## **The Asbestos Hazard:**

**Asbestos The Hazardous Fiber** Melvin A. Benarde, 2018-05-04 With the passage of the Asbestos Hazard Emergency Response Act AHERA Public Law 99 519 it was clear that great quantities of asbestos would be disturbed and would require proper management and disposal If these were poorly done many people would be placed at risk unnecessarily Into such an environment a book dealing with the many diverse facets of asbestos abatement written by people with substantial experience seemed reasonable and appropriate but even more so necessary *Asbestos in the Schools* Carolyn Harvey, Mark Rollinson, 1987-11-06 *Asbestos in the Schools* opens with a brief overview of the history of asbestos its use in industry and as a fire retardant and the discovery of occupational hazards associated with asbestos dust airborne A description of the key terms related to the topic follows The authors can turn to the statistical analyses and legal matters and explain their implications to the problem of asbestos in the schools The following chapter considers the class action suit against the asbestos industry the legal aspects of asbestos removal the exposure of school authorities to legal action personal exposure of school board members and the contractor s exposure The authors assert that while the real risks to students and teachers from asbestos is minimal the legal risks to school administrators and trustees from their actions and or inactions are real The concluding chapters take the reader from step by step through the abatement process and review the financial costs associated with asbestos removal The authors conclude with a commentary on several ethical questions raised by the issue of asbestos in schools *Implementation of the Asbestos Hazard Emergency Response Act* United States. Congress. Senate. Committee on Environment and Public Works. Subcommittee on Hazardous Wastes and Toxic Substances, 1988 **Asbestos School Hazard Abatement** United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Transportation and Hazardous Materials, 1991 **Asbestos Issues** United States. Congress. Senate. Committee on Environment and Public Works. Subcommittee on Toxic Substances, Environmental Oversight, Research and Development, 1990 **The Asbestos School Hazard Abatement Act of 1984-- Oversight** United States. Congress. Senate. Committee on Environment and Public Works, 1985 **Environmental Public Health Policy for Asbestos in Schools** Jacqueline Karn Corn, 1999-09-28 On January 3 1977 Howell Township New Jersey closed its schools while scientists tested for dangerous levels of asbestos After reports of unexplained ailments in some children the parents of 4 500 elementary school children had threatened to boycott classes until the Board of Education removed asbestos containing materials Similar cases occurred across the country In February 1977 the New York Times reported that the child whose illness had been attributed to asbestos actually had mononucleosis Was the reaction of parents and officials unwarranted Did scientific evidence exist indicating that asbestos in schools caused children to become ill Was all the relevant information including the impact of their decisions on public policy in the future considered *Environmental Public Health Policy for Asbestos in Schools* addresses these questions by focusing on the development institutionalization and consequences of

federal environmental policy for asbestos in schools This unique and timely book explores the history of asbestos in schools and buildings and how this issue shaped the development of public health policy Insight into past policy including how why and who caused action to be taken will enlighten and guide the scientific and regulatory communities in the future The story of asbestos is a cautionary tale Other toxic agents such as lead nitrogen dioxide and radon could follow the same model as asbestos raising similar questions Written in a straightforward style Environmental Public Health Policy for Asbestos in Schools explains technical concepts in language easily understood by non experts Understanding the factors and judgments involved in this issue gives insight into how the government and society perceives assesses and develops public health policy
