*Research in Education*, 1974 *Rethinking Power in Organizations, Institutions, and Markets* Damon Golsorkhi, David Courpasson, Jeffrey Sallaz, 2012-03-29 Organizations are central actors of modern society No understanding of our world is complete without a theory of how they work Successful organizations must engage in power projects Such is the overarching argument of this volume a collection of papers by many of the world s leading social scientists and organizational scholars

**Armed Political Organizations** Benedetta Berti, 2013-08 Many armed political movements such as Hezbollah Hamas and the Irish Republican Army IRA have their roots in insurrection and rebellion The author seeks to understand when and why violent actors in a political organization choose to vote rather than bomb their way to legitimacy *The Oxford Handbook of Historical Institutionalism* Orfeo Fioretos, Tulia G. Falleti, Adam Sheingate, 2016-03-17 The Oxford Handbook of Historical Institutionalism offers an authoritative and accessible state of the art analysis of the historical institutionalism research tradition in Political Science Devoted to the study of how temporal processes and events influence the origin and transformation of institutions that govern political and economic relations historical institutionalism has grown considerably in the last two decades With its attention to past present and potential future contributions to the research tradition the volume represents an essential reference point for those interested in historical institutionalism Written in accessible style by

leading scholars thirty eight chapters detail the contributions of historical institutionalism to an expanding array of topics in the study of comparative American European and international politics

**The Oxford Handbook of Political Leadership**  
R. A. W. Rhodes, Paul 't Hart, 2014-05-29 Political leadership has made a comeback It was studied intensively not only by political scientists but also by political sociologists and psychologists Sovietologists political anthropologists and by scholars in comparative and development studies from the 1940s to the 1970s Thereafter the field lost its way with the rise of structuralism neo institutionalism and rational choice approaches to the study of politics government and governance Recently however students of politics have returned to studying the role of individual leaders and the exercise of leadership to explain political outcomes The list of topics is nigh endless elections conflict management public policy government popularity development governance networks and regional integration In the media age leaders are presented and stage managed spun DDLa as the solution to almost every social problem Through the mass media and the Internet citizens and professional observers follow the rise impact and fall of senior political officeholders at closer quarters than ever before This Handbook encapsulates the resurgence by asking where are we today It orders the multidisciplinary field by identifying the distinct and distinctive contributions of the disciplines It meets the urgent need to take stock It brings together scholars from around the world encouraging a comparative perspective to provide a comprehensive coverage of all the major disciplines methods and regions It showcases both the normative and empirical traditions in political leadership studies and juxtaposes behavioural institutional and interpretive approaches It covers formal office based as well as informal emergent political leadership and in both democratic and undemocratic polities

**How Armies Respond to Revolutions and Why** Zoltan Barany, 2020-03-31 An exploration of military responses to revolutions and how to predict such reactions in the future We know that a revolution's success largely depends on the army's response to it But can we predict the military's reaction to an uprising How Armies Respond to Revolutions and Why argues that it is possible to make a highly educated guess and in some cases even a confident prediction about the generals response to a domestic revolt if we know enough about the army the state it is supposed to serve the society in which it exists and the external environment that affects its actions Through concise case studies of modern uprisings in Iran China Eastern Europe Burma and the Arab world Zoltan Barany looks at the reasons for and the logic behind the variety of choices soldiers ultimately make Barany offers tools in the form of questions to be asked and answered that enable analysts to provide the most informed assessment possible regarding an army's likely response to a revolution and ultimately the probable fate of the revolution itself He examines such factors as the military's internal cohesion the regime's treatment of its armed forces and the size composition and nature of the demonstrations How Armies Respond to Revolutions and Why explains how generals decide to support or suppress domestic uprisings
