The Happy Taxpayer Simple Tax Tips For The Rest Of Us:

The Happy Taxpayer Carey Erichson, 2001-02 Many years ago I heard the old cliché The only thing we can be assured of in this life are death and taxes With this bit of wisdom I decided to become a tax consultant If for no other reason it appeared to offer steady employment I have been doing taxes for over 40 years and it seems when April 15th of each year passes I know less about tax returns today than when I first started Not only have the tax laws changed but also those silly tax returns get more and more complicated This book is inspired by the many experiences of my clients friends and relatives Throughout the book we will be telling little stories about some screw up experienced by poor taxpayers over the years I am not going to bore you with a bunch of tax laws as I am sure you wouldn't understand them I sure don't and I don't want this book to be prescribed as good sleeping material Taxes are a very important part of our everyday life and to have good financial planning some understanding of taxes is imperative
