The Hasidic Parable:

The Hasidic Parable Aryeh Wineman, 2001-05-01 The teachers of Hasidism gave new life to the literary tradition of parable a story that teaches a spiritual or moral truth In The Hasidic Parable acclaimed author Aryeh Wineman takes readers through the great works of the hasidic storytellers Telling parables explains Rabbi Wineman was a strategy that the hasidic masters used to foster a radical shift in thinking about God the world and the values and norms of religious life Although these parables date back 200 years or more they deal with moral and religious themes and issues still relevant today Each is accompanied by notes and commentary by the author that illuminate their ideological significance and their historical roots and background These parables have been culled from classical hasidic homiletic texts chosen because of their literary qualities their explanation of key concepts in the hasidic world view and also because of what they say to us about the conflicts and tensions accompanying Hasidism s emergence and growth

The Hasidic Moses Aryeh Wineman, 2019-02-15 In The Hasidic Moses Aryeh Wineman invites readers to join him on a journey through various eighteenth and nineteenth century Hasidic texts that interpret the life of Moses Such texts read their own accent on spirituality and innerness along with their conceptions of community and spiritual leadership into the biblical account of Moses Wineman reveals the ways in which historical Hasidic voices interpreted both the Exodus from Egypt and the scene of Revelation at Sinai as statements concerning what occurs constantly in our lives at all times In addition Wineman shows how Hasidic readers embraced the idea that Moses had to die in order that his soul might return to the world in the righteous and holy ones of every generation and that the presence of Moses actually transcends time and is present in spiritual understanding as it unfolds at any moment in any period

Modern Jewish Literatures Sheila E. Jelen, Michael P. Kramer, L. Scott Lerner, 2011-06-06 Is there such a thing as a distinctive Jewish literature While definitions have been offered none has been universally accepted Modern Jewish literature lacks the basic markers of national literatures it has neither a common geography nor a shared language though works in Hebrew or Yiddish are almost certainly included and the field is so diverse that it cannot be contained within the bounds of one literary category Each of the fifteen essays collected in Modern Jewish Literatures takes on the above question by describing a movement across boundaries between languages cultures genres or spaces Works in Hebrew and Yiddish are amply represented but works in English French German Italian Ladino and Russian are also considered Topics range from the poetry of the Israeli nationalist Natan Alterman to the Russian poet Osip Mandelstam from turn of the century Ottoman Jewish journalism to wire recorded Holocaust testimonies from the intellectual salons of late eighteenth century Berlin to the shelves of a Jewish bookstore in twentieth century Los Angeles The literary world described in Modern Jewish Literatures is demarcated chronologically by the Enlightenment the Haskalah and the French Revolution on one end and the fiftieth anniversary of the State of Israel on the other The particular terms of the encounter between a Jewish past and present for modern Jews has varied greatly by continent country or village by language and by social standing among other

things What unites the subjects of these studies is not a common ethnic religious or cultural history but rather a shared endeavor to use literary production and writing in general as the laboratory in which to explore and represent Jewish experience in the modern world

The Rabbinic Parables and Jesus the Parable Teller David Flusser, 2024-04-09 First published in German as *Die rabbinischen Gleichnisse und der Gleichniserzähler Jesus* in 1981 and now translated into English for the first time this seminal work by Professor David Flusser remains an important and unparalleled contribution on Jesus as a storyteller in the Jewish rabbinic tradition Using a literary approach to study extant rabbinic parables he argues that Jesus parables belong to a genre that exists only in rabbinic literature and the New Testament In order to analyze the theology behind Jesus parables we need to understand them as a first century literary art form In a summary of the book Flusser writes I am firmly convinced with fellow researchers that it is possible to get reasonably close to the original wording of Jesus teaching But this is only the case when the otherwise usual method of literary criticism is applied to the text of the Synoptic Gospels and when moreover one is willing and able to be guided by knowledge of Judaism I certainly admit that the words of Jesus including his parables were edited by Greek redactors and subsequently by the evangelists Nevertheless I believe it is often possible to separate the shell from the nut by applying a better synoptic theory As I have argued several times the parables of Jesus belong to the genre of the rabbinic parables Therefore valid statements about Jesus parables whether these regard their essence or their literary quality can only be made when one has first dealt with the essence and literary form of the rabbinic parables

The Power of Parable John Dominic Crossan, 2012-03-06 In 1969 I was teaching at two seminaries in the Chicago area One of my courses was on the parables by Jesus and the other was on the resurrection stories about Jesus I had observed that the parabolic stories by Jesus seemed remarkably similar to the resurrection stories about Jesus Were the latter intended as parables just as much as the former Had we been reading parable presuming history and misunderstanding both from *The Power of Parable* So begins the quest of renowned Jesus scholar John Dominic Crossan as he unlocks the true meanings and purposes of parable in the Bible so that modern Christians can respond genuinely to Jesus's call to fully participate in the kingdom of God In *The Power of Parable* Crossan examines Jesus's parables and identifies what he calls the challenge parable as Jesus's chosen teaching tool for gently urging his followers to probe question and debate the ideological absolutes of religious faith and the presuppositions of social political and economic traditions Moving from parables by Jesus to parables about Jesus Crossan then presents the four gospels as megaparables By revealing how the gospels are not reflections of the actual biography of Jesus but rather misinterpretations by the gospel writers themselves Crossan reaffirms the power of parable to challenge and enable us to co create with God a world of justice love and peace

The Dybbuk S. Ansky, 2013-10-15 An altogether excellent anthology this volume offers a superior introduction to the brilliant brooding works of a Yiddish master Publishers Weekly This volume presents *The Dybbuk* S Ansky's well known drama of mystical passion and demonic possession along with little known works of his autobiographical and fantastical

prose fiction and an excerpt from his four volume chronicle of the Eastern Front in the First World War *The Destruction of Galacia* ***Biblical Parables and Their Modern Re-creations*** Gila Safran Naveh, 2012-02-01 In *Biblical Parables and Their Modern Re creations* Gila Safran Naveh carefully charts the historical transformation of these deceptively simple narratives to reveal fundamental shifts in their form function and most significantly their readers cognitive processes Bringing together for the first time parables from the Scriptures the synoptic Gospels Chassidic tales and medieval philosophy with the mashal the rabbinic parables commonly used to interpret Scripture this book brilliantly contrasts the rhetorical strategies of ancient parables with more recent examples of the genre by Kafka Borges Calvino and Agnon By using an interdisciplinary approach and insights from current semiotic linguistic psychoanalytic and gender theories Naveh reveals a dramatic social cultural and political shift in the way we view the divine ***Scripture and Knowledge*** Biderman, 1995-11-01 At the core of *Scripture and Knowledge* lies the problem of the nature of religious knowledge The author argues that religion is a particular framework rather than a particular content or defined set of performances He sees this framework as epistemological that is as one that furnishes believers with a conception of knowledge alternative to that of philosophical reasoning The thesis on the epistemological nature of religion will be developed by the examination of the concept of scripture as a body of authoritative and even infallible texts The concept of scripture is presented as one of the constitutive concepts of the epistemological framework of religion The author argues that the various scriptures and their commentaries should be understood as the arena within which the epistemological process of religion takes place and the central epistemological means by which religious knowledge is made possible ***Teaching about God and Spirituality*** Roberta Louis Goodman, 2002 A wide array of renowned scholars and practitioners share their ideas for teaching about God from a Jewish perspective in this comprehensive collection This enlightening yet practical resource includes ready to use lessons for preschool through adult and family education as well as background material to enrich the teacher s own sense of God and spirituality Chapters include *Writing a Personal Theology* by Dr Neil Gillman *The Changing Perceptions of God in Judaism* by Rabbi Rifat Sonsino *The Spiritual Condition of American Jews* by Dr David Ariel *The Image of God as Teacher* by Dr Hanan Alexander *Spiritual Mentoring* by Dr Carol Ochs *Tell Me a Story* by Rabbi Sandi Eisenberg Sasso ***Places and Forms of Encounter in Jewish Literatures*** , 2020-09-25 In the past years reflections on Jewish literatures and theoretical and methodological approaches discussed in Comparative Literature have converged *Places and Forms of Encounter in Jewish Literatures* Transfer Mediality and Situativity brings together close readings and contextualizations of Jewish literatures with theories discussed in Comparative and World Literature Studies The contributions are arranged in five chapters capturing central processes actors and dynamics in the making of literatures namely Literary Agents Literary Figures Writing Voids Making of Literatures and Perceiving and Creating Languages The volume seeks to illuminate the interrelations between literary systems and to highlight Jewish literatures as a prism for encounters on the levels of text discourse and culture and their transformative

Warsaw and Jerusalem Nitza Davidovitch, Eyal Lewin, 2019-04-01 Warsaw and Jerusalem deals with different aspects of the inherent paradoxes of Jewish Polish relations Written by scholars from Israel and from Poland who study history culture education and politics this book forms a unique interdisciplinary collage Thus it has a twofold advantage as an academic insight in the field of Jewish studies and as a social bond of an academic community that has its representatives in universities in Israel and in Poland This project is bound to be an inspiring source for scholars of Jewish studies and Jewish history In college or university classes the collection of a variety of chapters will aid students who compose their assignments and need brainwave resources in the field With a contribution to the deep comprehension of the ongoing discourse about historical as well as nowadays relations between Israel that represents the Jewish people and Poland this book will also appeal to institutes that commemorate Jewish community life in Poland particularly those who concentrate on Holocaust memorial and Holocaust studies Many of these institutes aim to be centers where life before and after the Holocaust can be studied and this book certainly falls within the framework of a resource book for such cause As opposed to other volumes in this field this book forms to a certain extent a primary source It talks less about Jewish culture or education from a scholarly examining angle and prefers to present Jewish culture and education with a broad variety of examples Additionally it is highly updated it tells the full story not only about pre Holocaust Jewish culture in Poland but also about current educational projects All in all it is not a stand alone handbook for Jewish Polish studies but it can certainly function as an initial source book for anyone who studies the subject

through the Rabbi's spiritual mysticism and uniquely Kabbalistic approach ultimately revealing Rabbi Nachman to be a literary heavyweight in the vein of Gogol and Kafka. Vibrant, wise and provocative, this book is a must read for any lover of fairy tales and fables.

Aesthetics of Renewal Martina Urban, 2009-05-15

Martin Buber's embrace of Hasidism at the start of the twentieth century was instrumental to the revival of this popular form of Jewish mysticism. Hoping to instigate a Jewish cultural and spiritual renaissance, he published a series of anthologies of Hasidic teachings written in German to introduce the tradition to a wide audience. In *Aesthetics of Renewal*, Martina Urban closely analyzes Buber's writings and sources to explore his interpretation of Hasidic spirituality as a form of cultural criticism. For Buber, Hasidic legends and teachings were not a static canonical body of knowledge but were dynamic and open to continuous reinterpretation. Urban argues that this representation of Hasidism was essential to the Zionist effort to restore a sense of unity across the Jewish diaspora as purely religious traditions weakened and that Buber's anthologies in turn played a vital part in the broad movement to use cultural memory as a means to reconstruct a collective identity for Jews. As Urban unravels the rich layers of Buber's vision of Hasidism in this insightful book, he emerges as one of the preeminent thinkers on the place of religion in modern culture.

Benjamin's Passages Alexander Gelley, 2014-12-15

In transposing the Freudian dream work from the individual subject to the collective, Walter Benjamin projected a macros cosmic journey of the individual sleeper to the dreaming collective which, through the arcades, communes with its own insides. Benjamin's effort to transpose the dream phenomenon to the history of a collective remained fragmentary, though it underlies the principle of retrograde temporality, which it is argued is central to his idea of history. The passages are not just the Paris arcades; they refer also to Benjamin's effort to negotiate the labyrinth of his work and thought. Gelley works through many of Benjamin's later works and examines important critical questions: the interplay of aesthetics and politics, the genre of *The Arcades Project*, citation language, messianism, aura, and the motifs of memory, the crowd, and awakening. For Benjamin, memory is not only antiquarian; it functions as a solicitation, a call to a collectivity to come. Gelley reads this call in the motif of awakening, which conveys a qualified but crucial performative intention of Benjamin's undertaking.

Regions of Sorrow Susannah Young-ah Gottlieb, 2003

W. H. Auden and Hannah Arendt belonged to a generation that experienced the catastrophic events of the mid-twentieth century and they both sought to respond to the enormity of the novel phenomena they witnessed. *Regions of Sorrow* explores the remarkable affinity between their works. As incisive exponents and uncompromising proponents of the insuperable condition of plurality, Auden and Arendt give voice to an unexpected and inconspicuous messianism, a messianism in which contingency, frailty, and faultiness are neither rejected nor scorned but celebrated as the indispensable elements of what Auden calls anxious hope. Beginning with an examination of Arendt's *Origins of Totalitarianism* and Auden's *Age of Anxiety*, which both conclude with meditations on Nazi terror, the author turns to an unprecedented presentation of Arendt's *Human Condition* in terms of Jewish-German messianism and concludes with Auden's *In Praise of Limestone*, which lays out

the frail and faulty space in which messianism breaks free from apocalyptic forecasts
