The Authentic Armageddon:

The Authentic Armageddon Crystal Corn,2001 **Book of the Authentic** Darrilyn M Wilson,2014-02-07 The user friendly authentic God for the independent believer Book of the Authentic is a self improvement self validating spiritual book for the independent believer If you are a person who values honesty and is willing to apply that trait to knowing the real deal about God then you will love this read Let s face it today most folks no longer view spiritual matters the same way their parents or grandparents did Spirituality and what God means to people and how they identify with him has changed Millions also no longer actively take part in the religion they were raised in The question is why What happened Are people running from something or to something I found it to be the latter Most people are in their own way running to something It is something that by instinct they perceive to be better That better is a kinder more user friendly God than what they were raised to have The ramification of such an action through the years by millions of people has been powerful enough to begin changing how the world believes and how they envision God personally and that phenomenon keeps evolving As I wrote this book I began to call this new sought after kinder more user friendly God the Authentic God Digging for the full disclosure of this God spanned several years of my life and challenged me to the core In the end my questions were answered I found true peace and I have fully embraced becoming a free and independent believer It is my wish you will find this writing deeply inspiring spiritually liberating and perhaps even life changing Thanks for reading it **Armageddon's Glorious End** David R. Manzano,2017-12-12 This latest contribution to the understanding of the Bible s final book will be a welcomed addition to anyone s personal library The author is quick to admit that Revelation has many strange images and perplexing elements However he is just as quick to stress that these images and elements are not the focus The Apostle John in writing this apocalyptic volume centers the attention on Jesus Christ the only hope for those who have accepted Him as Lord and Savior as well as those who still need to Many people know Revelation for its striking confusing symbolism Many of these people would experience less confusion if they realized that most of these symbols are borrowed by the beloved disciple from other parts of the Bible Manzano is faithful and responsible in allowing the Bible to interpret itself and establishing the Old Testament especially the book of Daniel as the foundation for decoding Revelation s mysteries As Bible prophecy continues to unfold and this world continues to unravel like a cheap sweater the frustration and turmoil that ensues will dissipate by the encouraging tone of this book Readers are subsequently prompted to dive into Revelation and study afresh to reconnect with the Lamb King around whom its messages revolve *In Armageddon's Shadow* Greg Marquis,2000 The United States had important ties with Canada s Maritime Provinces that were profoundly shaken by the American Civil War Drawing extensively on newspaper reports personal papers and local histories Greg Marquis captures the drama of the times effectively putting the reader into the thick of the action In Armageddon s Shadow highlights Maritime support for the beleaguered Confederacy and the grave implications this had on race relations in Canada Marquis details the involvement of

maritimers in running blockades and recounts the experiences of some of the thousands of men from Nova Scotia New Brunswick and Prince Edward Island who served in America's bloodiest conflict Book jacket

Imperial History and the Global Politics of Exclusion Amanda Behm, 2017-10-24 Examining the rise of the field of imperial history in Britain and wider webs of advocacy this book demonstrates how intellectuals and politicians promoted settler colonialism excluded the subject empire and laid a precarious framework for decolonization History was politics in late nineteenth century Britain But the means by which influential thinkers sought to steer democracy and state development also consigned vast populations to the margins of imperial debate and policy From the 1880s onward politicians intellectuals and journalists erected a school of thought based on exclusion and deferral that segregated past and future backwardness and civilization validating racial discrimination in empire all while disavowing racism These efforts however engendered powerful anticolonial backlash and cast a long shadow over the closing decades of imperial rule Bringing to life the forgotten struggles which have in effect defined our times *Imperial History and the Global Politics of Exclusion* is an important reinterpretation of the intellectual history of the British Empire

The Silent War Frank Furedi, 1998 Racial identity is one of the defining characteristics of the 20th century In this study Frank Furedi traces the history of Western colonial racist ideology and its role in the subjugation of the peoples of the non West His central theme is the changing perception of racism in the West and how the use of race has altered during the course of the 20th century Focusing on World War II as the crucial turning point in racist ideology Furedi argues that the defeat of Nazism left the West uneasy with its own racist past He assesses how this was redefined in the postwar period especially during the Cold War and demonstrates that although white supremacist views became obsolete in international affairs Western nations sought to portray racism as a natural part of the human condition As a result the West continued to adopt the moral high ground well into the postwar period to the ultimate detriment of the nations of the non West

The Revelation of Jesus Christ Alex (Lazaro) Figueroa, 2020-09-29 This book *The Revelation of Jesus Christ* has been written on each chapter of the book of Revelation Each chapter is written in plain English giving the reader understanding of the symbols in the chapter and the book of Revelation Each symbol in the book of Revelation can be found throughout the Scriptures thus giving us the meaning and understanding of each one If the wrong meaning or understanding of each symbol is given then the entire book of Revelation is misunderstood Within the pages of this book we find the battles and victories of God's church down through the ages of time Therefore we can see God's people and the spiritual battles that were won by conquering the enemy of their time These same battles are taking place in many places today but we will be able to understand that God has a people and has always had a people who will stand for truth and right The book of Revelation is a misunderstood book and one often feared by many But read with understanding it can be a blessing to God's people everywhere This book *Revelation of Jesus Christ* was originally written and printed in Spanish Because of the large demand it has been translated into English
