The Directory for Confessors, 1585 ,2018-03-15 In the late sixteenth century after the Council of Trent and the Catholic Reformation the confessional became a key means to improve morals and religious life and for the Catholic clergy of New Spain a new avenue through which they might reach the consciences of Spaniards and improve their treatment of indigenous peoples To this end the bishops of the province of Mexico drafted a directorio in 1585 to guide the priesthood in fulfilling its duty according to current ecclesiastical ideals and social realities That document published here in English for the first time offers an unrivaled view of the religious social and economic history of colonial Mexico Though never widely circulated the Directorio para confesores Directory for Confessors contains an encyclopedic description of life in Mexico three generations after the European invasion In addition to summarizing sixteenth century Spanish concerns in the provinces the Directory offers insight into the Catholic Church's moral judgments on many aspects of colonial life Translated by distinguished scholar Stafford Poole the document embodies a remarkable knowledge of scripture and law and reflects the concerns of the Spanish crown and what was happening in New Spain The Directory instructs its clergy audience in the proper methods to combat superstition among the Spaniards helps them navigate the variety of business contracts used in Creole society at the time and details the obligations of those in various social stations from viceroys to tavern keepers It also condemns the forced labor of native people under the repartimiento system especially in the mines Rendered in clear prose and illuminated with helpful introductory chapters by Poole and John F Schwaller extensive annotations and a glossary of terms this volume offers unparalleled insights into life and thought in sixteenth century New Spain

The Confessor Daniel Silva,2004 A complex thriller of ancient and modern betrayal from the author of *The English Assassin*

Guide for Confessors Alphonsus Liguori,2017-09-22 This rich classic passed out of common usage years ago but here we find it restored for the first time to the benefit of the English reader St Alphonsus transformed the landscape of the experience of this Reconciliation and our confessional experience would be unthinkable

without his saintly intellectual and pastoral prowess While the cultural and historical context is amazingly fascinating it necessitates peeling back those layers to see the glimmering treasure within For that reason this edition provides an introductory essay that steps lightly to take note of these difference for a fruitful reception of the saint s genius May all readers benefit for the greater glory of God **Light from the altar; or, The true Catholic in the church of Christ**

James Joseph McGovern,1906 **The Cult of the Mother of God in Byzantium** Leslie Brubaker,Mary B.

Cunningham,2016-12-05 This volume on the cult of the Theotokos Virgin Mary in Byzantium focuses on textual and historical aspects of the subject thus complementing previous work which has centred more on the cult of images of the Mother of God The papers presented here by an international team of scholars consider the development and transformation of the cult from approximately the fourth through the twelfth centuries The volume opens with discussion of the origins of the cult and its Near Eastern manifestations including the archaeological site of the Kathisma church in Palestine which represents the earliest Marian shrine in the Holy Land and Syriac poetic treatment of the Virgin The principal focus however is on the 8th and 9th centuries in Byzantium as a critical period when Christian attitudes toward the Virgin and her veneration were transformed The book re examines the relationship between icons relics and the Virgin asking whether increasing devotion to these holy objects or figures was related in any way Some contributions consider the location of relics and later icons in Constantinople and other centres of Marian devotion others explore gender issues such as the significance of the Virgin s feminine qualities and whether women and men identified with her equally as a holy figure The aim of this volume is to build on recent work on the cult of the Virgin Mary in Byzantium and to explore areas that have not yet been studied The rationale is critical and historical using literary artistic and archaeological sources to evaluate her role in the development of the Byzantine understanding of the ways in which God interacts with creation by means of icons relics and the Theotokos

The Philokalia Brock Bingaman,Bradley Nassif,2012-08-23 The Philokalia literally love of the beautiful is after the Bible the most influential source of spiritual tradition within the Orthodox Church First published in Greek in 1782 by St Nicodemos of the Holy Mountain and St Macarios of Corinth the Philokalia includes works by thirty six influential Orthodox authors such as Maximus the Confessor Peter of Madascus Symeon the New Theologian and Gregory Palamas Surprisingly this important collection of theological and spiritual writings has received little scholarly attention With the growing interest in Orthodox theology the need for a substantive resource for Philokalic studies has become increasingly evident The purpose of the present volume is to remedy that lack by providing an ecumenical collection of scholarly essays on the Philokalia that will introduce readers to its background motifs authors and relevance for contemporary life and thought **The Manual of the Holy Catholic Church** James Joseph McGovern,1906 **Ever-Moving Repose** Sotiris Mitralaxis,2017-04-14 Sotiris Mitralaxis offers a contemporary look at Maximus the Confessor s 580 662 CE understanding of temporality logoi and deification through the perspective of contemporary philosopher and theologian Christos Yannaras as well as John Zizioulas

and Nicholas Loudovikos Mitralaxis argues that Maximus possesses both a unique theological ontology and a unique threefold theory of temporality time the Aeon and the radical transformation of temporality and motion in an ever moving repose With these three distinct modes of temporality a Maximian theory of time can be reconstructed which can be approached via his teaching on the logoi and deification In this theory time is not merely measuring ontological motion but is more particularly measuring a relationship the consummation of which effects the transformation of time into a dimensionless present devoid of temporal spatial and generally ontological distance thereby manifesting a perfect communion in otherness In examining Maximian temporality the book is not focusing on only one aspect of Maximus comprehensive Weltanschauung but looks at the Maximian vision as a whole through the lens of temporality and motion

Glory of the Confessors Gregorius, 1988 Gregory was bishop of Tours from 573 To most modern readers he is best known for his *History of the Franks* a narrative of Gaul in the sixth century But during his episcopacy Gregory of Tours also composed eight books of stories about saints their cults and their miracles This volume is the first translation into English of one of those books the *Glory of the Confessors* which contains a series of anecdotes about the lives and cults of Christians who witnessed to their faith through their exemplary lives These anecdotes provide important historical evidence first for the ways bishops and their congregations manipulated traditions about the development of the early church and second for the

contemporary functions and meanings of the cults of saints during the sixth century The spontaneity and literary modesty of many of the anecdotes make them especially valuable for modern historians intent upon understanding the early Frankish church
