The Principles of Aesthetics Dewitt H. Parker, 2023-03-16 Dewitt H. Parker (1885–1949) was a professor of philosophy at the University of Michigan. Appointed department chair in 1929, Parker published works on metaphysics, aesthetics, and ethics. Aesthetics is a branch of philosophy that deals with the nature of beauty and taste, as well as the philosophy of art, its own area of philosophy that comes out of aesthetics. It examines aesthetic values, often expressed through judgments of taste. Aesthetics covers both natural and artificial sources of experiences and how we form a judgment about those sources. It considers what happens in our minds when we engage with objects or environments, such as viewing visual art, listening to music, reading poetry, experiencing a play, watching a fashion show, movie, sports, or even exploring various aspects of nature.
