World War such was Tommy Lawton's prowess in front of goal he was a magnet for spectators at a host of top level clubs Prior to the war he served Burnley and Everton with distinction enlisted to the British army for the war effort he guested for a host of clubs After VE Day he maintained his career average of more than one goal every other game with Everton Chelsea Notts County Brentford as player manager and Arsenal before another spell as player boss at Kettering In 46 England games either side of the war and including wartime fixtures he plundered 46 goals Those impressive stats would surely be even more so but for the war Deadly in the air or with either foot and renowned for his sportsmanship he was never booked throughout his career Head and Shoulders Above the Rest is an ode to a swashbuckling centre forward and the man Stanley Matthews described as Quite simply the greatest header of the ball I ever saw **British Sport - a Bibliography to 2000**

Richard Cox,2013-12-16 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian **International Sport: A Bibliography, 2000** Richard William

Cox,2013-10-23 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new **Terrace Heroes** Graham Kelly,2005 This original book

examines 1930s football in England in its social economic and political context by focusing on ten of the top players of the era It sheds light on the decade that saw players taking on a public persona as terrace heroes **Forever Forest** Don

Wright,2015-08-15 Forever Forest celebrates the 150th anniversary of Nottingham Forest the second oldest professional football club in the world Join official club historian Don Wright as he commemorates 150 years of the Reds charting the lives of the people officials players and fans who have made this world famous football club **Slipless In Settle** Harry

Pearson,2010-07-08 Slipless in Settle is a sentimental journey around club cricket in the north of England a world far removed from the clichéd lengthening shadows on the village green image of the summer game This is hardcore cricket played in former pit villages and mill towns Winner of the 2011 MCC Cricket Book of the Year it is about the little clubs that have down the years produced some of the greatest players Britain has ever seen and at one time spent a fortune on importing the biggest names in the international game to boost their battle for local supremacy Slipless in Settle is a warm affectionate and outrageously funny sporting odyssey in which Andrew Flintoff and Learie Constantine rub shoulders with Asbo tag wearing all rounders there's hot pot pie and mushy peas at the tea bar two types of mild in the clubhouse and a batsman is banned for a month for wearing a fireman's helmet when going out to face Joel Garner Vain Games of No Value? Terry Morris,2016-03-03 It should be unthinkable to write the social history of Britain from the late nineteenth century onwards without reference to association football Yet by the time that the Football Association celebrated its centenary year in 1963 no serious academic analysis had been undertaken of the sport and of the various channels by which it had developed in different parts of the country By the time that historians began to tackle that task its complexity and diversity were such that it could only be undertaken in installments Studies emerged that focused upon individual clubs and specific regions or which were limited to narrow time scales No work examined the long century from the 1860s to the 1970s in full This book analyses the growth of British football in all its aspects the developments of the football crowd the status of the professional player women's football the difficult survival of amateurism to mention but a few It also highlights the factors that contributed to diverse developmental paths in different parts of the country The author has used the widest range of source materials to achieve a broader overview of the games history than has previously been attempted **Sport and the Military** Tony Mason,Eliza Riedi,2010-11-04 On battleships behind the trenches of the Western Front and in the midst of the Desert War British servicemen and women have played sport in the least promising circumstances When 400 soldiers were asked in Burma in 1946 what they liked about the Army 108 put sport in first place well ahead of comradeship and leave and this book explores the fascinating history of organised sport in the life of officers and other ranks of all three British services from 1880 1960 Drawing on a wide range of sources this book examines how organised sport developed in the Victorian army and navy became the focus of criticism for Edwardian army reformers and was officially adopted during the Great War to boost morale and esprit de corps It shows how service sport adapted to the influx of professional sportsmen especially footballers during the Second World War and the National Service years **Chelsea FC in the Swinging '60s** Greg Tesser,2013-08-05 They say if you remember the Swinging 60s you weren't there And surely no other football club encapsulated that momentous era of change more than Chelsea As Britain's youngest football agent Greg Tesser lived the 1960s dream As an eighteen year old publicist he helped launch the careers of the likes of Eric Clapton and Georgie Fame before promoting the King of Stamford Bridge himself the legendary Peter Osgood It was all showbiz glamour down the

Fulham Road in those halcyon hedonistic years with Hollywood stars Steve McQueen and Raquel Welch choosing to worship at the shrine of Ossie and co Football become fashionable with all the Beautiful People Greg and Charlie Cooke even wrote for Vogue QPR legend Rodney Marsh modelled for upmarket glossies and Ossie morphed into a true 60s icon A first FA Cup a first European trophy all Chelsea fans indeed all fans of football will enjoy this journey down memory lane when soccer swung and it was hip to kick a ball

Geoff Bradford Mike Jay, Ian Haddrell, 2012-11-01 Bristol Rovers most famous player is undoubtedly Geoff Bradford He holds the club record for goals scored 242 in 461 Football League appearances and remains the only player to win a Full England International cap while with the club To research this book the authors have been given access to an archive of information and original photographs from his family Bristol born Geoff was a loyal one club man having turned down the option of a transfer to First Division Liverpool He suffered two very severe career threatening knee injuries and returned to play football for his club who rewarded him with a Testimonial match at the end of his fifteenth season Besides representing England he also won other honours for Rovers winning the Third Division South Championship in 1952 53 and also played in many representative matches for the English Football Association including a six week tour to the West Indies in 1955 There has never been a biography of Bradford so this will be a welcome title for all dedicated Rovers fans

Connie Harry Pearson, 2017-08-17 Winner of the MCC Book of the Year Award His father was a first class cricketer his grandfather was a slave Born in rural Trinidad in 1901 Learie Constantine was the most dynamic all round cricketer of his age 1928 1939 when he played Test cricket for the West Indies and club cricket for Nelson Few who saw Constantine in action would ever forget the experience As well as the cricketing genius that led to Constantine being described as the most original cricketer of his time Connie illuminates the world that he grew up in a place where the memories of slavery were still fresh and where a peculiar almost obsessive devotion to Englishness created a society that was often more British than Britain itself Harry Pearson looks too at the society Constantine came to in England which he would embrace as much as it embraced him the narrow working class world of the industrial North during a time of grave economic depression Connie reveals how a flamboyant showman from the West Indies actually dovetailed rather well in a place where local music hall stars such as George Formby Frank Randle and Gracie Fields were fêted as heroes and how Lancashire League cricket fitted into this world of popular entertainment Connie tells an uplifting story about sport and prejudice genius and human decency and the unlikely cultural exchange between two very different places the tropical island of Trinidad and the cloth manufacturing towns of northern England which shared the common language of cricket
