Cracking Open the Author's Craft (Revised) Lester Laminack, 2016-07-29 15 ready to use mini lessons introduce students to techniques and literary elements they can use to craft their own writing On the companion website the author explains how writers work with both audible and visual craft The Author's Craft Arnold Bennett, 2004-12 The Authors Craft By Arnold Bennett It will be well for us not to assume an attitude of condescension towards the crowd Because in the matter of looking without seeing we are all about equal We all go to and fro in a state of the observing faculties which somewhat resembles coma We are all content to look and not see We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience **The Author's Craft** Arnold Bennett, 1914 Excerpt a legion admire for a fortnight or a year They hate an uncompromising struggle for the truth They positively like the artist to fall to temptation If he falls they exclaim How sweet The latter are capable of savouring the fine unpleasantness of the struggle for truth And when they whisper in their hearts That is not true to life they are ashamed for the artist They are few very few but a vigorous clan It is they who confer immortality pg 67 PART III WRITING PLAYS pg 68 pg 69 I There is an idea abroad assiduously fostered as a rule by critics who happen to have written neither novels nor plays that it is more difficult to write a play than a novel I do not think so I have written or collaborated in about twenty novels and about twenty plays and I am convinced that it is easier to write a play than a novel Personally I would sooner write two plays than one novel less expenditure of nervous force and mere brains would be required for two plays than for one novel I emphasise the word write because if the whole weariness between the first conception and the first performance of a play is compared with the whole weariness between the first conception and the first publication of a novel then the play has it I would sooner get seventy and seven novels produced than one play But my pg 70 immediate object is to compare only writing with writing It seems to me that the sole persons entitled to judge of the comparative difficulty of writing plays and writing novels are those authors who have succeeded or failed equally well in both departments And in this limited band I imagine that the differences of opinion on the point could not be marked I would like to note in passing for the support of my proposition that whereas established novelists not infrequently venture into the theatre with audacity established dramatists are very cautious indeed about quitting the theatre An established dramatist usually takes good care **The Author's Craft**
