The Heroic Paradox Essays On Homer Sophocles And Aristophanes

Barry Sandywell

The Heroic Paradox Essays On Homer Sophocles And Aristophanes:

The Heroic Paradox Cedric Hubbell Whitman, 1982 The late Cedric H Whitman was widely acclaimed for his studies of classical poetry In the ten years before his death in 1979 he gave a number of lectures in which he developed his concept of Greek heroic humanism Five of the six essays collected here are edited from the texts of those lectures According to Whitman the tragic hero in Greek literature confronts crucial moral questions and chooses to suffer and die rather than to submit or conform to answers dictated by religious dogmatism Whitman's first two essays explore this idea in a discussion of the Iliad Aeschylus and Sophocles The next two essays study the poetic artistry of the Iliad in terms of the techniques of oral narrative the symbolism of Homer and the character of Achilles Sophocles Antigone is the subject of another essay in which Whitman focuses on the conjunction of the divine will the natural world and the heroism of Antigone herself The final essay restores Aristophanes to his rightful place as a poet of the city From publisher's description [The Political Theory of Aristophanes](#) Jeremy J. Mhire, Bryan-Paul Frost, 2014-04-01 Examines the political dimensions of Aristophanes comic poetry This original and wide ranging collection of essays offers for the first time a comprehensive examination of the political dimensions of that madcap comic poet Aristophanes Rejecting the claim that Aristophanes is little more than a mere comedian the contributors to this fascinating volume demonstrate that Aristophanes deserves to be placed in the ranks of the greatest Greek political thinkers As these essays reveal all of Aristophanes plays treat issues of fundamental political importance from war and peace poverty and wealth the relation between the sexes demagoguery and democracy to the role of philosophy and poetry in political society Accessible to students as well as scholars The Political Theory of Aristophanes can be utilized easily in the classroom but at the same time serve as a valuable source for those conducting more advanced research Whether the field is political philosophy classical studies history or literary criticism this work will make it necessary to reconceptualize how we understand this great Athenian poet and force us to recognize the political ramifications and underpinnings of his uproarious comedies [Aristophanes and His Tragic Muse](#) Stephanie Nelson, 2016-02-15 Despite the many studies of Greek comedy and tragedy separately scholarship has generally neglected the relation of the two And yet the genres developed together were performed together and influenced each other to the extent of becoming polar opposites In *Aristophanes and His Tragic Muse* Stephanie Nelson considers this opposition through an analysis of how the genres developed by looking at the tragic and comic elements in satyr drama and by contrasting specific Aristophanes plays with tragedies on similar themes such as the individual the polis and the gods The study reveals that tragedy's focus on necessity and a quest for meaning complements a neglected but critical element in Athenian comedy its interest in freedom and the ambivalence of its incompatible visions of reality [Aristophanes and the Poetics of Surprise](#) Dimitrios Kanellakis, 2020-01-20 The purpose of this book is to examine the variety the mechanisms and the poetological intention of the effect of surprise in Aristophanic comedy addressing the phenomenon not as a self evident or unselfconscious

element of comedy as a genre but as an elaborate system which characterises the style of the specific dramatist More precisely the book analyses Aristophanes most prominent verbal thematic and theatrical modes of surprise from a typological perspective and interprets them as comprising the key area in which the playwright claims and demonstrates his artistic superiority over rival genres and individual poets In line with this purpose two parallel aims of the book are to provide an original commentary on the passages under examination and to promote the study of modern performances a practice which has so far been either restricted to Classical Reception or only theoretically acknowledged if at all by mainstream philological scholarship This is a timely book on a topic of wide current interest across a range of interlocking disciplines emotion studies semiotics narratology information theory and most pertinently for this book humour research

Quintus Smyrnaeus: Transforming Homer in Second Sophistic Epic Manuel Baumbach, Silvio Bär, 2012-02-14 The Events after Homer described by Quintus Smyrnaeus in the third century AD in his Greek epic *Posthomerica* are an attempt to bridge the gap between the Iliad and the Odyssey and to combine the various scattered reports of the battle for Troy into a single tale the fate of Achilles Ajax Paris and the Amazon Penthesileia the intervention of Neoptolemos and the story from the Trojan horse to the destruction of the city The volume presented here summarizes the results of the first international conference on

Quintus Smyrnaeus The Rāmāyaṇa of Vālmīki: An Epic of Ancient India, Volume III, 2016-12-13 This is the third volume of a planned seven volume translation of India's most beloved and influential epic tale the Ramayana of Valmiki This third volume carries forward the narrative by following the exiled hero Rama his wife and his brother on their wanderings The book contains the narrative center of the epic the abduction of Sita by the demon king Ravana It provides a profound meditation on the paradox of the hero as both human and divine The present translation seeks to provide a readable and trustworthy English version of the poem It is accompanied by a full commentary elucidating the philological aesthetic and cultural problems of the text Extensive use is made in the annotations of the numerous commentaries on the Ramayana The substantial introduction to this volume aims to supply a historical context for an appreciation of the poem and a critical reading exploring the ideological components of the work The volumes of this work will present the entire Ramayana translated for the first time on the basis of the critical edition Oriental Institute Baroda

The Beginnings of European Theorizing: Reflexivity in the Archaic Age Barry Sandywell, 2013-08-21 First published in 1995 Routledge is an imprint of Taylor Francis an informa company

Homer's Iliad and the Problem of Force Charles H. Stocking, 2023-04-05 The topic of force has long remained a problem of interpretation for readers of Homer's Iliad ever since Simone Weil famously proclaimed it as the poem's main subject This book seeks to address that problem through a full scale treatment of the language of force in the Iliad from both philological and philosophical perspectives Each chapter explores the different types of Iliadic force in combination with the reception of the Iliad in the French intellectual tradition Ultimately this book demonstrates that the different terms for force in the Iliad give expression to distinct relations between self and other At the same time this book

reveals how the Iliad as a whole undermines the very relations of force which characters within the poem seek to establish. Ultimately this study of force in the Iliad offers an occasion to reconsider human subjectivity in Homeric poetry.

The Advent of Pluralism Lauren J. Apfel, 2011-04-14. The Advent of Pluralism explores how the philosophical position of pluralism, the idea made famous by Isaiah Berlin that values and moral codes can and will come into conflict with one another, has clear and important roots in the Classical Greek world. The book falls into three parts, each of which focuses on one author and the ways in which pluralism manifests itself in his particular genre. Part I is concerned with the sophist Protagoras, who was one of the world's first philosophers and arguably the first exponent of the idea that there can be more than one perspective on truth. Part II looks at pluralism in historical writing, contrasting the methodological and moral styles of the two best-known Greek historians, Thucydides and Herodotus. Part III, on conflict in the tragedies of Sophocles, uses pluralism as a context in which to make sense of the horrible choices the playwright so powerfully dramatizes. Overall, Lauren Apfel's study identifies a pluralist temper of thought in the age of Sophocles and, in doing so, offers an enriched understanding of this crucial intellectual period.

Pindar and the Cult of Heroes Bruno Currie, 2010-04-29. Pindar and the Cult of Heroes combines a study of Greek culture and religion, hero cult, with a literary critical study of Pindar's epinician poetry. It looks at hero cult generally but focuses especially on heroization in the 5th century BC. There are individual chapters on the heroization of war dead, of athletes, and on the religious treatment of the living in the 5th century. Hero cult, Bruno Currie argues, could be anticipated in different ways in a person's lifetime. Epinician poetry too should be interpreted in the light of this cultural context. Fundamentally, this genre explores the patron's religious status. The book features extensive studies of Pindar's Pythians 2, 3, 5, Isthmian 7, and Nemean 7.

Electra and the Empty Urn Mark Ringer, 2000-11-09. Metatheater or theater within theater is a critical approach often used in studies of Shakespearean or modern drama. Breaking new ground in the study of ancient Greek tragedy, Mark Ringer applies the concept of metatheatricality to the work of Sophocles. His innovative analysis sheds light on Sophocles' technical ingenuity and reveals previously unrecognized facets of fifth-century performative irony. Ringer analyzes the layers of theatrical self-awareness in all seven Sophoclean tragedies, giving special attention to *Electra*, the playwright's most metatheatrical work. He focuses on plays within plays, characters who appear to be in rivalry with their playwright in scripting their dramas, and the various roles that characters assume in their attempts to deceive other characters or even themselves. Ringer also examines instances of literal role playing, exploring the implications of the Greek convention of sharing multiple roles among only three actors. Sophocles has long been praised as one of the masters of dramatic irony. Awareness of Sophoclean metatheater, Ringer shows, deepens our appreciation of that irony and reveals the playwright's keen awareness of his art. Originally published in 1998, A UNC Press Enduring Edition. UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original and are presented in affordable paperback.

formats bringing readers both historical and cultural value
