The Baffler Magazine 16:

The Baffler Magazine #16 Tom Frank, Diamonds Mulcahey, 2003-03 Down with the regional pundits We all know how much Rush Limbaugh Gordon Liddy Bill O Reilly and Ann Coulter suck but few have considered how much more their local equivalents suck The Bafflers have however and they launch a full frontal assault on the small time grippers professional cynics and well paid bitter men of Omaha Indianapolis Denver St Louis and Kansas City What If This Were Enough? Heather Havrilesky, 2019-10-08 A Publishers Weekly Best Book of 2018 A Bustle Best Nonfiction Book of 2018 One of Chicago Tribune s Favorite Books by Women in 2018 A Self Best Book of 2018 to Buy for the Bookworm in Your Life By the acclaimed critic memoirist and advice columnist behind the popular Ask Polly an impassioned collection tackling our obsession with self improvement and urging readers to embrace the imperfections of the everyday Heather Havrilesky s writing has been called whip smart and profanely funny Entertainment Weekly and required reading for all humans Celeste Ng In her work for New York The Baffler The New York Times Magazine and The Atlantic as well as in Ask Polly her advice column for The Cut she dispenses a singular cutting wisdom an ability to inspire provoke and put a name to our most insidious cultural delusions What If This Were Enough is a mantra and a clarion call In its chapters many of them original to the book others expanded from their initial publication Havrilesky takes on those cultural forces that shape us We ve convinced ourselves she says that salvation can be delivered only in the form of new products new technologies new lifestyles From the allure of materialism to our misunderstandings of romance and success Havrilesky deconstructs some of the most poisonous and misleading messages we ingest today all the while suggesting new ways to navigate our increasingly bewildering world Through her incisive and witty inquiries Havrilesky urges us to reject the pursuit of a shiny shallow future that will never come These timely provocative and often hilarious essays suggest an embrace of the flawed a connection with what already is who we already are what we already have She asks us to consider What if this were enough Our salvation Havrilesky says can be found right here right now in this imperfect moment **Ethnicity, Inc.** John L. Comaroff, Jean Comaroff, 2009-09-15 In Ethnicity Inc anthropologists John L. and Jean Comaroff analyze a new moment in the history of human identity its rampant commodification Through a wide ranging exploration of the changing relationship between culture and the market they address a pressing question Wherein lies the future of ethnicity Their account begins in South Africa with the incorporation of an ethno business in venture capital by a group of traditional African chiefs But their horizons are global Native American casinos Scotland s efforts to brand itself a Zulu ethno theme park named Shakaland a world religion declared to be intellectual property a chieftdom made into a global business by means of its platinum holdings San Bushmen with patent rights potentially worth millions of dollars nations acting as commercial enterprises and the rapid growth of marketing firms that target specific ethnic populations are just some of the diverse examples that fall under the Comaroffs incisive scrutiny These phenomena range from the disturbing through the intriguing to the absurd Through them

the Comaroffs trace the contradictory effects of neoliberalism as it transforms identities and social being across the globe

Ethnicity Inc is a penetrating account of the ways in which ethnic populations are remaking themselves in the image of the corporation while corporations coopt ethnic practices to open up new markets and regimes of consumption Intellectually rigorous but leavened with wit this is a powerful highly original portrayal of a new world being born in a tectonic collision of culture capitalism and identity **The University of Chicago Magazine** ,2003 *Slam Dunks and No-Brainers* Leslie Savan,2006-10-10 In this marvelously original book three time Pulitzer Prize finalist Leslie Savan offers fascinating insights into why we re all talking the talk Duh Bring it on Bling Whatever and what this reveals about America today Savan traces the paths that phrases like these travel from obscure slang to pop stardom selling everything from cars ads for VWs Mitsubishi's and Mercurys all pitch them as no brainer s to wars finding WMD in Iraq was to be a slam dunk Real people create these catchy phrases but once media politics and businesses broadcast them they burst out of our mouths as celebrity words newly glamorous and powerful Witty fun and full of thought provoking stories about the origins of popular expressions Slam Dunks and No Brainers is for everyone who loves the mysteries of language **Official Gazette of the United States Patent and Trademark Office** ,2000 *The Utne Reader* ,1995 **This Connection of Everyone with Lungs** Juliana Spahr,2005-04-01 Part planetary love poem part 24 7 news flash the hypnotic poems of This Connection of Everyone with Lungs wrap with equal angular grace around lovers and battleships These poems hear the tracer fire in a bird s song and capture cell division and troop deployments in the same expansive thought They move through concentric levels of association and embrace from the space between the hands to the mesosphere and back again touching everything in between The book s focus shifts between local and global public and private individual and social Everything gets in through all five senses through windows between your sheets under your skin *Handbook on the Geographies of Creativity* Anjeline de Dios,Lily Kong,2020-09-25 How can the where of creativity help us examine how and why it has become a paradigmatic concept in contemporary economies and societies Adopting a geographically diverse theoretically rigorous approach the Handbook offers a cutting edge study of creativity as it has emerged in policy academic activist and cultural discourse over the last two decades To this end the volume departs from conventional modes of analyzing creativity by industry region or sector and instead identifies key themes that thread through shifting contexts of the creative in the arts media technology education governance and development By tracing the myriad spatialities of creativity the chapters map its inherently paradoxical features reinforcing persistent conditions of inequality even as it opens avenues for imagining and enacting more equitable futures **Magazine of Magic** ,1916
