D. Sir Roberts, 2022-09-15 The Haunters of the Silences is a collection of short stories about diverse wild animals The stories depict the natural scenery that these haunters of the silence are found in and the epic struggle of life as they face off in the duels of nature From the white polar bears of the Arctic north to the Great sharks of the Caribbean Sea to the mole shrews of the woodlands the book offers a phenomenal array of nature at its best Though the stories are fictional author Charles D Roberts boasts that some of the stories are inspired by his own observations in his past The Haunters of the Silences: A Book of Animal Life Charles Roberts, 2017-03-19 nature excursions Haunters of the Silences Sir Charles George Douglas Roberts, 1920 The Haunters of the Silences Charles George Douglas Roberts, 2023-07-18 Enter the wild and beautiful world of North American wildlife with this stunningly illustrated book of animal life From bear cubs and wolves to birds of prey and grazing deer author Charles G D Roberts brings the creatures of the wild to life in all their glory A must read for nature enthusiasts and art lovers alike This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge The Haunters of the Silences Charles George Douglas Roberts, 2017-12-19 Excerpt from The alive and relevant Haunters of the Silences A Book of Animal Life Such stories which offer in the form of fiction What my observations have compelled me to regard as fact I have presented my case already in the prefaces to The Watchers of the Trails and Red Fox To those prefaces I would add nothing here and from the conclusions therein stated I have nothing to retract I would merely take this occasion to reaffirm with confidence the belief which I find shared by practically all ob servers whose lives are passed in the closest relationship with animals by such vitally interested observers for instance as keepers trainers hunters
