Englishes in a Globalized World: Exploring Contact Effects on Other Languages Alexander Onysko, Peter Siemund, 2022-11-03 [A History of Ottoman Poetry](#) Elias John Wilkinson Gibb, 1900 Elias John Wilkinson Gibb 1857 1901 was a Scottish Orientalist who was born and educated in Glasgow After studying Arabic and Persian he developed an interest in Turkish language and literature especially poetry and in 1882 he published Ottoman Poems Translated into English Verse in the Original Forms This was a forerunner to the six volume classic presented here A History of Ottoman Poetry published in London between 1900 and 1909 Gibb died in London of scarlet fever at the age of 44 and only the first volume of his masterpiece appeared before his death His family entrusted to his friend Edward Granville Browne 1862 1926 a distinguished Orientalist in his own right who had made a special study of Babism the task of posthumously publishing the five remaining volumes Browne characterized the work as one of the most important if not the most important critical studies of any Muhammadan literature produced in Europe during the last half century The first volume contains a long and compelling introduction by Gibb on the entire subject in which he argues that Ottoman poetry often rose and fell in tandem with Ottoman power Gibb divides Ottoman poetry into two great schools the Old or Asiatic circa 1300 1859 which generally was characterized by its deference to Persian influences and the New or European from 1859 onward which was influenced by French and other Western poetry According to Gibb the Old or Asiatic School went through a four periods a formative period 1300 1450 a period 1450 1600 in which works were modeled after the Persian poet Jami a period 1600 1700 dominated by the influences of Persian poets Urfi Shirazi and Sa ib Tabrizi and a period of uncertainty that lasted until 1859 The European school that followed was inaugurated by Ibrahim Sinasi 1826 71 who in 1859 produced a small but momentous collection of French poetry translated

into Turkish verse The influence of the collection was far reaching and eventually changed the course of Ottoman poetry Gibb is known for his masterful translations that brilliantly render into English both the meaning and the form of Ottoman Persian and Arabic poetry For almost a century after his death a family trust financed the Gibb Memorial Series of editions and translations into English of Arabic Persian and Turkish texts Shakespeare's Lyricized Drama Aleksandūr Shurbanov,2010 This book explores Shakespeare s poetic drama as a blend of the dramatic and the lyrical Through a series of minute textual analyses it traces the gradual integration of the two modes from Love s Labour s Lost to Hamlet and the other mature tragedies How this combination is effected in its details is a question that can help us understand better the specificity of Shakespeare s innovative work for the theater and the power of its impact **A Beginning Singer's Guide** Richard Davis,1998-09-10 A Beginning Singer s Guide is a vocal pedagogy with four practical uses First it can be used as a collateral text for studio voice lessons The teacher can conserve time by assigning relevant reading in the book instead of making lengthy expositions during the lesson Second it can be used as a primary text for undergraduate vocal pedagogy classes Many schools offer a vocal pedagogy class whose enrollment includes singers and future choral conductors A special chapter for the future choral conductor containing methods and other aids should meet the need for an all in one text for this class Third it can be used as a practical guide for new voice teachers A special chapter containing methods for new voice teachers and studio administration will be very useful to the new teacher of voice Fourth the book explores subjects not usually covered in music pedagogy books such as notes on working with a pianist improving memory common acting terms subtexting and methods for alleviating performance anxiety These important yet often disregarded areas further complement a singer s talent and skill The author does not espouse any particular method of singing instead he applies a universal scientific approach with the firm belief that singing can be enhanced through further musical knowledge The sequence of the book follows the natural sequence of learning to sing The book is rounded out with line art of the vocal mechanism musical examples tables outlining the musculature of singing practical forms information for the beginning teacher and a bibliography **Publications of the Modern Language Association of America** Modern Language Association of America,1910 Vols for 1921 1969 include annual bibliography called 1921 1955 American bibliography 1956 1963 Annual bibliography 1964 1968 MLA international bibliography
