The Conscious Heart 7 Soulchoices That Create Your Relationship Destiny:

The Conscious Heart Gay Hendricks, Kathlyn Hendricks, 2009-12-30 Kathlyn and Gay Hendricks are two of today's foremost relationship experts. Their bestselling book *Conscious Loving* has already become essential reading for tens of thousands of couples. Now in *The Conscious Heart* they identify the seven commitments that can transform from the inside out. These seven simple but powerful choices enable couples to: Use conflict to create greater understanding; Overcome the fears and defenses that block intimacy; Resolve struggles for control; Increase generosity and appreciation; Deepen passion, commitment, and aliveness; Release the creativity of each partner. Filled with numerous true life stories including how the authors survived and grew from their own midlife marital crisis, *The Conscious Heart* is an inspiring and instructive affirmation of the ultimate power of love.

The Relationship Skills Workbook Julia Colwell, Ph.D., 2014-10-01 Course objectives: Recognize relationship as an emotional healer; identify triggers, move through them, and come back into ease and aliveness; Discover how intimacy in relationship requires curiosity, wonder, and the ability to find the truth of one's experience deep in one's body; Discuss how to speak the unarguable truth utilizing the eight-step moving emotions process, moving from stuckness into emotional flow; Define three toxic habits within relationships and their antidotes, transforming our own behavior as well as those around us through positive attention; Summarize how to move out of power struggles within relationships and into agreements which allow everyone to get everything they want; Discuss how to live within the relationship you really want, moving between contraction and expansiveness, welcoming appreciations, creativity, play, aliveness, as well as love for self and other; Utilize checklists, tools, and journaling exercises as a way to engage, reflect, and explore relationship skills and self-growth; What are the ingredients of a successful and enduring relationship? Love, passion, and commitment are all vital, yet without certain basic skills, even the most devoted partners can find themselves descending into arguments, power struggles, and disillusionment. With *The Relationship Skills Workbook*, Dr. Julia Colwell presents a practical guide for building a conscious partnership based on cooperation and trust, offering relationship-saving techniques and on-the-spot conflict resolution tools for disarming the explosive clashes that most commonly break couples apart. In this friendly and easy-to-use resource, Dr. Colwell teaches you essential tools for crisis and conflict, first aid communication strategies, and emotional mastery techniques to stop arguing and start connecting. Getting unstuck from power struggles: how to shift from deadlock to mutual responsibility and support; Ending the blame game, letting go of accusation and resentment to create win-win agreements; Supporting each other's growth and success; how to retain your personal autonomy while fully committing to your partner's happiness; Moving from reactivity to creative solutions; techniques to keep your brain's flight or fight instinct from undermining your heart's desires; Sustaining love, passion, and romance: how you can choose to create a magnificent relationship together. Relationships, while seemingly complicated, don't have to be so mysterious. Dr. Colwell says: "What I've learned from my decades of personal and professional experiences is that a few elegantly simple concepts and

skills can help any couple through the most difficult spots and help us transform conflict into intimacy passion and ever deepening love Intimate Couple Jon Carlson, Len Sperry, 2013-06-17 As important as intimacy is in our personal and professional lives intimacy as a theoretical and clinical factor still remains a phenomenon Contributors to this work examine the many definitions of intimacy putting forth a provocative discussion of the multi faceted topic and offering the best possible clinical methods of creating intimacy and addressing its challenges Who's Crazy Anyway Joan Mazza, 2000-05 WHO S CRAZY ANYWAY Therapist Joan Mazza lets you decide This extremely useful guide to therapy grew out of Joan Mazza s experience as both a patient in therapy as well as years as a practicing therapist Using what she learned she has written a practical easy to read book designed to help readers make informed wise decisions when seeking the help they need The book is written in user friendly sound bites Each topic covered has a brief explanation and in some cases examples As new concepts and techniques in the mental health field are being developed by pioneering and innovative therapists all the time it is impossible to list all the therapy models and techniques available today Still Joan Mazza covers the main schools of thought and practice as well as many non traditional methods An extensive bibliography recommends other books for study in those areas where readers may wish to seek further more extensive coverage When practiced responsibly ethically and with caution psychotherapy has a lot to offer people in distress This book encourages readers to think critically about their problems and how they can be resolved It suggests the types of help to pursue and urges patients to be good consumers willing to evaluate services received as they proceed Who s Crazy Anyway suggests questions for readers to ask themselves and their therapist Joan Mazza contends that you know what s best for you and this book is a good place to begin
