

The Conservation Easement Handbook

Managing Land Conservation with Historic Preservation and Environmental Protection

Conservation easements are a powerful tool for protecting the nation's natural resources. This handbook provides a comprehensive guide to the theory and practice of conservation easements, including the legal, financial, and administrative aspects of their creation and management. The book is written for a wide audience, including landowners, conservation organizations, and government officials. It includes a detailed glossary of terms and a list of resources for further information.
