The Context of Contemporary Theology Alexander J. McKelway, David Willis-Watkins, 1974 Science and theology Morgan B Theology in the context of the social sciences Reist B A Beyond ideological theology Loder J The fashioning of power a Christian perspective on the life style phenomenon The future of theology Lochman J M Toward a theology of Christological concentration Herzog F Reorientation in theology listening to Black theology Bethge E Love without limits a sermon Mathewson R C A Paul Lehmann bibliography p 253 267 Explorations in Christian Theology and Ethics Michelle J. Bartel, 2016-04-22 Engaging variously with the legacy of Paul L Lehmann these essays argue for a reorientation in Christian theology that better honours the formative power of the gospel to animate and shape doctrine and witness as well as ethical and political life The authors explore key themes in Christian theology and ethics forgiveness discernment responsibility spirituality the present day tasks of theology and the role of faith in public life making plain the unabated importance of Lehmann s work at this juncture in contemporary theology The internationally recognized contributors draw crucial connections between the gospel of reconciliation the form of Christian theology and witness and the challenges of contemporary ethical and political reflection This book demonstrates why this close friend of Dietrich Bonhoeffer and author of *Ethics in a Christian Context* and *The Transfiguration of Politics* continues to influence generations of theologians in both the English speaking world and beyond

The Identity and the Life of the Church Yosep Kim, 2014-07-09 This study of John Calvin s ecclesiology argues that Calvin s idea of the twofold identity of the Church its spiritual identity as the body of Christ and its functional identity as the mother of all believers is closely related to his understanding of Christian identity and life which are initiated and maintained by the grace of the triune God The anthropological basis of Calvin s idea of the Church has not been examined fully even though Calvin presents the important concepts of his ecclesiology in light of his anthropological ideas This study offers an overall evaluation for Calvin s ecclesiology arguing that it is ultimately his pastoral concern for the Christian and the Church under affliction that both governs his theological understanding of the Church and shapes his proposals for establishing and sustaining the life of the Church in the world

Spirit of the Last Days Peter Althouse, 2003-10-01 Early Pentecostals proclaimed the restoration of the charismatic gifts as a sign of the imminent coming of Christ This eschatology was later marginalized by the rise of fundamentalist dispensationalism Today Pentecostal eschatology is being revised to include a more transformative view of the kingdom This boook proposes a further revision of Pentecostal eschatology created to recover prophetic elements of early Pentecostalism that invite a responsible social engagement in the world and to overcome fundamentalist assumptions which have crept into Pentecostal theology in its middle years To this end the eschatological thought of selected Pentecostal theologians is placed in dialogue with Jurgen Moltmann This dialogue critiques fundamentalist tendencies within contemporary Pentecostalism by

advocating a theology more open to history and creation and a Pentecostal ethic both personal and social in scope

Christopher Elwood,1999 In the public religious controversies of sixteenth century France no subject received more attention or provoked greater passion than the eucharist In this study of Reformation theologies of the eucharist Christopher Elwood contends that the doctrine for which French Protestants argued played a pivotal role in the development of Calvinist revolutionary politics By focusing on the new understandings of signs and symbols purveyed in Protestant writing on the sacrament of the Lords Supper Elwood shows how adherents to the Reformation movement came to interpret the nature of power and the relation between society and the sacred in ways that departed radically from the views of their Catholic neighbors The clash of religious social and political ideals focused in interpretations of the sacrament led eventually to political violence that tore France apart in the latter half of the sixteenth century **John Calvin** William J.

Bouwsma,1989-03-17 Historians have credited or blamed Calvinism for many developments in the modern world including capitalism modern science secularization democracy individualism and unitarianism These same historians however have largely ignored John Calvin the man When people consider him at all they tend to view him as little more than the joyless tyrant of Geneva who created an abstract theology as forbidding as himself This volume written by the eminent historian William J Bouwsma who has devoted his career to exploring the larger patterns of early modern European history seeks to redress these common misconceptions of Calvin by placing him back in the proper historical context of his time Eloquently depicting Calvin s life as a French exile a humanist in the tradition of Erasmus and a man unusually sensitive to the complexities and contradictions of later Renaissance culture Bouwsma reveals a surprisingly human plausible ecumenical and often sympathetic Calvin John Calvin offers a brilliant reassessment not only of Calvin but also of the Reformation and its relationship to the movements of the Renaissance **The Theologically Formed Heart** Warner M. Bailey, Lee C.

Barrett, James O. Duke, 2014-09-10 The Theologically Formed Heart invites the reader to consider the role of theology in the formation of virtues and passions and conversely the role of virtues and passions in understanding Scripture theology and living a Christian life The essays in this volume are offered in appreciation of the teaching scholarship and service to the church and world of Professor of Theology David J Gouwens They are organized in three sections theological reflections Reformed theology in service to the church and studies in the thought of Soren Kierkegaard Four important issues are explored from multiple perspectives the Church s coming to terms with religious pluralism in mission inter religious dialogue theological education and ecclesial life the gospel s invitation to welcome communities of difference Reformed aesthetics in Calvin s rhetoric and in contemporary hymnody and Kierkegaard s contribution to theology and ecclesial practice The aims of the book go beyond academic confines Through reading the different essays a personality will emerge who illustrates a life of scholarship that yields itself gladly to the God made known in Jesus Christ Thus beyond imparting new information the book may inspire its readers to their own practice of theologically forming their hearts **Rich and Poor in the Shepherd of**

Hermas Carolyn Osiek, 2023-10-31 The references to social differences in the Shepherd especially in the Second Similitude

and Tenth Mandate suggest a social context in which traditional biblical values of attention to the poor are in tension with the behavior of members of the church community to which the author belongs Rather than the usual judgment of the Shepherd as a treatise on early penitential discipline it is in fact a window into the social relationships and challenges of an early second century Christian community *The Calvin Handbook* H.
