**The Guns of Boston Harbor** Gerald W. Butler, 2001-05 This book contains 4 individual stories of the supernatural Each story is based upon authentic cases world wide and has been documented through history as open and closed cases with astonishing results The stories included are The Book The Witch The Wall and the The Hidden Entity *The Gun Book for Girls* Silvio Calabi, Steve Helsley, Roger Sanger, 2013-09-16 This third installment in the popular series of practical books about guns and shooting is aimed at women of all ages the fastest growing segment of the sport and it couldn't come at a better time America and firearms literally grew up together but today guns are often simply linked to crime and violence gun control has become a polarizing political issue and misinformation about firearms is spreading Now three experts have tackled the subject in a series of books that explores the realities of guns and shooting and sets the record straight about some common misconceptions On the heels of *The Gun Book for Boys* and *The Gun Book for Parents* *The Gun Book for Girls* is for girls and women interested in guns and shooting but who have little or no background in firearms Through example and anecdote the book emphasizes safety and proper usage and it defines terms and provides hands on advice about using and maintaining guns It also covers firearms shooting methods clothing and accessories for women profiles females who shoot and who work in the gun trade and discusses the issues around guns for self defense a topic of special interest to women Like the other two titles this book is non political and written in an easy to understand conversational tone Each book is thoroughly illustrated and content is presented in easily managed portions that can be read in series or singly all backed up with an index *The Pictorial Field-Book of the Revolution* Benson J. Lossing, 2023-03-02 Reprint of the original first published in 1859 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **The Pictorial Field-book of the Revolution** Benson John Lossing, 1855 Tells the stories of the young nation and the sacrifices that made the colonies dream of freedom become a reality **The Pictorial Field-book of the War of 1812** Benson John Lossing, 1869 **The Pictorial Field-Book of the Revolution, Vol I & II** Benson John Lossing, 2021-08-30 Excerpt As my journey was among scenes and things hallowed to the feelings of every American I felt a hope that a record of the pilgrimage interwoven with that of the facts of past history would attract the attention and win to the perusal of the chronicles of our Revolution many who could not be otherwise decoyed into the apparently arid and flowerless domains of mere history I accordingly determined to make the record of the tour to the important localities of the Revolution a leading feature in the work Here another difficulty was encountered So widely scattered are those localities and so simultaneous were many of the events that a connected narrative of the journey must necessarily break up the chronological unity of the history and at times produce some confusion To give incidents of the journey and sketches and descriptions of the scenery and relics as they appear at present in fragmentary notes would deny to the work the charm of a

book of travel and thus almost wholly remove the prime object in view in giving such narrative The apparently less objectionable course was chosen and the history was broken into fragments arranged in the exhibition in accordance with the order in which each locality was visited the fragments individualized as much as possible yet always maintaining a tie of visible relationship with the whole The apparent difficulties in the way of the student which this plan suggests are removed by the aid of a complete Analytical Index at the close of the work while the narrative of the tour remains unbroken except by the continually recurring appendices of history How far this arrangement shall accomplish the desired result the candid judgment of the reader must determine New Outlook ,1910 **Outlook** Alfred Emanuel Smith,Francis Walton,1910
