A political biography of Slobodan Milosevic by a diplomatic insider Serbian Paramilitaries and the Breakup of Yugoslavia Iva Vukušić, 2022-09-30 This is the first book to offer a comprehensive analysis of the emergence nature and function of Serbian paramilitary units during the violent breakup of Yugoslavia The book investigates the nature and functions of paramilitary units throughout the 1990s and their ties to the state and President Slobodan Milošević The work relies on the archives of the International Criminal Tribunal for the former Yugoslavia in The Hague which conducted dozens of trials relating to paramilitary violence and records from judicial proceedings in the region It discusses how and why certain important paramilitary units emerged how they functioned and transformed through the decade what their relationships and entanglements were with the state the Milošević regime and organized crime The study thus investigates the interrelated ideological political and social factors and processes fueling paramilitary engagement and assesses the impact of this engagement on victims of paramilitary violence and on the state and society for which the units purportedly fought It argues that coordinated action by a number of state institutions gave rise to paramilitaries tasked with altering borders while maintaining plausible deniability for the sponsoring regime The outsourcing of violence by the state to paramilitaries led to a significant weakening of the very state these units and their sponsors swore to protect The book also analyzes differences between the units and how they attacked civilians arguing that the different forms of violence stemmed not only from the function they fulfilled for the state but also the ways in which they were set up and operated The final chapter brings the different strands of the argument together into a coherent whole suggesting avenues for further research in the former Yugoslavia and beyond This book will be of much interest to students of ethnic conflict and civil war war crimes Balkan politics and International Relations in general A Legal Geography of Yugoslavia's Disintegration Ana S. Trbovich, 2008-02-05 A Legal Geography of Yugoslavia's Disintegration explains the violent break up of the former Yugoslavia in early 1990s in the context of two legal principles sovereignty and the self determination of peoples The author recounts Yugoslavia's history with a focus on the country's internal administrative divisions and aspirations of different ethnic groups in order to effectively explain the genesis of the international community's political decision to recognize the right of secession for the largest administrative units of Yugoslavia Trbovich a Serbian author writing from the perspective of a disengaged scholar tackles her subject matter with clarity and detail and offers an intriguing analysis of Kosovo's future status international recognition of secession implications of Yugoslavia's disintegration for other conflicts invoking right to self determination and international intervention in ethnic conflicts The Yugoslav Wars of the 1990s Catherine Baker, 2015-07-30 Catherine Baker offers an up to date balanced and concise introductory account of the Yugoslav wars of the 1990s and their aftermath The volume incorporates the latest research showing how the state of the field has evolved and guides students through the existing literature topics and debates **Bosnian Genocide**

intervention by external powers without U N sanction and to nation building by outside powers in war devastated territories The book also explores the nature of media propaganda in times of war Editor Raju G C Thomas and the prominent contributors provide fresh views and alternative explanations for the unraveling of a sovereign independent state following the end of the Cold War and in a world without countervailing power The a to Z of Bosnia and Herzegovina Ante Cuvalo,2010-04 The A to Z of Bosnia and Herzegovina sheds light on the uncertain situation Bosnia and Herzegovina faces while providing essential background information This is accomplished through a chronology an introduction a bibliography and more than 300 cross referenced dictionary entries on individual topics spanning Bosnia and Herzegovina s political economic religious and social system along with short biographies on important figures *Global Governmentality* Wendy Larner,William Walters,2004-08-02 Global Governmentality extends Foucault s political thought towards international studies exploring the governance of the global the international the regional and many other extra domestic spaces Modern Genocide Paul R. Representing Genocide Rebecca Jinks, 2016-06-02 This book explores the diverse ways in which Holocaust representations have influenced and structured how other genocides are understood and represented in the West Rebecca Jinks focuses in particular on the canonical 20th century cases of genocide Armenia Cambodia Bosnia and Rwanda Using literature film photography and memorialisation she demonstrates that we can only understand the Holocaust's status as a benchmark for other genocides if we look at the deeper structural resonances which subtly shape many representations of genocide Representing Genocide pursues five thematic areas in turn how genocides are recognised as such by western publics the representation of the origins and perpetrators of genocide how western witnesses represent genocide representations of the aftermath of genocide and western responses to genocide Throughout the book distinguishes between mainstream and other more nuanced and engaged representations of genocide It shows how these mainstream representations the majority largely replicate the representational framework of the Holocaust including the way in which mainstream Holocaust representations resist recognising the rationality instrumentality and normality of genocide preferring instead to present it as an aberrant exceptional event in human society By contrast the more engaged representations often but not always originating from those who experienced genocide tend to revolve around precisely genocide's ordinariness and the structures and situations common to human society which contribute to and become involved in the violence

Bosnia Remade Gerard Toal, Carl T. Dahlman, 2011-02-16 *Bosnia Remade* is an authoritative account of ethnic cleansing and its partial undoing from the onset of the 1990s Bosnian wars up through the present Gerard Toal and Carl Dahlman combine a bird's eye view of the entire war from onset to aftermath with a micro level account of three towns that underwent ethnic cleansing and later the return of refugees There have been two major attempts to remake the ethnic geography of Bosnia since 1991 In the first instance ascendant ethno nationalist forces tried to eradicate the mixed ethnic geographies of Bosnia's towns villages and communities These forces devastated tens of thousands of homes and lives but they failed to destroy Bosnia Herzegovina as a polity In the second attempt which followed the war the international community in league with Bosnian officials endeavored to reverse the demographic and other consequences of this ethnic cleansing While progress has been uneven this latter effort has transformed the ethnic demography of Bosnia and moved the nation beyond its recent segregationist past By showing how ethnic cleansing was challenged *Bosnia Remade* offers more than just a comprehensive narrative of Europe's worst political crisis of the past two decades It also offers lessons for addressing an enduring global problem Britain and the Balkans Carole Hodge, 2006-04-18 This book traces the evolution of British policy in former Yugoslavia from the onset of war in Croatia and Bosnia to the NATO action in Kosovo and beyond examining the underlying factors which have governed Britain's Balkans policy
