Lyell Earle,1922 The Hard Facts of the Grimms' Fairy Tales Maria Tatar,2003 Throughout the book Tatar employs the tools not only of a psychoanalyst but also of a folklorist literary critic and historian to examine the harsher aspects of these stories She presents new interpretations of the powerful stories in this book Few studies have been written in English on these tales and none has probed their allegedly happy endings so thoroughly BOOK JACKET **The Dragon Swan Princess** Tamara Grantham,2019-03-26 The Dragon Swan Princess is the second book in the Twisted Ever After series by Tamara Grantham the award winning author of more than a dozen books and novellas Odette Von Alarissa is a prisoner her captivity the result of a decades old war between the dragon shifters and the witches But there has been a recent change in her ownership Xaldain Von Rothbart the traitor responsible for starting the war is her captor now A dragon shifter just like Odette Xaldain has plans for her that are unimaginable but with a magical mark on her shoulder that prevents her escape and the survival of her people hanging in the balance she has no real choice but to comply Drekken Von Fiddlestrum has returned to his homeland to find himself in an unhappy quandary To save his kingdom he must marry a noble yet he has no desire to do so When he crosses paths with Odette he agrees to help her But as their feelings for each other grow it can only lead to destruction for them both Drekken must marry for duty and Odette must consent to Xaldain if she wants her people to survive True love and obligation collide in this compelling retelling of the classic Swan Princess story *The Greatest Fairytales Of All Time* Hans Christian Andersen,Brothers Grimm,Andrew Lang,J.
