 Bhat, 2013-04-01 The inspiring story of one man's relationship with his cancer and how it healed him You have cancer These
 simple words come as a terrible shock Life as you know it changes in an instant and nothing is the same again Panic and fear
 overwhelm you as you desperately pin your hopes on doctors and on medical treatment But this is only part of the story While
 your doctors work towards healing your body you must heal your inner self just as Vijay Bhat did to beat his cancer When he
 focused on himself Vijay realized that his cancer originated within and only then manifested as a tumour in his body The
 authors believe that healing requires a person centric approach where the focus is the whole person and all the aspects of his
 inner and outer life rather than an organ centric one where the focus is merely the disease or affected organ According to
 them cancer is the result of your physical lifestyle along with your mental emotional and spiritual processes and the stressors
 associated with these processes For instance negative thoughts and attitudes are mental stressors while negative emotions
 such as anger and guilt are emotional stressors Healing these aspects of yourself is essential for physical healing The authors
 guide you through your process of self discovery showing you how to find your stressors and teaching you how to recover
 from them The book also gives useful information on the biological aspects of cancer and its causes dietary and nutritional
