every other human being This main story line is further expanded and articulated upon by the second story line of the book which occurs nine years later as Eric after drinking his way through Mexico and Guatemala for four years decides to hike across the remote war torn Cuchumatane Mountains of Guatemala with a couple of hiking companions that he has just met Not sure what they might find if it is safe or even the way they end up becoming lost in the perilous mountains then helped by the humble yet courageous Highland Mayan Indians that they meet along the way Arriving to the other side of the mountain range the trio enters into a mysterious ancient Mayan kingdom known as the Ixil Triangle where they are confronted by the incredible devastation left over by the recently ended Guatemalan Civil War Venturing deeper into the Triangle and the tragedy that lies within Eric is finally forced to confront the personal demons fears and doubts that have been plaguing him since the course of nine years earlier and discover something far greater then he could have ever imagined
