**Emerson Goes to the Movies** Justyna Fruzińska, 2014-10-16 Emerson Goes to the Movies Individualism in Walt Disney Company's Post 1989 Animated Films traces the theme of Emersonian individualism in the Walt Disney Company's post 1989 animated films to reveal that the philosopher's influence extends not only over American literature but also over American popular culture in this case Disney cartoons It proves that individualism in its Emersonian formulation of self reliance even if questionable in late 20th and 21st century literature is still very much alive in popular culture Disney films are heavy with ideology and American national myths and because of their educational role it seems relevant to acknowledge this dimension and discuss the sources of the Disney worldview This book instead of focusing on Disney's influence upon its audience concerns rather what influences Disney how Disney reflects the American mentality and how the idea of individualism is depicted in the Company's particular films The principal way of reading particular Disney films is the Cultural Studies approach Thus the book presents Romantic individualism with reference to such categories as race gender class and imperialism The idea behind such an approach is to see how various cultural fields intersect with individualism whether individualism means the same for men and women whether as an American ideology it succeeds at erasing differences when applied to exotic and non individualist cultures whether the individual turns out to be stronger than all social divides and whether individualism can be seen as informing the American mentality on a national scale *The Animated Movie Guide* Jerry Beck, 2005-10-28 Going beyond the box office hits of Disney and Dreamworks this guide to every animated movie ever released in the United States covers more than 300 films over the course of nearly 80 years of film history Well known films such as Finding Nemo and Shrek are profiled and hundreds of other films many of them rarely discussed are analyzed compared and catalogued The origin of the genre and what it takes to make a great animated feature are discussed and the influence of Japanese animation computer graphics and stop motion puppet techniques are brought into perspective Every film analysis includes reviews four star ratings background information plot synopses accurate running times consumer tips and MPAA ratings Brief guides to made for TV movies direct to video releases foreign films that were never theatrically released in the U S and live action films with significant animation round out the volume [Disney Presents a Pixar Film Splashtacular Cartoon Tales](#) Disney Book Group, Scott Peterson, 2006-02-01 Cartoon Tales gives young kids a chance to enjoy all the fun of their older siblings comic books and graphic novels This clever new format interweaves colorful comic strips with blocks of prose to create exciting stories young readers won't be able to put down The comic book art serves not only to illustrate the book but also to move the story along with some of the most exciting moments occurring within the comic panels Each book in the series contains three tales based on favorite animated Disney films The featured characters will run the gamut from classic to new adventurers to princesses Deep Sea Cartoon Tales is the third volume in the series Featured within its pages are Finding Nemo The Little Mermaid and Atlantis **Star \* Avatar** Miranda\* Linda Weisz, 2012-02-09 In a

profound recollection Miranda remembers her earthly mission Under the guidance of Spirit and extra terrestrials Miranda undergoes years of training in multiple dimensions and the synchronistic realm With spiritual initiations as well as trials and suffering Miranda evolves rapidly integrating lessons learned in other lifetimes and developing the paranormal abilities needed for the monumental role she is to play as she fulfills her destiny On a trip to Peru in 2001 she finds an ancient engraved stone and when she unravels its message it unveils a Truth so astonishing that she guards it in secret Revealing the written prophecy too soon may unleash the greatest religious and political revolution in the history of mankind Tuning in to the collective consciousness Miranda has waited to come forward until humanity was not only ready for this momentous message but eagerly awaiting it With the Mayan Calendar ending in 2012 that time is now After The Secret which quickly spread around the world this book is The Revelation Adventure romance magic and miracles all come together in an inspiring blend of spirituality mythology and cosmic science Incredulous as it may appear this is a true story Kida M.
