The author makes the crucial point that for us to be the most empowered versions of ourselves in the world we must prioritize our healing. And forgiveness is the most important path toward healing that we can undertake. The book is made up of three distinct parts. Part I engages the reader in considering what forgiveness is and what it isn't and why it is so important to participate in this powerful and often misunderstood process. Part II reveals the framework and process. The author offers readers a comprehensive roadmap with a series of written exercises and guided meditations toward forgiveness. The structure she provides helps to strengthen the competencies we need to forgive fully. The final section of the book discusses concepts related to forgiveness that deepen our understanding of the healing practice. In considering the impact of personal forgiveness on the world around us, Hooks shows us in great detail how people who practice forgiveness in their daily lives have the capacity to heal both themselves and the world.

With this book I pray it will give the understanding that unforgiveness can and will hide. The person will think they have forgiven however they are only tolerating their offender. I want it understood that we must forgive. Although we sometimes struggle with forgiveness when we understand God's love and His continuous forgiveness then we will forgive.

**The Power of Forgiveness** Harvey L. Spencer, 2018-01-10 What is the cost of unforgiveness What price do we pay spiritually emotionally even physically for holding grievances and grudges against people When we refuse to let go of others offenses against us what toll does it ultimately take on our lives The truth is many of us have been so deeply wounded by things done to us in the past we feel virtually helpless to prevent these unfortunate events from negatively affecting our present and future But when we fail to forgive whether because the violation was too traumatic or the pain is just too great or we simply don't know how we inevitably imprison ourselves We ironically self sabotage and arrest our own development without even realizing it and we usually end up paying a higher price than our offender ever does What this finally results in is a life of nagging dissatisfaction the person rendered unfulfilled and incomplete in their purpose as unforgiveness ultimately robs the soul and displeases God
