J. McDonald, Jean Barman, 1986-01-01 Focusing on Vancouver's social history the essays written for this special edition of BC Studies treat hitherto neglected areas of the city's past and bring new insights into how its residents lived and worked Receiving particular attention is the socio economic and residential structure of Vancouver with one author arguing that the city's economy created an urban working class which was at once more complex and politically more conservative than that of the highly polarized communities on Vancouver Island and in the Interior Whose National Security? Gary Kinsman, Dieter K. Buse, Mercedes Steedman, 2000-10-01 Would you believe that RCMP operatives used to spy on Tupperware parties In the 1950s and 60s they did They also monitored high school students gays and lesbians trade unionists left wing political groups feminists consumer's associations Black activists First Nations people and Quebec sovereigntists The establishment of a tenacious Canadian security state came as no accident On the contrary the highest levels of government and the police along with non governmental interests and institutions were involved in a concerted campaign The security state grouped ordinary Canadians into dozens of political stereotypes and labelled them as threats Whose National Security probes the security state's ideologies and hidden agendas and sheds light on threats to democracy that persist to the present day The contributors varied approaches open up avenues for reconceptualizing the nature of spying *Managing the Canadian Mosaic in Wartime* Ivana Caccia, 2010-02-01 At the time Canadian policies regarding ethnic communities were preoccupied with the involvement and loyalty these communities had with their homeland's politics and the fear of infiltration from either the left or right of the political spectrum Focusing on the creation and operation of under examined government institutions and committees devised to exercise subtle control of minority groups Ivana Caccia explores the shaping of Canadian identity the introduction of government inspired citizenship education and the management of ethnic relations An engaging work that offers an important account of nation building in Canada and the treatment of ethnic minorities in times of heightened international tensions *Managing the Canadian Mosaic in Wartime* provides crucial insights into multicultural policy and the possibility of parallels with the preoccupations with security and surveillance in the aftermath of 9/11 *A history of the Communist Party of Canada, 1919-1929* William Rodney, 1961 The Feminist Challenge to the Canadian Left, 1900-1918 Janice Newton, 1995 The resurgence of feminism in the early 1970's created shock waves across Canadian society that can be felt to this day One of its results was a growing interest in women's history

which initially focused on the struggle of women around the turn of the century to gain the right to vote      *The Limits of Labour* David Bright, 2011-11-01 In a few short decades before the First World War Calgary was transformed from a frontier outpost into a complex industrial metropolis With industrialization there emerged a diverse and equally complex working class David Bright explores the various levels of class formation and class identity in the city to argue that Calgary's reputation as a prewar centre of labour conservatism is in need of revision Bright also delineates the trials of the Calgary labour movement in the 1920s Internal divisions and dissent prevented the movement from realizing the potential strength of the working class Instead even as local capitalism restructured itself political and industrial labour organizations wilfully fragmented their own base of support In particular they failed to address the concerns and needs of the growing number of unemployed in the city a neglect that foreshadowed events of the 1930s This failure left the labour movement unable to meet the challenge of the Great Depression In part at least the demise of labour as a viable political alternative in Calgary paved the way for the rise of Social Credit Using Calgary as a model *The Limits of Labour* reasserts the need to place class formation at the heart of the development of western Canada and provides an historical context to the renewed struggle of labour for social justice in the 1990s      *Canada and the British World* Phillip Buckner, R. Douglas Francis, 2011-11-01 In the decades following the Second World War a revolutionary change took place in the Canadian national identity The English Canadian majority entered this period identifying themselves as British and emerged from it with a new independent sense of themselves as purely Canadian Assured of their unique place in the world Canadians can now reflect on the legacies and lessons of their British colonial past *Canada and the British World* surveys Canada's national history through a British lens In a series of essays focusing on the social cultural and intellectual aspects of Canadian identity over more than a century the complex and evolving relationship between Canada and the larger British World is revealed Examining the transition from the strong belief of nineteenth century Canadians in the British character of their country to the realities of modern multicultural Canada this book eschews nostalgia in its endeavour to understand the dynamic and complicated society in which Canadians did and do live Candid and ambitious *Canada and the British World* is recommended reading for historians and scholars of colonialism and nationalism as well as anyone interested in what it really means to be Canadian      *Raising the Workers' Flag* Stephen Endicott, 2012-09-07 During the Great Depression the conflicting interests of capital and labour became clearer than ever before Radical Canadian workers encouraged by the Red International of Labour Unions responded by building the Workers Unity League an organization that greatly advanced the cause of unions in Canada and boasted 40 000 members at its height In *Raising the Workers Flag* the first full length study of this robust group Stephen L Endicott brings its passionate efforts to light in memorable detail *Raising the Workers Flag* is based on newly available or previously untapped sources including documents from the Royal Canadian Mounted Police's Security Service and the Communist Party's archives Using these impressive finds Endicott gives an intimate sense of the raging debates of the labour movement of the
