Notes, Critical and Practical, on the Book of Exodus: Designed as a General Help to Biblical Reading and Instruction. By George Bush. [With the Text.] ,1856 An Ark on the Nile Keith Bodner,2016-07-21 The opening sector of the book of Exodus is a powerful narrative and a striking example of the artistic qualities of the Pentateuch a facet of the text that occasionally is neglected in high level scholarship Exodus 1 2 is finely choreographed work that compresses a vast amount of material onto a limited textual canvas creating a story that appeals to readers of every age Resuming where the book of Genesis leaves off the last image of Genesis 50 is a coffin in Egypt primed for a sequel the first two chapters of Exodus combine a fast moving plot with some unique shades of characterization Israel s growth in Egypt the rise of a malevolent new king the birth of a hero and early experiences of adversity for the main character in the story to come The burden of slavery and miracle of salvation are introduced in this sector of text and become paradigmatic examples of divine redemption that reverberate throughout the Hebrew Bible and beyond An Ark on the Nile The Beginning of the Book of Exodus is a close reading of Exodus 1 2 that analyzes the story as a reasonably self contained unit but suggesting that major plot movements in the book of Exodus are foreshadowed and anticipated here Applying a number of insights from literary theory Keith Bodner offers an illustration of further integration of biblical studies with cross disciplinary narrative interpretation *Notes, Critical and Practical, on the Book of Exodus ...* George Bush,1841 **The Biblical World** William Rainey Harper,Ernest DeWitt Burton,Shailer Mathews,1906 Books for New Testament study By Clyde Weber Votaw v 26 p 271 320 v 37 p 289 352

Revelation of the Bible Moshe Mazin,2021-01-08 Building on his first book Revelation of the Bible The Book of Genesis this volume examines the book of Exodus in detail Moshe Mazin highlights how God made contact with the Hebrew people on Mount Sinai recapping important themes from the first book so anyone can understand the events of Exodus Examining the Bible from multiple perspectives the author focuses on themes such as advancements in technology and the growth of collective knowledge knowledge and information and how we can use it to explain biblical events extra terrestrials and their possible role interacting with humans The author explains Pharaoh s plans for restricting and eliminating the Hebrew people

Moses's encounter at the burning bush what happened during the ten plagues on Egypt the exact location of the crossing of the Sea of Reeds the deliverance of the Ten Commandments on Mount Sinai the roles of the Ark of the Covenant that God asked Moses to build and other critical events Find out how miracles from long ago can be explained by advance technology with the surprising conclusions and insights in Revelation of the Bible **Critical notes on the Pentateuch** George Bush,2024-06-23 Notes Critical and Practical on these books is George Bush's in depth commentary on this important portion of the Old Testament In two volumes Bush examines the title author and scope of each book while also digging into the civil and ecclesiastical polity of the Israelites He provides verse by verse commentary for a deeper understanding of this significant historical book and dedicates additional pages on the subject of the Shekinah a grammatically feminine Hebrew word that is important to understand when reading the Scriptures Biblical Commentary on the Old Testament Carl Friedrich Keil,Franz Delitzsch,1872
