Teacher s efforts will be considered fruitful if he produces hardworking well informed energetic disciplined skilled intelligent well cultured enthusiastic and forward looking students Citizens with sound character and good health is the need of the hour of our country if the school teacher helps to achieve the above mentioned expectations he will be considered to be an effective agent of social change **Developing the Expertise of Primary and Elementary Classroom Teachers** Tony Eaude, 2018-01-25

Developing the Expertise of Primary and Elementary Classroom Teachers challenges many current assumptions about primary education Tony Eaude uses international research and the experiences of teachers at different career phases to indicate that primary classroom teachers with a high level of expertise adopt a wide repertoire of strategies and a flexible reciprocal and intuitive approach to planning assessment and teaching He explores why a deep understanding of how young children learn the ability to create an inclusive environment relationships of care and trust and teachers who are attuned to children are essential Eaude argues that to develop qualities such as confidence and resilience to exercise

informed intuition and to create a robust professional identity many constraints on manifesting expertise some of which are emotional some more structural must be overcome Drawing on the research on professional learning Eade shows that these abilities and qualities are learned over time through regular sustained contextualised opportunities relating theory and practice with the years soon after qualification particularly significant He highlights that the professional knowledge and judgement required in complex changing situations is acquired and refined mainly through guided practice and experience backed by reflection and engagement with research The need for supportive professional learning communities and for policy which encourages primary classroom teachers enthusiasm creativity and willingness to innovate is emphasised and an enriched apprenticeship model using a variety of processes including observation of other teachers practice mentoring case studies and discussion is advocated
