McDonald, Siew-Ean Khoo**

The Asutra:

The Australia First Movement Barbara Winter, 2007 Australia First is a good slogan that has been adopted by several quite different political ideologies This book deals with the movement that began in a small way before 1914 developed slowly from about 1936 and came to an abrupt and inglorious end in March 1942 It grew out of the Victorian Socialist Party and the Rationalist Association At first it attracted literary figures such as Xavier Herbert Eleanor Dark Miles Franklin When it became heavily political there were among its members and associates three former Communist Party members and one Nazi Party member some worked for the Labor Party some for the United Australia Party later Liberal Party while there were strong links with the Social Credit Party One was a paid agent of the Japanese Some were connected with Theosophy some with Odinism and in Victoria most were Irish Catholics with links to Archbishop Mannix and Sinn Fein *The Transformation of Australia's Population* Siew-An Khoo, Peter Francis McDonald, Siew-Ean Khoo, 2003 Transformation of Australia's population 1970 2030 **Official Year Book of the Commonwealth of Australia No. 62 - 1977 and 1978** Australian Bureau of Statistics, 1974 **Australia and Human Rights** Caroline Fleay, 2020-05-22 The Howard government's term in office in Australia from 1996 to 2007 is often portrayed as one where Australia retreated from its international human rights obligations Throughout this era a range of government policies attracted much criticism for downplaying or ignoring human rights Less attention has been given to the human rights policies of previous Australian governments and the heritage they provided for the Howard government Situating the policies of the Howard government within those of previous Australian governments provides a greater understanding of human rights in Australia This book examines human rights policies in Australia in three key areas human rights in Australia China relations responses to asylum seekers and refugees and engagement with human rights at the United Nations These areas highlight where the Howard government clearly deviated from some of the more positive human rights policies of its predecessors The book also challenges the perception that Australia has a proud history of human rights policy by revealing where the Howard government continued or revived policies of earlier Australian governments that were not consistent with international human rights standards Such an understanding of human rights in Australian policy is imperative for informed analysis and debate on current and future policy trends 2005 Year Book Australia, 2004 **Australia Towards 2000** Brian Hocking, 1990-06-18 This book sets out to explore contemporary life in Australia looking also at the future of the continent and covering topics ranging from its history culture religion values and ecological perspectives to its economy and politics **Australia's food & nutrition 2012** Australian Institute of Health and Welfare, 2012 Australia's food nutrition 2012 highlights the key components of the food and nutrition system It describes the system from paddock to plate and how food choices affect our health and the environment Publisher website *The Rough Guide to Australia* Rough Guides, 2014-04-01 The Rough Guide to Australia is your indispensable guide to one of the most unmissable countries on earth It is packed with practical information on once in
