(not land masses!)

If the Great Commission is about people, why do we represent it with geographic maps?

Geographic maps show our perception of the task: huge unpopulated areas look like a priority, while geographically small regions with huge populations like Bangladesh and India are minimized, and the dense populations of single but large countries like India and China are under-represented. This world map is a caricature based on 2020 population estimates: every pixel represents 100,000 people, shaded by percentage Evangelical.
