The Supernatural and Fantastic in Short Detective

Fiction Laird R. Blackwell, 2020-10-30 Although fantasy and supernatural literature have long and celebrated histories many critics contend that the fantastic and the supernatural have no place in the logical rational world of the detective story This book is the first extensive study of the fantastic in detective fiction and it explores the highly debated question of whether detective fiction and the fantastic can comfortably coexist The locked room mystery which often uses the fantastic as a red herring to eventually be debunked by reason and logic has long been among the most popular subgenres of detective fiction This book also explores stories featuring almost supernaturally gifted detectives stories where the supernatural is truly encountered and stories with ambiguous endings Close to 500 detective stories from 1841 to 2000 in which the fantastic or supernatural plays a central role are discussed and analyzed Although not all the stories are judged to be successful as detective tales in the great majority the fantastic enlivens the tale and deepens the mystery without weakening the detective elements American Book Publishing Record ,2003 *The Publishers Weekly* ,2003 Murder Edward Marston, 2005 Indo the Samaritan finds a severed head in a barrel of fish A stammerer tries to save the life of the Emperor Charlemagne William the conqueror stares death in the face Gerald of Wales solves a crime with the help of a shoulder blade of ram
