The Mediums:

The Mediums Handbook Rev. Gordon M. Bromley, 2012-08-29 Here is a book that has no competition It is unique in that it covers the whole spectrum of mediumship There are many books in the market about various pieces of what a medium needs to know but this is the only one that not only covers those subjects all together in one book but also includes other areas that do not usually get taught I have been involved in spiritual aspects for over fifty five years with over thirty years demonstrating and teaching including running open and closed circles I have also been the circle leader for physical phenomena where there were materialisations on a regular basis I have demonstrated and taught in the Netherlands Spain USA Germany Denmark and UK I have spent thirty years of my life writing nonfiction in the area of engineering These books covered operating and maintenance manuals on a very wide scale These include mechanical electrical electronic pneumatic hydraulic refrigeration photographic and optical disciplines This book is not only intended as a basic tutorial for novices but also as a reference book on spiritual information for spiritual teachers Author quote I know that our loved ones communicate with us but it often takes a competent medium to relay the information **The mediums' book** Allan Kardec, 2021-11-11

Dear friends do not believe every spirit but test the spirits to see if they are of God 1 Jn 4 1 This work the second volume of the Codification of the Spiritist Doctrine explains how and in what ways spirits manifest themselves in the physical world and how to test them to determine if they are of God The Mediums Book is the second of the five volumes comprising the Codification of the Spiritist Doctrine Its author Allan Kardec explains that The Mediums Book combines the special teachings of the Spirits concerning the theory behind all kinds of manifestations the means of communicating with the invisible world the development of mediumship and the difficulties and pitfalls that may be encountered in the practice of Spiritism The Mediums Book is indispensable reading and provides priceless advice to Spiritists It will always be a precious source of knowledge for any person who inquires into and considers the mediumistic phenomenon that has increasingly manifested itself throughout the world within or apart from formal Spiritist activities Since we human beings are an integral part of the interchange between the physical and the spirit planes of life it is best that we understand the mechanisms of this relationship as much as possible The Mediums Book is the safest manual for all those who dedicate themselves to activities involving communication with the spirit world *Behind the Scenes with the Mediums* David P. Abbott, 1996-09 1907

detectives and to the doorsteps of the world's most powerful and revered psychics William Little goes on a quest to find out whether people can see into the future or if the many millions who consult horoscopes listen to psychics on TV or who read Nostradamus are simply being sold a lie

The Scientist and the Psychic Christian Smith, 2020-12-29 Weaving together the story of his fractured relationship to his mother with research into her paranormal abilities Dr Christian Smith has created in *The Scientist and the Psychic* a captivating one of a kind memoir of belief skepticism and familial love Christian Smith realized his mother was different in the autumn of 1977 when he was eight years old Before then he'd witnessed séances at home and the kids at school sometimes teased him about his mom being a witch so he sensed that his life wasn't typical But it wasn't until he was backstage at a renowned concert venue in Toronto watching from behind a curtain as Geraldine commanded an audience of 2 000 with her extrasensory readings that he understood she was special As Geraldine's only child he would assume the role of the quiet observer while she guided a live CBC broadcast of a séance made startling and consistently accurate predictions and eventually moved to LA to work with the parents of murder victims and with convicted murderer Jeffrey R MacDonald Over time the high profile and emotionally depleting work affected Geraldine's health and relationships Addiction took over her life and her son pulled away Fast forward to the present day Christian is a molecular biologist and Geraldine is retired and in poor health They are closer than they've ever been and now he gives us the story of her undeniable perceptual abilities and pioneering work as a psychic and endeavours to make scientific sense of it

The Psychic World of Bishop Pike Hans Holzer, 2016-01-01 The *Psychic World of Bishop Pike* is traced here from his early years to his death and even beyond by the country's most notable parapsychologist Hans Holzer According to *Psychic Magazine* Holzer is at the top of the list in the popular field in dealing with psychic research subjects From personal interviews with the late Bishop and on the spot investigations of psychic experiences Hans Holzer has written about Bishop's encounters with the world of spirits and ghosts as well as communications beyond the grave In this firsthand report by a scientifically trained investigator we learned for the first time of Bishop Pike's early repression and his continuing involvements with such matters seemingly against his wishes as well as the traumatic experiences of direct contact with this dead son James Jr And his gradually growing conviction that death is not the end Most of this material has never been published not even by the Bishop himself Even before sudden death came to James Pike in the desert psychics all over the world started to come forth with their impressions of the bishop's strange disappearance and violent demise Hans Holzer here analyzes this material most of which came from mediums and psychic people working exclusively with him A challenging picture of death under mysterious circumstances and possibility of foul play emerges from these disturbing psychic reports Hans Holzer puts them together and presents the psychic evidence pointing out that things may not have been what they seemed at first Finally in a dramatic confrontation the author makes contact with the spirit of Bishop himself through the trance mediumship of eminent medium Ethel Johnson Meyers

The Medium and the Minister Roger

Straughan,2022-04-29 You don't have to be religious to believe there may be a life after death The Medium and the Minister explores psychical and religious approaches to the possibility of an afterlife The tensions and conflicts between these two approaches and the heated controversies they have generated are illustrated by a number of case studies These focus on the challenges posed by psychical research and spiritualism to orthodox religion as the ultimate authority for information and teaching about the afterlife Prominence is given initially to the campaigns of Sir Arthur Conan Doyle and Sir Oliver Lodge which aimed to publicise the psychical evidence and to the Church's reaction to them Later developments and initiatives to try to reconcile the opposing positions are then examined in the light of further psychical research The issues raised are shown to be still highly relevant to current beliefs and attitudes and to the question of what might constitute evidence for life after death

A Brush with the Psychic Garry Kirk,2009 It is an account of the Author's interesting Lifetime's Experience This covers An Introduction to the Paranormal The Visitation The Return of Cynthia a cousin who died at the age of 23 Visits to a number of Mediums Spirit Guides Visits to Spiritualist Churches Open Closed Private Circles Awareness Groups Developing Circles Table Tilting The Process of Transfiguration Personal Development The Glass Regression and Reincarnation

The Psychic Nurse Matthew Wilson,2014-02-05 This book is about a short story that may look controversial at first but after a few pages may make you think otherwise Some of the things can and do happen in people's lives so therefore you can take it with a pinch of salt on the other hand you may be able to identify with it as many have had these experiences in their lives but at times too afraid to tell anyone in case they get laughed at I have tried to make it sound reasonable at this point in time so the readers can make their own mind up It is a story that can happen and take place in someone's life So you can make your own mind up as its validity Take nothing for granted in this world of ours especially when you look around at what is happening in the world today with the bloodshed and unhappiness that surrounds us
