The Atlantis Blueprint Colin Wilson, Rand Flem-Ath, 2008-12-10 A spellbinding blend of history and science scholarship and speculation this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis The Great Pyramid Stonehenge Machu Picchu For centuries these and other sacred sites have inspired wonder among those who ponder their origins Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization But these megaliths nonetheless continue to attract pilgrims scholars and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden Who could have built these elaborate monuments How did they do it And what were their incomprehensible efforts and sacrifices designed to accomplish Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia International bestselling author Colin Wilson and Canadian researcher Rand Flem Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100 000 years one that sailed the oceans of the world building monuments to preserve and communicate its remarkable wisdom The Atlantis Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis a sophisticated maritime society that charted the globe from its home base in Antarctica until it was obliterated by the devastating global changes it anticipated but could not escape Here is adventure to realms beyond our imaginings to shifting poles changing latitudes into the world of ancient mariners who recharted the globe to astonishing discoveries about our ancestors Here are the great mysteries the incredibly complex geography of the Temple of Luxor the startling sophistication of Egyptian science and math and tantalizing similarities among the Hebrew Greek and Mayan alphabets to the Chinese lunar zodiac The Atlantis Blueprint opens up a Pandora's box of ancient mysteries lost worlds and millennial riddles It is a story as controversial fascinating dangerous and inspiring as any ever told

Invented Knowledge Ronald H. Fritze, 2009-05-15 This incredible exploration of the murky world of pseudo history reveals the mix of proven facts informed speculation and pure fiction behind lost continents ancient super

civilizations and conspiratorial cover ups as well as the revisionist historical foundations of religions such as the Nation of Islam and the Church of Jesus Christ of Latter day Saints Drawing on the best scholarship available Ronald H Fritze shows that in spite of strong mainstream historical evidence to the contrary many of these ideas have proved durable and gained widespread acceptance As the examples in *Invented Knowledge* reveal pseudo historians capitalize on and exploit anomalies in evidence to support their claims rather than examining the preponderance of research as a whole

The Search for Atlantis Stephen Kershaw, 2018-10-02 The Atlantis story remains one of the most haunting and enigmatic tales from antiquity and one that still resonates very deeply with the modern imagination But where did Atlantis come from what was it like and where did it go Atlantis was first introduced by the Greek philosopher Plato in the fourth century BCE As he discusses about the origins of life the universe and humanity the great thinker puts forward a stunning description of Atlantis an island paradise with an ideal society But the Atlanteans soon degenerate and become imperialist aggressors they choose to fight against antediluvian Athens which heroically repels their mighty forces before a cataclysmic natural disaster destroys the warring states Plato's tale of a great empire that sank beneath the waves has sparked thousands of years of debate over whether Atlantis really existed But did Plato mean his tale as history or just as a parable to help illustrate his philosophy

Pyramid Quest Robert M. Schoch, Robert Aquinas McNally, 2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the

data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings Digging through History Richard A Freund,2023-06-14 Digging through History follows rabbi and archaeologist Richard Freund s journey through some of the most fascinating archaeological sites of human history including the mysterious Atlantis Qumran and the Dead Sea Scrolls and the long buried Holocaust camp Sobibor Each chapter takes readers through a different archaeological site showing what we can learn about past religious life and religious faith through the artifacts found there as well as what has given each site such strong staying power over time Richard Freund and the research in Digging through History are featured in the National Geographic documentary Atlantis Rising which premieres on National Geographic on Sunday January 29 at 9 8 central The documentary follows Oscar winning executive producer James Cameron and Emmy winning filmmaker Simcha Jacobovici as they investigate the myths and realities of Atlantis Digging through History is the only book that details Freund s groundbreaking research on Atlantis that is featured in the f **End Times to 2019** David Montaigne,2013-01-09 Does the end of the Mayan Calendar start the countdown to Judgment Day Biblical and historical researcher David Montaigne concludes that this is the case He says that the end of the Mayan Long Count is the official start of the Bible s seven year tribulation both were focused on the same astronomical events that occur from 2012 to 2019 The world as we know it will be gone by 2020 Texts from ancient India tell us about great cycles of destruction The Egyptians told the same basic story with different names The Maya reveal another version of the story and were very clear about the timing of events from December 2012 to 2019 Your average American is no expert on these cultures but most people do have a Bible at home and the clearest details on what is about to happen can be found in the Bible if you don t let someone else tell you which parts you should focus on No this isn t what you were taught in Sunday school Religious leaders guide us between the raindrops of curious comments in the Bible We are discouraged from focusing on the parts they say we weren t meant to understand But if we stop glossing over these important passages we will understand a flood of details about the End Times Our leaders are not ignorant of these events The elite already know what is about to happen and they have made preparations most rational people would not believe because evidence is suppressed to avoid chaos They want us to remain ignorant or at least to

believe that the details are secrets that cannot be known But the coming events and their timing are not secrets Years ago this book s publication would not have been tolerated by those in power But by now it doesn t matter much their plans are not going to be interfered with at this point Your plans however can still be formulated if you make the choice to understand Topics include Bible Prophecy Matthew 24 36 Knowing the hour and the day The Mayan Calendar and Mythology Pole Shifts Galactic Superwaves Ancient Egypt Ancient India World Mythology The Georgia Guidestones The real Star of Bethlehem and the exact birthday of Christ Calculating the Second Coming and Judgment Day more
