The Hidden History Of The Korean War:

The Hidden History of the Korean War, 1950-1951 Isidor Feinstein Stone, 1952 *The Hidden History of the Korean War, 1950-1951* I. F. Stone, 2014-09-16 A great journalist raises troubling questions about the forgotten war in this courageous controversial book with a new introduction by Bruce Cumings The Baltimore Sun Much about the Korean War is still hidden and much will long remain hidden I believe I have succeeded in throwing new light on its origins From the author's preface In 1945 US troops arrived in Korea for what would become America's longest lasting conflict While history books claim without equivocation that the war lasted from 1950 to 1953 those who have actually served there know better By closely analyzing US intelligence before June 25 1950 the war's official start and the actions of key players like John Foster Dulles General Douglas MacArthur and Chiang Kai shek the great investigative reporter I F Stone demolishes the official story of America's forgotten war by shedding new light on the tangled sequence of events that led to it The Hidden History of the Korean War was first published in 1952 during the Korean War and then republished during the Vietnam War In the 1990s documents from the former Soviet archives became available further illuminating this controversial period in history

The Hidden History of the Korean War Isidor Feinstein Stone, 1969 Hidden History of the Korean War I.F. Stone, 2023-05 Proxy wars it seems are more openly practiced than ever and yet one of the worst of these was suppressed and forgotten even in its own time At the height of the McCarthy era and the inception of the Cold War the great journalist I F Stone released The Hidden History of the Korean War a courageous work of investigative journalism that demolished the official story of America's so called forgotten war As the war spiraled to its conclusion Stone closely analyzed openly available U S intelligence narratives on the war's official start and the actions of key players like John Foster Dulles General Douglas MacArthur and Chiang Kai shek The result of his investigations was a controversial book that raised questions about the origin of the war made a case that the U S government had manipulated the United Nations and gave evidence that the U S military and South Korean oligarchy dragged out the war by sabotaging peace talks With a new introduction by Tim Beal and Greg Elich 70 years after its initial publication The Hidden History of the Korean War remains a powerful dissemination of the hidden history behind the dominant historical narrative as relevant as ever *The Hidden History of the Korean War*

Stone, 1952 **The Hidden History of the Korean War [by] I. F. Stone** Isidor Feinstein Stone, Hidden History of the Korean War I.F. Stone, 2023-05 At the height of the McCarthy era and the inception of the Cold War the great journalist I F Stone released The Hidden History of the Korean War a courageous work of investigative journalism that demolished the official story about America's so called forgotten war As the war spiraled to its conclusion Stone closely analyzed openly available U S intelligence narratives on the war's official start and the actions of key players like John Foster Dulles General Douglas MacArthur and Chiang Kai shek The result of his investigations was a

controversial book that raised questions about the origin of the war showed that the U S government had manipulated the United Nations and gave evidence that the U S military and South Korean oligarchy dragged out the war by sabotaging peace talks Stone made a strong case that there were those in the U S government and military who saw instability in the region as in the U S national interest

J-20 Mighty Dragon Abraham Abrams,2024-12-31 The J 20 fifth generation stealth fighter program has epitomised China s rise from a laggard in combat aviation into a potential world leader J 20 Mighty Dragon Asia s First Stealth Fighter in the Era of China s Military Rise details the J 20 s technologies capabilities production timeline design priorities roles evolution and the formations and locations where it has been deployed the ways other countries have responded to it and how the last 30 years of China s industrial and technology sector s modernisation positioned the country to produce what may well now be the world s top air superiority fighter The J 20 program is the most high profile indicator of a turning point in the balance of power between China and the United States and has produced by far the most capable fighter that America or its allies could face in a potential conflict An assessment of the history of Chinese air superiority capabilities and how the Korean War in particular has influenced the country to place a very strong emphasis on the need to field a leading fighter for air to air combat thus provides an important deeper understanding of the program Important context to understanding the J 20 s significance and its current global standing is provided by brief assessments of the positions of the Russian and American fighter industries The parallel development of supporting assets from aerial tankers to electronic warfare planes is also explored for a better understanding of the much transformed Chinese fleet which J 20s are being inducted into The program is also shown to have had a particularly significant influence in the United States ranging from placing discourse on the F 35 s modernisation and on sixth generation fighter development in an

entirely new context to stimulating the formation of new counter stealth aggressor training units development of new air to air missiles and the acquisition of E 7 flying radar aircraft among many other responses to the new challenge J 20 Mighty Dragon Asia's First Stealth Fighter in the Era of China's Military Rise is the first volume in the new Technology War series and is extensively illustrated with colour photographs throughout and specially commissioned colour artworks

Immovable Object A. B. Abrams, 2020-10-01 North Korea and the United States have been officially at war for over 70 years one of the longest lasting and most unbalanced conflicts in world history in which a small East Asian state has held its own against a Western superpower for over three generations With the Western world increasingly pivoting its attention towards Northeast Asia and the region likely to play a more central role in the global economy North Korea's importance as a strategically located country potential economic powerhouse and major opponent of Western regional hegemony will only grow over the coming decades This work is the first fully comprehensive study of the ongoing war between the two parties and covers the history of the conflict from the first American clashes with Korea's nationalist movement in 1945 and imposition of its military rule over southern Korea to North Korea's nuclear deterrence program and ongoing tensions with the U S today The nature of the antagonism between the two states one profoundly influenced by both decolonisation and wartime memory and the other uncompromising in its attempts to globally impose its leadership and ideology is covered in detail Northern Korea is one of very few inhabited parts of the world never to have been placed under Western rule and its fiercely nationalist identity as a deeply Confucian civilization state has made it considerably more difficult to tackle than almost any other American adversary This work elucidates the conflicting ideologies and the discordant designs for the Korean nation which have fueled the war and explores emerging fields of conflict which have become increasingly central in recent years such as economic and information warfare Prevailing trends in the conflict and its global implications including the multiple wars that have been waged by proxy are also examined in detail An in depth assessment of the past provides context key to understanding the future trajectories this relationship could take and how a continuing shift in global order away from Western unipolarity is likely to influence its future To understand where the Korean Peninsula might go in the rest of the 21st century Abrams telling of the story of how the two countries got to where they are today is essential ANKIT PANDA senior editor The Diplomat even those who find his conclusions unpalatable will be forced to weigh them carefully JOHN EVERARD former British Ambassador to North Korea

The Cold War Comes to Main Street Lisle A. Rose, 1999 In 1950 Main Street American was abruptly traumatized The sudden prospect of thermonuclear war with the Soviet Union Senator McCarthy's vicious anticommunist crusade and the beginning of the Korean War all combined to dampen the public mood The Cold War invaded every home Rose maintains that 1950 was a pivotal year for the nation He argues that the

convergence of Korea McCarthy and the bomb wounded the nation in ways from which we've never fully recovered Brimming with originality this book makes readers look at the Cold War from a dozen different angles **The Korean War in Asia** Tessa Morris-Suzuki, 2018 This groundbreaking book takes a fresh look at the Korean War by considering the conflict from a Northeast Asian perspective It highlights the connections of the war to earlier conflicts and examines its human impact on neighboring countries It also considers the lasting consequences for the region's society and unsettled politics today

Harvest of Dissent Bruce E. Field, 1998 Bruce Field here explores the people and events of a little studied episode in American history by describing how the leadership of the Farmers Union split over the Korean War When the organization was faced with accusations of being communist sympathizers NFU national president Jim Patton chose to support the war while a splinter group led by Iowa Farmers Union president Fred Stover continued to protest American involvement *The Hidden History of the Vietnam War* John Prados, 1995 Focusing on key strategies crucial issues battle actions and personalities in the Vietnam conflict John Prados draws from a broad range of evidence to illuminate the high points of the war and puncture its popular and enduring mythologies A model of lucid writing and fair judgment which tells us things we need to know Thomas Powers A sophisticated eye opening text that anyone interested in the disputes surrounding the war should read Peter R Farber War in History Thought provoking enlightening a fascinating book James C Ruehrmund Jr Richmond Times Dispatch
