Excommunication Alexander R. Galloway,Eugene Thacker,McKenzie Wark,2022-12-22 Always connect that is the imperative of today s media But what about those moments when media cease to function properly when messages go beyond the sender and receiver to become excluded from the world of communication itself those messages that state There will be no more messages In this book Alexander R Galloway Eugene Thacker and McKenzie Wark turn our usual understanding of media and mediation on its head by arguing that these moments reveal the ways the impossibility of communication is integral to communication itself instances they call excommunication In three linked essays Excommunication pursues this elusive topic by looking at mediation in the face of banishment exclusion and heresy and by contemplating the possibilities of communication with the great beyond First Galloway proposes an original theory of mediation based on classical literature and philosophy using Hermes Iris and the Furies to map out three of the most prevalent modes of mediation today mediation as exchange as illumination and as network Then Thacker goes boldly beyond Galloway s classification scheme by examining the concept of excommunication through the secret link between the modern horror genre and medieval mysticism Charting a trajectory of examples from H P Lovecraft to Meister Eckhart Thacker explores those instances when one communicates or connects with the inaccessible dubbing such modes of mediation haunted or weird to underscore their inaccessibility Finally Wark evokes the poetics of the infuriated swarm as a queer politics of heresy that deviates from both media theory and the traditional left He posits a critical theory that celebrates heresy and that is distinct from those that now venerate Saint Paul Reexamining commonplace definitions of media mediation and communication Excommunication offers a glimpse into the realm of the nonhuman to find a theory of mediation adequate to our present condition The Gothic Worlds of Peter Straub John C.
