**Paperbacks from Hell** Grady Hendrix,2017-09-19 From the New York Times best selling author of The Southern Book Club's Guide to Slaying Vampires comes a nostalgic and unflinchingly funny celebration of the horror fiction boom of the 1970s and 80s Take a tour through the horror paperback novels of two iconic decades if you dare Page through dozens and dozens of amazing book covers featuring well dressed skeletons evil dolls and knife wielding killer crabs Read shocking plot summaries that invoke devil worship satanic children and haunted real estate Horror author and vintage paperback book collector Grady Hendrix offers killer commentary and witty insight on these trashy thrillers that tried so hard to be the next Exorcist or Rosemary's Baby Complete with story summaries and artist and author profiles this unforgettable volume dishes on familiar authors like V C Andrews and R L Stine plus many more who've faded into obscurity Also included are recommendations for which of these forgotten treasures are well worth your reading time and which should stay buried

**Beyond the Usual Beating** Andrew S. Baer,2020-04-10 The malign and long lasting influence of Chicago police commander Jon Burge cannot be overestimated particularly as fresh examples of local and national criminal justice abuse continue to surface with dismaying frequency Burge's decades long tenure on the Chicago police force was marked by racist and barbaric interrogation methods including psychological torture burnings and mock executions techniques that went far beyond the usual beating After being exposed in 1989 he became a symbol of police brutality and the unequal treatment of nonwhite people and the persistent outcry against him led to reforms such as the abolition of the death penalty in Illinois But Burge hardly developed or operated in a vacuum as Andrew S Baer explores to stark effect here He identifies the darkness of the Burge era as a product of local social forces arising from a specific milieu beyond the nationwide racialized reactionary fever of the 1960s and 1970s Similarly the popular resistance movements that rallied in his wake actually predated Burge's exposure but cohered with unexpected power due to the galvanizing focus on his crimes and abuses For more than thirty years a shifting coalition including torture survivors their families civil rights attorneys and journalists helped to corroborate allegations of violence free the wrongfully convicted have Burge fired and incarcerated and win passage of a municipal reparations package among other victories Beyond the Usual Beating reveals that though the Burge scandal underscores the relationship between personal bigotry and structural racism in the criminal justice system it also shows how ordinary people held perpetrators accountable in the face of intransigent local power

*The Judicial Construction of Hong Kong's Basic Law* Lo Pui Yin,2014-02-13 China has granted Hong Kong a high degree of autonomy through the Basic Law under the principle of one country two systems Hong Kong's legal system under the Basic Law is based on the common law and is administered by independent courts By interpreting the Basic Law Hong Kong's courts have reviewed legislation and executive decisions and have achieved a second founding of the Basic Law as an enforceable constitution This book is the first comprehensive

account of how the Hong Kong courts gained this vital power of judicial review Through an analysis of important court cases since 1997 the book also examines how the Hong Kong courts maintain their relationships with the executive and legislature and with China's Central Authorities which have been sceptical of these achievements Hong Kong's unique status as a common law jurisdiction within socialist China poses risks of integration this book concludes that the best choice lies in maintaining and developing a cosmopolitan judicial outlook This book will become the definitive account of the judicial role in Hong Kong after 1997 Writing with great flair Dr Lo provides a richly contextual story of judges making great use of a novel legal arrangement to tread new ground This thorough work of scholarship is a must read for students of Hong Kong law as well as those interested in China and comparative judicial politics more broadly Tom Ginsburg Leo Spitz Professor of International Law University of Chicago Law School Lo Pui Yin has written a comprehensive and sophisticated introduction to the major cases and jurisprudence of the Hong Kong courts Engaging important current controversies he offers a powerful defence of the present system of constitutional review resting on Hong Kong's common law tradition Mark Tushnet William Nelson Cromwell Professor of Law Harvard Law School This is a thoughtful and scholarly account of an important topic the construction of the Basic Law by the HKSAR courts This is a question of vital importance to Hong Kong but it should also be of interest and importance to Mainland legal scholarship Moreover the comparative constitutional lawyers across the world will be intrigued by this rigorous and perceptive account of the bridge between the common law of Hong Kong and the legal system of the PRC Christopher Forsyth Professor of Public Law and Private International Law University of Cambridge Lo Pui Yin has produced a monumental book of great learning profound research and insightful reflections on the efforts of Hong Kong's judiciary in maintaining the rule of law within the framework of the Basic Law developing its jurisdiction and jurisprudence with great skill learning and now a bit of tact Lo's mastery of the case law is unrivalled and his legal and political analysis masterly Yash Ghai Emeritus Professor University of Hong Kong and author of Hong Kong's New Constitutional Order     Voice of Youth Advocates ,1984     **Science Fiction and Fantasy Literature, 1975-1991** R.

even if they don't like him House spent a few months in prison for a lifetime probation violation and was released under strict supervision to a parole center House got caught up with fleeing and alluding a month before he was scheduled for release off parole and was sent back to prison While in the county awaiting his sentence House learned that his father was murdered in their neighborhood Then once he arrived in prison it was sadly told to him that his uncle had passed away from diabetes When it rains it pours because then his girlfriend of eight years left him for dead in the joint But when God closes one door he opens up a new one and Tonya walked back into House's life But now House is back and the streets are calling His respect is on the line and his love for the game is deep But going back to prison is not an option Which path to choose is a confusing choice And with a hustler's spirit but the mind set to do the right thing the money may take control of the situation But this is the life of a real street hustler with the ups and downs and the risks and dangers Hustling is cool and balling is fun but when you are on the outside looking in all you see is the excitement and never witness the other part of the game In the streets it's kill or be killed and you either get money or you're in the way So if you ain't willing and ready to go all the way in this never ending game catch the sideline But with a trill reputation on the streets and a crew who loves and respects House it's harder leaving the game than he ever imagined it would be But let's travel down this road with House and vision the reality of this

Da Lyfe Let's ride      **Hong Kong's Court of Final Appeal** Simon N. M. Young, Yash Ghai, 2014 In the years since it was established on 1 July 1997 Hong Kong's Court of Final Appeal has developed a distinctive body of new law and doctrine with the help of eminent foreign common law judges Under the leadership of Chief Justice Andrew Li it has also remained independent under Chinese sovereignty and become a model for other Asian final courts working to maintain the rule of law judicial independence and professionalism in challenging political environments In this book leading practitioners jurists and academics examine the Court's history operation and jurisprudence and provide a comparative analysis with European courts and China's other autonomous final court in Macau It also makes use of extensive empirical data compiled from the jurisprudence to illuminate the Court's decision making processes and identify the relative impacts of the foreign and local judges
