Leguía mark a formative period of Peruvian modernity witnessing the continuity of a process of reconstruction and the development of an intellectual and cultural tradition after a humbling defeat during the War of the Pacific 1879-1883 But these years were also fraught with conflict generated by long standing divisions and new rivalries A postwar generation of intellectuals and artists led by José Carlos Mariátegui and galvanized by left wing thinking and an avant garde aesthetic sought representation in the fields of politics and the arts to realize the modernizing potentialities opened up by a Positivist oligarchy New political and artistic conceptions raised their awareness of the fractured sense of nationhood in Peru and the need for a new project of nation formation based on a common political and cultural consciousness Crucially this gave rise to divergent political and artistic positions and practices Mariátegui's Indigenist Marxist politics and Modernist inspired poetics through his influential journal *Amauta* were pivotal in revitalizing conciliating and channeling those of his cohorts and challengers Comprising six full length chapters a comprehensive introduction and conclusion this monograph is ambitious in scope and depth It provides fresh readings of key writings of Mariátegui one of Latin America's most important and revolutionary political cultural and aesthetic theorists through the lens of his poetics emphasizing the value of this approach for a fuller understanding of his work's political meaning and impact It does so through detailed analysis of the poetic expressive language employed in seminal political essays aimed at forging a new Marxist position in 1920s Peru Furthermore it offers powerful and original critiques of understudied intellectuals of this time especially Apristas Futurists Socialists and Indigenists including female writers and artists such as Magda Portal, Angela Ramos and Julia Codesido whose work he championed These readings are fully contextualized in terms of detailed critical study of complex sociopolitical conditions and positions and biographical intellectual backgrounds of Mariátegui and his contemporaries This monograph underscores the fundamental importance of Mariátegui in the development of political and artistic practices and projects that shaped a national shared yet also heterogeneous political culture and cultural tradition in Peru during and after his lifetime

Transpersonal Ecosophy, Vol. 1: Theory, Methods and Clinical Assessments Mark A. Schroll, 2016-01-24 The image on the cover of this book represents the idea that brain state alterations at sacred sites allow us to re-experience memories that are woven into the morphogenetic fields of that place an idea that originates with Paul Devereux's empirical enquiry into dreams at sacred sites in Wales and England This book examines how this investigation provides us with a new way of understanding consciousness and a new direction toward a reconciliation of the divorce between matter and spirit We explore the work of David Lukoff and Stanislav and Christina Grof the connections between the varieties of transformative experience in dream studies ecopsychology

transpersonal psychology and the anthropology of consciousness as well as the overlap between David Bohm's interpretation of quantum theory and Rupert Sheldrake's hypothesis of formative causation Living on the Edge Elizabeth Wilde McCormick, 2002-01-30 This is a complex book. It offers clarification and a sense of reassurance but does not intend to provide answers and is not for those seeking concrete direction. This will be a powerful read for many in a place of loss, chaos or existential angst. Alison Cooper Psychotherapy and Counselling Drawing on sources as diverse as medical and psychological theory, anthropology, religious and spiritual tradition, art and poetry, experienced psychotherapist Elizabeth Wilde McCormick explores the different elements of the edge, the images, dangers, safe places and offers a unique handbook which charts that often lonely and alien territory **Genesis: Your Journey Home, 2Nd Edition** Terry L. Newbegin, 2011-04-21 Genesis: Your Journey Home is a groundbreaking book that goes far beyond the usual levels of biblical interpretations and the ideas taught by religion that are difficult to understand. It bypasses word definition, root studies, historical explanations and the ideas taught by religion that are difficult to understand but are important. This book examines the first twenty-five chapters verse by verse, exploring and revealing the deeper metaphysical beyond the literal meaning of the text. Most people know that there are multiple levels of truth contained within the Bible, but until now none have brought forth the ultimate Truth hidden within the mundane, semi-historical writings. Rather than creating new doctrines, this book gently peels back ALL levels of dogmatic views to reveal the true core essence of God, humanity and the nature of reality. Deep within the ancient biblical text is found the true story, record of creation, the reason for our very existence and the history of All That IS. This book is for those that are searching for authenticity, purpose and a sense that truth lies somewhere beyond religious teachings but who are reluctant to discard the inherent value of scripture. This book brings comfort, personal empowerment, a new understanding of God and fosters a renewed sense of responsibility for life. It is a book whose time has come at last as it brings humanity to a deeper understanding of God and a realization of their ultimate purpose.
