The Balaam Traditions Their Character And Development:

The Balaam Traditions Michael S. Moore,1990 Handbook on the Pentateuch Victor P. Hamilton,2005-09-01 In this introduction to the first five books of the Old Testament Victor Hamilton moves chapter by chapter through the Pentateuch examining the content structure and theology Hamilton surveys each major thematic unit of the Pentateuch and offers useful commentary on overarching themes and connections between Old Testament texts **The Enoch-Metatron Tradition**

Andrei A. Orlov,2005 Andrei A Orlov examines the tradition about the seventh antediluvian patriarch Enoch tracing its development from its roots in the Mesopotamian lore to the Second Temple apocalyptic texts and later rabbinic and Hekhalot materials where Enoch is often identified as the supreme angel Metatron The first part of the book explores the imagery of the celestial roles and titles of the seventh antediluvian hero in Mesopotamian Enochic and Hekhalot materials The analysis of the celestial roles and titles shows that the transition from the figure of patriarch Enoch to the figure of angel Metatron occurred already in the Second Temple Enochic materials namely in 2 Slavonic Enoch a Jewish work traditionally dated to the first century CE The second part of the book demonstrates that mediatorial polemics with the traditions of the exalted patriarchs and prophets played an important role in facilitating the transition from Enoch to Metatron in the Second Temple period *Encyclopedia of Jewish Folklore and Traditions* Raphael Patai,2015-03-26 This multicultural reference work on Jewish folklore legends customs and other elements of folklife is the first of its kind **New Heaven and New Earth.**

Theological Hermeneutics and the Book of Numbers as Christian Scripture Richard S. Briggs,2018-06-25 How should Christian readers of scripture hold appropriate and constructive tensions between exegetical critical hermeneutical and theological concerns This book seeks to develop the current lively discussion of theological hermeneutics by taking an extended test case the book of Numbers and seeing what it means in practice to hold all these concerns together In the process the book attempts to reconceive the genre of commentary by combining focused attention to the details of the text with particular engagement with theological and hermeneutical concerns arising in and through the interpretive work The book focuses on the main narrative elements of Numbers 11 25 although other passages are included Numbers 5 6 33 With its mix of genres and its challenging theological perspectives Numbers offers a range of difficult cases for traditional

Christian hermeneutics Briggs argues that the Christian practice of reading scripture requires engagement with broad theological concerns and brings into his discussion Frei Auerbach Barth Ricoeur Volf and many other biblical scholars The book highlights several key formational theological questions to which Numbers provides illuminating answers What is the significance and nature of trust in God How does holiness mediated in Numbers through the priesthood challenge and redefine our sense of what is right or fair To what extent is it helpful to conceptualize life with God as a journey through a wilderness of whatever sort Finally short of whatever promised land we may be what is the context and role of blessing

Reading Law James W. Watts, 1999-06-01 Watts here argues that conventions of oral rhetoric were adapted to shape the literary form and contents of the Pentateuch The large scale structure stories introducing lists of laws that conclude with divine sanctions reproduces a common ancient strategy for persuasion The laws use of direct address historical motivations and frequent repetitions serve rhetorical ends and even the legal contradictions seem designed to appeal to competing constituencies The instructional speeches of God and Moses reinforce the persuasive appeal by characterizing God as a just ruler and Moses as a faithful scribe The Pentateuch was designed to persuade Persian period Judaeans that this Torah should define their identity as Israel

The Image of the Jew in Flavius Josephus' Paraphrase of the Bible Paul Spilsbury, 1998

From Metaphysics to Midrash Shaul Magid, 2008-07-09 In From Metaphysics to Midrash Shaul Magid explores the exegetical tradition of Isaac Luria and his followers within the historical context in 16th century Safed a unique community that brought practitioners of Judaism Christianity and Islam into close contact with one another Luria's scripture became a theater in which kabbalists redrew boundaries of difference in areas of ethnicity gender and the human relation to the divine Magid investigates how cultural influences altered scriptural exegesis of Lurianic Kabbala in its philosophical hermeneutical and historical perspectives He suggests that Luria and his followers were far from cloistered They used their considerable skills to weigh in on important matters of the day offering at times some surprising solutions to perennial theological problems

Encountering the Divine George Savran, 2005-05-30 An examination of the literary and theological dynamics of the divine human encounter as reflected in theophany narratives in the Hebrew Bible The point of departure for this study is a type scene analysis which reveals a common structure to theophany narratives Beginning with the separation of the protagonist from human society the text moves to a visual and verbal revelation by the Deity and records a range of human reactions to the experience Each of the texts concludes with a description of a more externalized reaction which marks the carrying over of the experience into a larger societal framework The analysis develops the underlying structural and contentual similarity among texts which have traditionally been understood as belonging to different literary genres The discussion offers a nuanced treatment of the range of literary strategies employed by the narrative for addressing these elements In addition to a detailed analysis of each of the above components of the type scene there is discussion of issues such as the idea of the lethal nature of the encounter and intertextual relations between the narratives JSOTS 420
