The Contagious Congregation Frontiers In Evangelism And Church Growth:

The Contagious Congregation George G. Hunter,1979 Church Growth and the Whole Gospel C. Peter Wagner,1998-12-15 Has the church growth movement failed to stress the social dimensions of the Christian faith Dr Peter Wagner a leading exponent of church growth argues that Christians can evangelize and churches can grow strongly while at the same time participating in the global struggle on behalf of the poor and oppressed for justice and peace for brotherhood and liberation and for the alleviation of human suffering **Church Growth in African Diaspora Communities** Paul Araoluwa Ayokunle,2025-03-31 As the centre of Christianity shifts towards Africa African migrants have become a significant source of Christian witness in the West and African diaspora congregations in the UK are springing up and multiplying In this ethnographically informed study Dr Paul Araoluwa Ayokunle explores the factors impacting the growth of three such African diaspora churches in Liverpool England His research identifies the challenges posed by hierarchical leadership styles and an unfamiliar and potentially hostile cultural context as well as the essential nature of ecclesiology one s theological understanding of the church and its calling in answering these challenges Ultimately he proposes a Yoruba based ecclesiology alongside an adaptive leadership model as a way forward for the African church to continue growing in its mission to be a light to the nations including to the once Christian West This book offers a powerful exploration of the richness of grassroots ecclesiology and the role of migration and contextualization in the spread of Christ s kingdom to all peoples and places The Book of Church Growth Thom S. Rainer,1998-09-01 The Church Growth Movement has divided devout Christians Even though Rainer is an advocate his aim here is to present an objective view of the movement its history the theology associated with it and the principles which seem to separate churches that grow from those that don t **The Contagious Congregation** George G. Hunter,1979 A History of Contemporary Praise & Worship Lester Ruth,Lim Swee Hong,2021-12-07 Christianity Today 2023 Book Award Finalist History Biography New forms of worship have transformed the face of the American church over the past fifty years Drawing on a wide range of primary sources including interviews with dozens of important stakeholders and key players this volume by two worship experts offers the first comprehensive history of Contemporary Praise Worship The authors provide insight into where this phenomenon began and how it reshaped the Protestant church They also emphasize the span of denominational regional and ethnic expressions of contemporary worship **Inside the Organic Church** Bob Whitesel,2006 An inside look at twelve emerging churches *Effective Evangelistic Churches* Thom S. Rainer,1996-07-15 Based on a study of 576 churches that are above average in church growth Rainer presents a process in which church growth begins with winning people to Christ *A Missiology of the Road* J Kevin Livingston,2014-09-25 David Bosch 1929 1992 was one of the foremost mission theologians of the twentieth century a prolific scholar committed church leader and active participant in the global conciliar and evangelical mission movements His distinctive role in the South African church s struggle against apartheid is less well known however After reviewing

Bosch's background and exploring key themes in his understanding of mission and evangelism Livingston explores Bosch's legacy from the perspective of the missionary nature of the church The church is God's kingdom community acting as a witness to and instrument of the coming reign of God The church is God's alternative community simultaneously set apart from the world but also existing for the sake of the world exemplifying the radical implications of Christ's new community It is also God's reconciled and reconciling community serving as a sign and embodiment of God's love in Christ For those acquainted with Bosch only as the author of his magisterial *Transforming Mission A Missiology of the Road* shows how Bosch integrated his theology and practice in a faithful contextually relevant way within South Africa and the global church

The Rise of Protestantism in Modern Korea Andrew Eungi Kim, 2022-11-09 Combining sociological historical and comparative approaches this book examines one of the most striking aspects of South Korea specifically the emergence of Protestant Christianity as the largest contemporary religion in the country What is extraordinary about the religion's success is that its growth has been achieved in 130 years since 1884 and that it took place in a country with a rich oriental tradition replete with shamanism Taoism Buddhism and Confucianism The text critically demonstrates the socio anthropological perspective of the Korean Peninsula making it a great resource for scholars and students of sociology contemporary culture history religion colonialism and geopolitics
