THE RIGHT HONOURABLE L.D. FRASER

"The United Nations serves humanity in a wide variety of fields - social, political and economic. But its primary purpose - which will determine its success or failure - is to preserve and strengthen the peace by insulating the negotiation of international force behind international decisions."

To anyone who wishes to understand both the importance and the difficulty of achieving this high and essential purpose, the book The Politics of Peace-keeping is a 'must'. It is the product of painstaking research and careful judgment and makes a very important contribution to the vital subject with which it deals."
