Jonathan Franzen and the Romance of Community Jesú Blanco Hidalgo, 2017-01-26 Working within theoretical and critical contexts Hidalgo applies a model of the conversion redemption narrative to the novels of Jonathan Franzen

Introduction to The Night Agent Gilad James, PhD, *The Night Agent* written by Matthew Quirk is a fast paced thriller that follows the story of Peter Sutherland an FBI analyst who stumbles upon a conspiracy that puts the entire nation at risk After receiving a mysterious call from an informant Peter discovers that a well placed mole within the White House is manipulating the President s decisions to serve their own interest However things take a dramatic turn when the informant ends up murdered and Peter becomes the primary suspect With the FBI hot on his trail Peter must race against time to uncover the truth about the terrorist threat and clear his name before it s too late *The Night Agent* is a suspenseful and gripping novel that explores the delicate balance between trust betrayal and patriotism Through its intriguing plot and well crafted characters it raises important questions about the nature of power and the lengths people are willing to go to acquire it Furthermore it provides a realistic insight into the inner workings of the American government and its security agencies With its action packed narrative *The Night Agent* is a must read for anyone who loves political thrillers and offers an engaging exploration of the darker side of human nature *The Dark Side of Speech* Carlo Penco, 2024-10-08 What is disinformation and why does it matter How can we understand and detect different kinds of disinformation With an analysis of relevant events of the period 2012 2022 the book attempts to answer these questions The book is organized into four parts 1 The first part presents the notions of post truth and fake news using some of the most recent critical studies analyzing some typical examples and the environment in which some of them originated 2 The second part introduces the notion of

conspiracy theory and describes the emergence of the idea of white supremacy and its ramifications together with the narratives developed during the COVID restrictions 3 The third part describes the emergence of the algorithms behind social networks and their role in propaganda making examples of US and European elections and the Brexit referendum An analysis of Cambridge Analytica shows the tip of an iceberg of disinformation that is spreading around the world Some remarks by comedians and philosophers help to give a new view on the concept of freedom of speech with particular attention to the more and more difficult freedom of the press 4 The fourth part gives some emergency tools for detecting disinformation at an individual level understanding the most hidden mechanisms of disinformation and the biases that almost unavoidably enter our minds These tools come from the results both of traditional theories and the most recent social philosophy of language not despising references to statistics This is a fundamental book for having a general survey of this period of political turmoil consulting a wide list of references and official documents and having a grasp of the means of intellectual self defense This book is non standard it relies on the most sophisticated theories of language and yet it gives everything in simple and colloquial language Differently from sophisticated analyses of linguistic phenomena it gives the feeling of participating in a tour around what happened in the last decade with a disenchanted eye that uses some results of the critical literature without compelling one to become a theoretician in the field of philosophy or critical analysis The hidden focus of the book is freedom of speech and freedom of thought and what they mean today in an era of more sophisticated and widespread disinformation permitted by the algorithms governing social networks

The Buried Past. A Novel Past,1877 **The Epitome of Evil** M. Butter,2009-04-27 This study explores the literary representations of Adolf Hitler in American fiction and makes the case that his figure has slowly developed from a means of left wing critique into a device of right wing affirmation

The Novels and Other Works of Lyof N. Tolstoï graf Leo Tolstoy,1899 **Art and Idea in the Novels of China Miéville** Carl Freedman,2015-09-07 This book offers in the first six chapters critical readings of six novels by China Mi ville which are followed in the seventh chapter by a theoretical meditation on some of the conceptual issues raised by and engaged in the Mi ville oeuvre There comes a moment in *The City* the City though it is not necessarily the same moment for every reader when you realise that Beszel and Ul Qoma are not separate realms but the same space divided Likewise art and idea are often subject to absurd partition but then along comes an author such as China Mi ville who shows them to be in truth indissoluble So argues Freedman s inordinately readable and just as rigorous account of Mi ville s major novels Highly recommended Mark Bould University of the West of England Freedman offers a compelling interpretation of Mi ville s novels informed equally by an impressive range of literary influences and a carefully documented exploration of historical antecedents Seeing Mi ville s genre hybridity as an illustration of the power of dialectical thinking Freedman illuminates the complex utopian project of Mi ville s fiction Freedman is one of our finest critical voices on Mi ville one of the most important speculative writers of the 21st century Sherryl Vint University of California Riverside [Romantic Gothic](#) Angela

Wright, 2015-11-16 Traces the Gothic impulses in proto Romantic and Romantic British American and European culture 1740-1830 Quatri me de couverture The Judge Dee Novels of R.H. van Gulik J.K. Van Dover, 2014-11-26 From 1949 to 1968 author Robert van Gulick wrote 15 novels two novellas and eight short stories featuring Judge Dee a Chinese magistrate and detective from the Tang dynasty In addition to providing the setting for riveting mysteries Dee's world highlighted aspects of traditional Chinese culture through his personal relationships with his wives his lieutenants and the citizens he served with dedication on the emperor's behalf This book gives a synopsis of each Judge Dee story along with commentary on plots characters themes and historical details Exploring van Gulik's influence on Chinese and Western detective fiction and on the image of China in popular 20th century American literature this study brings to light a significant contributor to the development of detective fiction **The Earl of Effingham. A Novel** Lalla McDowell, 1877 *America Is Elsewhere* Erik Dussere, 2014 This study conceives the literary and cinematic category of noir as a way of understanding the defining conflict between authenticity and consumer culture in post World War II America It analyses works of fiction and film in order to argue that both contribute to a noir tradition that is initiated around the end of World War II and continues to develop and evolve in the present **The Experimental Book Object** Sami Sjöberg, Mikko Keskinen, Arja Karhumaa, 2023-11-30 The Experimental Book Object shows why and how books matter in the 21st century Digital and audio platforms are commonplace and other fields of art beyond literature have increasingly embraced books and publication as their medium of choice Nevertheless the manifold book object persists and continues to inspire various types of experimentation This volume sets forth an unprecedented approach where literary and media theory are entangled with design practitioners artistic research and process descriptions By probing the paradigm of the codex this collection of essays focuses on historical and contemporary experimentation that has challenged what books are and could be from the perspectives of materiality mediation and visual and typographic design Investigations into less studied areas and cases of performativity demonstrate what experimental books do by interacting with their systemic and cultural environments The volume offers a multifaceted and multidisciplinary view of the book object the book design and publishing processes and their significance in the digital age *The Burning Glass (Jean Fairbairn/Alasdair Cameron Series, Book 3)* Lillian Stewart Carl, 2009-09-01 Alasdair and Jean are making a deliberate effort to put together a relationship Leaving Edinburgh to the crowds attending the annual Festival they move into the caretaker's cottage of an old and spooky castle near Rosslyn Chapel Rosslyn has been made so famous by The Da Vinci Code that only tour groups are admitted It's a medieval church where the Holy Grail or the treasure of the Knights Templar is rumored to be hidden Ferniebank Castle includes a small chapel that's very similar and obviously related to Rosslyn but is off the beaten path Or so they think Even before Jean meets Alasdair at Ferniebank she hears that trouble is brewing there and in the nearby village of Stanelaw a local councillor has disappeared a precious artifact has been stolen and the castle's former caretaker has died under circumstances that make Alasdair's police whiskers twitch It's a bad

time for this sort of thing to be happening since the owner of a popular New Age travel company has just bought the chapel and its healing well intending to build a spa there something that will revive the village economy As though Jean and Alasdair's plans aren't thrown enough of a curve when the New Age guru turns out to be his ex wife other crimes and then another death occur right on their doorstep And everything seems to track back to the former Mrs Cameron Even though Alasdair is no longer a formal member of other police force he and Jean must roll up their sleeves and wade in to yet another mystery Authentic dialect detailed descriptions of the castle and environs and vivid characters recreate an area rich in history and legend The tightly woven plot is certain to delight history fans with its dramatic collision of past and present Publishers Weekly A little romance a dash of mystery and a soupcon of history make a hearty dish Kirkus Reviews *Uncertain Justice* Nicoletta Di Ciolla, 2020-05-22 The crime genre entered Italy in the late nineteenth century and if initially Italian authors followed models developed abroad principally in the United States England and France a uniquely Italian brand began to emerge soon Il giallo as the crime genre has been known in Italy since the 1930s proved to be the ideal instrument to confront pressing and often uncomfortable issues which were pertinent to the Italian context it became a useful tool to restore symbolically at least the truth and justice that were and still are perceived by a large part of the Italian reading public to be systematically denied in reality In today's Italy the crime genre and particularly its noir sub genre narrates so that readers might remember so that they might take heed and action turning cognition into an act of resistance against oblivion and of rebellion against injustice *Uncertain Justice* explores three broad areas that contemporary Italian noir literature appears particularly keen to debate retrieving them from the silence to which they might otherwise be consigned unresolved historical and political legacies the repercussions of which still inform and affect life and practices in the present times the problematic institution of the family considered as the bedrock of Italian culture and the founding principle of Italian society with specific attendant questions of gender politics and the justice system seen through some of its operators nominally in charge of putting the wrongs right and frequently accused of preventing this from happening These explorations are conducted through an analysis of texts published in the last twenty years which represent an effort to expose and counter injustice through the power of the word Crime literature authors often revisit recent Italian history in their novels and genre fiction plays a prominent role in acts of resistance against cover ups or revisionist views of history The volume starts with an analysis of this role through novels that look back at the years of the fascist regime and more recently at the period from the anni di piombo onwards It then considers the contribution made to the giallo and noir genre by women writers looking at the effects that female practitioners in Italy have had on the ethics and aesthetics of a genre that in other cultures has traditionally been firmly conservative A further section examines novels set in a familial context and looks at a range of family dynamics expressed in the relationships between mothers and sons mothers and daughters large extended families or small nuclear ones If some of the texts expose the devastating effects of the violence perpetrated in the name of love others

more positively offer hope demonstrating how more desirable options do exist and can be pursued Finally the volume looks at justice as a system and at its practitioners as in an interesting development peculiar to Italy a significant number of judges lawyers and senior police officers have recently become involved in crime fiction writing The concluding chapter investigates the contribution that these specialists who have extensive theoretical and technical knowledge in a field which crime fiction routinely frequents can make to the genre it also analyses whether these authors who bring together the moral function of unveiling the truth prerogative of the investigator and the social function of rectifying a wrong prerogative of the upholders of the law may have a role in forming a more ethically and socially aware Italian citizen
