The Mercifully Brief Real World Guide To Attracting The Attention Your Cause Deserves:

The Mercifully Brief, Real World Guide To-- Attracting the Attention Your Cause Deserves Joseph Barbato, 2005 To attract attention to your cause you could o Paint your building Day Glo orangeo Blare hip hop music from the rooftopo Have staff members sport Mohawk haircutsBut if you re a bit less bombastic and searching for innovative and more palatable ways to attract ongoing attention you ll fare much better with Joseph Barbato s *Attracting the Attention Your Cause Deserves* First let s make clear what this book is NOT It is not a guide for writing press releases It is not a manual for creating a speaker s bureau It is not a treatise offering PR palaver All of those hairs have been split many times over *Attracting the Attention Your Cause Deserves* is something far more useful and invigorating to those wanting to advance the good work of their organization Think of it as a *Trade Secrets Revealed* book one allowing you to accomplish three critical objectives for your cause 1 Greater visibility2 A broader constituency3 More money raisedWith more than a million nonprofit organizations in existence there s a lot of noise out there Shouting won t get you noticed everybody s doing that And everybody s tuning it out What will attract attention is following Joseph Barbato s field tested advice Take his insider wisdom to heart It spills over every single page of this book Then even if you whisper rest assured you ll still be heard *The Mercifully Brief, Real World Guide to Raising Thousands (if Not Tens of Thousands) of Dollars with Email* Madeline Stanionis, 2006 Perhaps you re skeptical After reading the title of this book you re saying Sure Red Cross and Salvation Army can raise tons of money with email but my agency isn t a brand name You re telling me I can do the same Well no Author Madeline Stanionis isn t claiming that She s President of Donordigital not Pollyanna What she is saying is that you can raise a healthy amount thousands if not tens of thousands of dollars if you approach email fundraising with a measure of intelligence and creativity And you ve got to hand it to Stanionis Any consultant who would give away the store as she does in this book has something grander in mind than her own self interest And give away the store is what the author does Generously dispensing advice insider tips and recommendations she usually commands tidy sums for Stanionis reveals precisely what you need to do step by step to raise substantial money with email And while it s not as simple as sending hastily written emails every week or month neither is it unduly complicated or time consuming At heart raising thousands of dollars with email is all about building your list using timing to your advantage crafting a series of coherent messages presenting your email in a visually appealing way and carefully observing your returns for clues that can guide your future efforts That s it really And any organization following Stanionis trenchant advice will see immediate results Further there s plenty of material in the book to customize and adapt as Stanionis offers a wealth of sample emails from diverse organizations And taking it a step further in the Resources section of the book the author shows you how to identify just the help you might need a messaging vendor who can send your emails for example Other books talk about Internet fundraising which usually encompasses e commerce strategies such as online shopping malls and auctions That s all well and good but many of us want to know one simple thing how can we raise more

money with email And do it now Raising Thousands if Not Tens of Thousands of Dollars with Email puts that question to rest
