A Guide to Archives and Manuscript Collections in the History of Chemistry and Chemical Technology Colleen Wickey,Center for History of Chemistry (U.S.),1987 A thorough inventory of research resources in American repositories the Guide lists collections in the history of chemistry and chemical engineering the chemical and pharmaceutical industries and a number of related chemical process industries and businesses from personal and professional papers of chemical scientists and engineers to business records of the chemical process industries

The Oxford Guide for Writing Tutors Melissa Ianetta,Lauren Fitzgerald,2016 The Oxford Guide for Writing Tutors introduces two conversations to the tutor's preparation one about the creation of knowledge in writing programs the other about tutor research This approach to tutor training provides several benefits First it allows tutors to test their theories of what might work in a writing center session and helps them to move professional conversation towards why such things happen They bridge the theory practice divide that often frustrates both novices and experienced tutors By conducting research to answer such questions tutors can help themselves the writers with whom they work their fellow tutors and the writers with whom they work And further this approach gives the reader new methods for appreciating and critiquing scholarly work making it easier to understand the best ways to help writers and to move the field forward As writing tutoring programs take on a variety of forms and pursue a range of missions this book aims to create a flexible text whose contents can be easily rearranged to support a broad spectrum of reader needs Each chapter accordingly can be read independently

the text does not rely on a sequential reading to create meaning The book also includes intra textual and extra textual references for the reader who wants to inquire further That is throughout the book are references to material in other chapters that might be of interest to the reader intrigued by the topic at hand So too in each chapter we include references to and citations of the scholarship that supports much of the common knowledge of the field including in the Handbook both previous tutor education textbooks and research from the field The aim is to aid the interested reader s inquiry into the scholarship of the field as well as to ground advice about practice in research that testifies to the effectiveness a range of tutoring practices Much of the scholarship cited throughout the book is authored by undergraduate tutor researchers as well as several former tutors who were graduate students when they published their articles This crucial aspect best models the ways in which tutors themselves can bring together practice and research in their day to day work and in their informed thinking about this work Including tutor voices is an important tradition of the tutor education textbook because these are voices that speak to the issues concerning tutors in a range of institutions and programs across the country

Guide to the White House Staff Shirley Anne Warshaw,2013-03-27 Guide to the White House Staff is an insightful new work examining the evolution and current role of the White House staff It provides a study of executive legislative relations organizational behavior policy making and White House cabinet relations The work also makes an important contribution to the study of public administration for researchers seeking to understand the inner workings of the White House In eight thematically arranged chapters Guide to the White House Staff Reviews the early members of the White House staff and details the need statutory authorization and funding for staff expansion Addresses the creation of the Executive Office of the President EOP and a formal White House staff in 1939 Explores the statutes executive orders and succession of reorganization plans that shaped and refined the EOP Traces the evolution of White House staff from FDR to Obama and the specialization of staff across policy and political units Explores how presidential transitions have operated since Eisenhower created the position of chief of staff Explains the expansion of presidential in house policymaking structures beginning with national security and continuing with economic and domestic policy Covers the exodus of staff and the roles remaining staff played during the second terms of presidents Examines the post White House careers of staff Guide to the White House Staff also provides easily accessible biographies of key White House staff members who served the presidencies of Richard M Nixon through George W Bush This valuable new reference will find a home in collections supporting research on the American presidency public policy and public administration

The Guide to Nature ,1910 **Clinician's Guide to Child Custody Evaluations** Marc J. Ackerman,2002-02-28 Comprehensive coverage of every phase of the child custody evaluation process Does a clinician hired by a parent s attorney bear the same responsibilities as a court appointed psychologist What are the most effective techniques for determining whether an alleged abuse has actually occurred Which factors should be considered when determining whether a parent should be granted custody Clinician s Guide to Child Custody Evaluations

Second Edition answers these questions and hundreds more as it provides step by step guidance through every aspect of this sensitive and profoundly important process Employing riveting case studies drawn from the more than 1 800 custody evaluations he has performed Dr Marc Ackerman provides authoritative guidelines for Conducting interviews observing behavior and collecting collateral information Psychological testing and administering ASPECT and other custody instruments Evaluating parental behavior Reporting evaluation results Testifying in court This remarkably thorough resource offers completely up to date coverage of recent legal decisions affecting child custody new surveys on what judges and attorneys want from evaluations and new chapters on placement schedules and second opinion evaluations Clinician s Guide to Child Custody Evaluations Second Edition is must reading for every mental health professional who is or would like to be involved in child custody evaluations

The Physician's Guide to Delusional Infestation Gale E. Ridge, 2024-04-05 This unique ground breaking book is a comprehensive clinical guide to the psychiatric disorder of Delusional Infestation DI DI is a psychiatric illness characterized by patients holding a monothematic fixed belief of infestations on their skin body or immediate environment a belief that is not supported by objective medical evidence Delusional beliefs may be shared among individuals and perceived pathogens include living organisms such as parasitic worms bacteria fungi and insects Organic or non organic infiltration by fibres threads or other inanimate particles or objects known or unknown to medical science are also described by patients DI is severely underreported because of social stigma limited physician awareness and patient doctor hopping Written for physicians the book offers a multidisciplinary compassionate care model for patients burdened by this pernicious disorder Other health professionals and administrators will find the work highly valuable as will professionals in fields such as veterinary medicine pest management entomology parasitology and information services supported by academia The Physician s Guide to Delusional Infestation assembles and organizes all current knowledge of DI and presents material in three parts Part I introduces and reviews DI s historical background showing how our understanding of the condition has developed Its concise sections include useful tables illustrations algorithms and reference lists for clinicians who work with DI patients Part II covers differential diagnosis treatment and ways to work effectively with DI patients Since these patients are often high functioning particular techniques of interviewing joining with patients sampling and laboratory testing are explained International travel physician fallibilities possible alternative diagnoses the Internet and veterinary and public health concerns are all addressed Part III is a series of chapters written by experts in their fields This section allows each author to present personal experiences from their respective professions observations and opinions that show a variety of perspectives among the book s authors Part III includes a chapter on common human parasites with their biology behaviours and distributions The book will serve as a comprehensive yet concise reference for physicians whose patients have unusual baffling or implausible medical histories and physical examinations A soon to be gold standard resource The Physician s Guide to Delusional Infestation equips and empowers all physicians and many others interested in the topic with

an expert comprehensive understanding of this complex disorder
