The Heroine In Western Literature The Archetype And Her Reemergence In Modern Prose:

The Heroine in Western Literature Meredith A. Powers, 2000-01-01 The impulse that prompts humans to envision themselves as heroic is as inherent to women as to men The idealization of the hero however is an outgrowth of the more primary conception of the god In Western culture the reduction and eventual denial of the feminine divine has affected cultural perception of feminine principles particularly archetypal and autonomous patterns This book delves first into the literary strata from which the archetypes have been culled the stories of the Bible and the myths of the Aegean to look at how the characterization of the goddess was revised Employing evidence from psychology artifacts and pictorial art the author shapes an outline for a more authentic figure The obscure and muted goddess heroine of ancient literature is then given detail by the articulate voices of the archetype as she reemerges in contemporary fiction The heroine in Western literature Meredith A. Disruptive Women of Literature Eleanore Gardner, 2024-07-08 *Disruptive Women of Literature* Rooting for the Antiheroine critically examines the representation of the literary antiheroine in contemporary Gothic and crime thriller novels and traces her emergence from the deviant women of Greek mythology and Shakespeare to the twenty first century It explores how the antiheroine shifts dependent on genre time period and format demonstrating that she is capable of both challenging and reaffirming problematic ideologies surrounding women power violence sexuality and motherhood Eleanore Gardner argues that the antiheroine is almost always defined by her experience of a patriarchal trauma and must therefore navigate her identity differently and more complexly than her antihero counterpart The author examines a broad range of texts to understand the antiheroine's fluidity her liminal and abject existence and what these suggest about cultural anxieties surrounding transgressive women

Erotic Mentoring Janice Hocker Rushing, 2016-06-16 They're everywhere in the academy young bright women mentored by older scholars usually men who attempt to mold them into their own masculine ideals Janice Hocker Rushing's study of over 200 women and their life transformations is the subject of this eloquent book Using the tropes of mythology and Jungian psychology the author characterizes the many paths these women's academic lives take as Muse for a faltering older scholar as Mistress or wife as the dutiful academic daughter Their resistance to this power differential also takes many forms as a Veiled Woman silent in

public but active in private or the Siren using her sexuality to beat the system Ultimately Rushing arrives at the myth of Eros and Psyche where women's self understanding and personal development turns her erotic mentoring into an autonomous whole and free life unfettered by any man These women's stories and Rushing's literary and literate framing of their lives will ring true to many in the university
