A decorative red circular graphic element, resembling a stylized arrow or a partial circle, is positioned to the right of the author's name.

The Prisoner Living In Harmony:

Space and Time David C. Wright, Jr., Allan W. Austin, 2010-04-19 Essays in this work examine treatments of history in science fiction and fantasy television programs from a variety of disciplinary and methodological perspectives Some essays approach science fiction and fantasy television as primary evidence demonstrating how such programs consciously or unconsciously elucidate persistent concerns and enduring ideals of a past era and place Other essays study television as secondary evidence investigating how popular media construct and communicate narratives about past events *Escape Into the Future* John Stroup, Glenn W. Shuck, 2007 *Escape into the Future* analyzes the power of pessimism showing links between present day religious pessimism and the nihilism of popular culture Stroup and Shuck rummage through an interesting and eclectic body of pop culture from *Fight Club* to *X Files* to the *Left Behind* series pointing out the presence of pessimistic themes throughout This volume identifies and illuminates the religious language used in these works to articulate America's need to escape from its present cultural path and ultimately provide hope that it might do so Remake Television Carlen Lavigne, 2014-02-27 Remakes are pervasive in today's popular culture whether they take the form of reboots re imaginings or overly familiar sequels Television remakes have proven popular with producers and networks interested in building on the nostalgic capital of past successes or giving a second chance to underused properties Some TV remakes have been critical and commercial hits and others haven't made it past the pilot stage all have provided valuable material ripe for academic analysis In *Remake Television Reboot Re use Recycle* edited by Carlen Lavigne contributors from a variety of backgrounds offer multicultural multidisciplinary perspectives on remake themes in popular television series from classic cult favorites such as *The Avengers* 1961-69 and *The X Files* 1993-2002 to current hits like *Doctor Who* 2005-present and *The Walking Dead* 2010-present Chapters examine what constitutes a remake and what series changes might tell us about changing historical and cultural contexts or about the medium of television itself *Anxiety Muted* Stanley C. Pelkey, Anthony Bushard, 2015 In this collection contributors employ diverse critical methods and perspectives to explore the role of music in American film and television of the 1950s and 1960s as well as in films from more recent years that allude to reflect back upon or recreate those decades Particular attention is given to uncovering how motion picture culture and its music treated anxieties about suburbanization conformity the family and gender Provided by publisher **Doctor Who and the Art of Adaptation** Marcus K. Harmes, 2014-05-01 Although it started as a British television show with a small but devoted fan base *Doctor Who* has grown in popularity and now appeals to audiences around the world In the fifty year history of the program *Doctor Who*'s producers and scriptwriters have drawn on a dizzying array of literary sources and inspirations Elements from Homer classic literature gothic horror swashbucklers Jacobean revenge tragedies Orwellian dystopias Westerns and the novels of Agatha Christie and Evelyn Waugh have all been woven into the fabric of the series One famous storyline from the mid 1970s was rooted in the Victoriana of authors like H Rider Haggard and Arthur Conan Doyle and

another was a virtual remake of Anthony Hope's *The Prisoner of Zenda* with robots. In *Doctor Who and the Art of Adaptation: Fifty Years of Storytelling*, Marcus Harmes looks at the show's frequent exploration of other sources to create memorable episodes. Harmes observes that adaptation in *Doctor Who* is not just a matter of transferring literary works to the screen but of bringing a diversity of texts into dialogue with the established mythology of the series as well as with longstanding science fiction tropes. In this process, original stories are not just resituated but transformed into new works. Harmes considers what this approach reveals about adaptation, television production, the art of storytelling, and the long-term success and cultural resonance enjoyed by *Doctor Who*. *Doctor Who and the Art of Adaptation* will be of interest to students of literature and television alike and to scholars interested in adaptation studies. It will also appeal to fans of the series interested in tracing the deep cultural roots of television's longest running and most literate science fiction adventure. **Steven Moffat's**

Doctor Who 2012-2013 Steven Cooper, Kevin Mahoney, 2014-10-10. At over 90,000 words, this is the most comprehensive fan guide yet published to the 2012-2013 season of *Doctor Who*. After the first part of the season provided an emotional ending to the Doctor's travels with his friends Amy and Rory, Steven Moffat presented an innovative and intriguing new mystery as the Doctor puzzled over the woman twice dead, Clara Oswald, who had the most spectacular introduction of any companion. This series was the most demanding yet for Moffat; no other *Doctor Who* showrunner had previously faced an assignment like writing a series finale, an anniversary story, and a combined Christmas Special/Doctor finale in quick succession. We are with Moffat every step of the way as he rises to this unique challenge. The format of this book is the same as our previous *Doctor Who* guides. Steven Cooper has written excellent detailed analyses of each episode, which *Slant Magazine* published online in their *House Next Door* blog soon after each episode was broadcast. In this way, Steven's reviews provide an invaluable record of how a long-standing fan reacted to each twist of the plot as it occurred. *House Next Door* published Steven's 2013 episode reviews in abridged form; he then expanded upon his analyses, so this book contains far more of his insights than those published online. Kevin Mahoney then follows Steven's analyses with his reviews, which he wrote from the perspective of having watched the entire series. This enabled him to gauge exactly how Steven Moffat had put this season together and to assess the success of his various hoodwinks and sleights of hand. In this series, Steven Moffat was just as ambitious as ever, perhaps too ambitious at times when the scripting became uneven or the production team was not able to realize an episode as well as they might have done. Despite this, there were several episodes that rank among the best of the show's achievements, which we applaud in this celebration of *Doctor Who*'s 50th Anniversary. **Be Seeing You--** Chris Gregory, 1997. Drawing together aspects of media studies, cultural studies, film studies, structuralism, mythology, literary criticism, feminism, and social commentary, this book examines the position of *The Prisoner* as a television classic. Gregory argues that its allegorical depiction of a totalitarian world where technology enables the powers that be to control every aspect of its citizens' lives becomes more and more relevant as the years go by. Decodings of all of the series episodes are

detailed explaining how the series broke with the usual conventions of a TV series **Religion and Science Fiction** James F McGrath, 2012-09-27 This multidisciplinary book focuses on the intersection between religion and science fiction Several perspectives are addressed by scholars from different disciplines theology literature history music and anthropology From Frankenstein by way of Christian apocalyptic to Star Wars Star Trek Battlestar Galactica and much more and from the United States to China and back again the authors who contribute to this volume serve as guides in the exploration of religion and science fiction as a multifaceted multidisciplinary and multicultural phenomenon **Variety's Complete Home Video Directory** ,1989 **Bowker's Complete Video Directory, 1999** ,1999
