The Aryan Myth A History Of Racist And Nationalist Ideas In Europe:

Aryan Myth Léon Poliakov, 1974-08 In Nazi Germany between the years 1940 and 1944 proof of your Aryan or Semitic roots meant the difference between life and death How this inhuman and intrinsically absurd theory of racial superiority originated and how it took hold of the German imagination makes for a fascinating scholarly study Tracing the origins of the Aryan Myth in the West the author shows how in the heyday of nationalism most European people developed legends glorifying their high born ancestry He shows how these legends developed into pseudoscientific theories which treated Europeans as the norm and other peoples as inferior until in 19th century Germany they culminated in the concept of a superior Germanic race in contrast to the inferior Jewish race This cultural study sheds horrifying new light on the philosophy that justified the mass extermination of millions of subhumans during World War II From publisher description

Zarathustra's Last Supper Weaver Santaniello, 2023-01-06 This book explores the historical contextualization of Nietzsche's thought focusing on Nietzsche's controversial *Thus Spoke Zarathustra* The fourth part of Nietzsche's *Zarathustra* consists of Zarathustra's encounter with eight higher men whom Zarathustra meets in succession on his path during the day The prophet then invites each individual to his cave for the evening festivities culminating in a blasphemous festival in which his guests worship an ass as God Revealing each guest's specific characteristics and very distinct roles Santaniello also attempts to discern who these guests are or represent historically through glimpsing the characteristics specific to each representative guest as portrayed by Nietzsche and through careful textual analysis comparison with Nietzsche's other works historical evidence and previous scholarly research This unique exploration of *Thus Spoke Zarathustra* offers students and researchers alike an invaluable new contribution to Nietzsche studies

British Imperial Strategies in the Pacific, 1750-1900 Jane Samson, 2021-02-28 The focus of this volume is Britain's trans Pacific empire This began with haphazard challenges to Spanish dominion but by the end of the 18th century the British had established a colony in Australia and had gone to the brink of war with Spain to establish trading rights in the north Pacific These rights led to formal colonies in Vancouver Island and British Columbia when Britain sought to maintain a north Pacific presence despite American expansionism In the later 19th century the international scramble for the Pacific resulted in new British colonies and protectorates in the Pacific islands The result was a complex imperial presence created from a variety of motives and circumstances The essays selected here take account of the wide range of economic political and cultural factors which prompted British expansion creating tension in Britain's imperial identity in the Pacific and leaving Pacific peoples with a complicated and challenging legacy Along with the important new introduction they provide a basis for the reassessment of British imperialism in the Pacific region

The Victorian Reinvention of Race Edward Beasley, 2010-07-02 In mid-Victorian England there were new racial categories based upon skin colour The races familiar to those in the modern west were invented and elaborated after the decline of faith in Biblical monogenesis in the early nineteenth century and before the maturity of modern genetics in the middle of the twentieth Not until the early nineteenth century would polygenetic and racist theories win many adherents But by the middle of the nineteenth century in England racial categories were imposed upon humanity How the idea of race gained popularity in England at that time is the central focus of *The Victorian Reinvention of Race* New Racisms and the Problem of Grouping in the Human Sciences Scholars have linked this new racism to some very dodgy thinkers *The Victorian Reinvention of Race* examines a more influential set of the era's writers and colonial officials some French but most of them British Attempting to do serious social analysis these men oversimplified humanity into biologically heritable, mentally and morally unequal, colour-based races Thinkers giving in to this racist temptation included Alexis de Tocqueville when he was writing on Algeria Arthur de Gobineau who influenced the Nazis Walter Bagehot of *The Economist* and Charles Darwin whose *Descent of Man* was influenced by Bagehot Victorians on Race also examines officials and thinkers such as Tocqueville in *Democracy in America* the Duke of Argyll and Governor Gordon of Fiji who exercised methodological care doing the hard work of testing their categories against the evidence They analyzed human groups without slipping into racial categorization Author Edward Beasley examines the extent to which the Gobineau-Bagehot-Darwin way of thinking about race penetrated the minds of certain key colonial governors He further explores the hardening of the rhetoric of race prejudice in some quarters in England in the nineteenth century the processes by which racism was first formed
