The Half-parent Brenda Maddox,1976 **Other People's Children: What happens to those in the bottom 50% academically?** Barnaby Lenon,2018-04-30 In 2017 Barnaby Lenon previously the head master of Harrow School wrote a best selling book about high achieving state schools in England Much Promise Later that year he went on a tour of Further Education colleges and started to research the fortunes of those who do less well at school In *Other People's Children* he writes about the state of vocational education in England and the implications of his findings for a post Brexit economy

The Family in America Joseph M. Hawes,Elizabeth F. Shores,2002-05-22 An incisive multidisciplinary look at the American family over the past 200 years written by respected scholars and researchers *Family in America* offers two powerful antidotes to popular misconceptions about American family life historical perspective and scientific objectivity When we look back at our early history we discover that the idealized 1950s family characterized by a rising birthrate a stable divorce rate and a declining age of marriage was a historical aberration out of line with long term historical trends Working mothers we learn are not a 20th century invention most families throughout American history have needed more than one breadwinner In the exciting new scholarship described here readers will learn precisely what is new in American family life and what is not and acquire the perspective they need to appreciate both the genuine improvements and the losses that come with change *Stepparenting, with Annotated Bibliography* Renato Espinoza,Yvonne Newman,1979 **Other**

Watson,2018-07-17 *Ancient Stepmothers* is the first full length study of the stepmother in Graeco Roman antiquity Several perspectives are covered literary historical and sociological the last mentioned making use of comparative material from modern studies of stepfamilies The portrayal of the stepmother in myth and literature is thoroughly explored The historical background in Athens and Rome is examined with a view to determining the relationship between fiction and real life The book makes an important contribution to the study of both literary history and family relationships in particular it sheds light on attitudes to women the portrayal of the stepmother being an outstanding illustration of misogynistic prejudice It will also interest sociologists wishing to place studies of the contemporary stepfamily in a wider historical context for this reason all Greek and Latin is translated into English **Handbook of Marriage and**

the Family Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add. It is therefore limited to two relevant but not intrinsically related points: *vis à vis* research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared: namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook. In the late 1930s Willard Waller noted: Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it. Everything that concerned the life of men and women and their children was shrouded from the light. Today much of that has been changed. Gone is the concealment of the way in which life begins; gone the irrational sanctity of the home. The aura of sentiment which once protected the family from discussion clings to it no more. We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting. We are engaged in the process of reconstructing our family institutions through criticism and discussion. 1938 pp 3-4

Maternal Child Nursing Care - E-Book Shannon E. Perry, Marilyn J. Hockenberry, Deitra Leonard Lowdermilk, David Wilson, Kathryn Rhodes Alden, Kitty Cashion, 2017-09-09 Maternal Child Nursing Care E Book

The Early Childhood Years Theresa Caplan, Frank Caplan, 1984 An invaluable guide to understanding how your child grows and learns. Your child's second through sixth years are a time of challenge and excitement and often frustration for parents: a time during which your child asserts his or her individuality with growing curiosity and perception, initiative and spontaneity. In these five years you will see your child learning, testing, exploring, playing, creating and imagining in new and surprisingly sophisticated ways. The crises too are new; they may range from illnesses, nightmares and bed wetting to speech learning and discipline problems. The Early Childhood Years can help you prepare for and avoid many of the problems inherent in this crucial period of development. By the end of the sixth year your child will be an accomplished speaker, an enthusiastic playmate and master of his or her own body, ready to take on the world of people and things in school and beyond. This companion volume to *The First Twelve Months of Life* and *The Second Twelve Months of Life* includes a minicourse in early child development and special parenting topics such as working mothers, day care, adoption, gifted children, stepparenthood, safety and more.

The Devil's Half Acre Kristen Green, 2022-04-12 The inspiring true story of an enslaved woman who liberated an infamous slave jail and transformed it into one of the nation's first HBCUs. In *The Devil's Half Acre*, New York Times bestselling author Kristen Green draws on years of research to tell the extraordinary and little-known story of young Mary Lumpkin, an enslaved woman who blazed a path of liberation for thousands. She was forced to have the children of a brutal slave trader and live on the premises of his slave jail, known as the Devil's Half Acre. When she inherited the jail after the death of her slaveholder, she transformed it into God's Half Acre, a school where Black men could fulfill their dreams. It still exists today as Virginia Union University.

one of America's first Historically Black Colleges and Universities A sweeping narrative of a life in the margins of the American slave trade The Devil's Half Acre brings Mary Lumpkin into the light This is the story of the resilience of a woman on the path to freedom her historic contributions and her enduring legacy Parenting in Stepfamilies Gladys Lan Tak Lam-Chan, 2018-08-13 First published in 1999 this book contains the findings of an exploratory study using in depth interviews on parenting and the dynamics of Hong Kong Chinese stepfamilies The stepfamily is a topic which is in lack of local research in Hong Kong but is an emerging family structure which has increasing need for professional intervention This study began as a result of the researcher's concern about the soaring number of divorces and broken families in Hong Kong and her curiosity to uncover the untold stories of stepfamilies The literature review presentation and thematic analysis of the findings of this study will increase the readers knowledge and understanding of stepfamilies in contexts which are different from Western societies This book unveils the perceptions and life experiences of the stepmothers social workers and teachers attitudes towards stepfamilies and the parenting behaviours of stepfamilies in Hong Kong The author has reflectively analyzed the complex interplay between the social attitudes cultural stereotyping of stepfamilies influenced by Chinese traditional values aspirations towards marriage and marital relationships parental expectations and parent child relationships ideology and policy issues affecting professional intervention Half an Arch Jonathan Gathorne-Hardy, 2004 Half An Arch is the compelling autobiography of one of the most distinctive English writers of the late twentieth century Jonathan Gathorne Hardy In The Rise and Fall of the English Nanny The Public School Phenomenon and Doctors Gathorne Hardy explored three apparently familiar institutions with unprecedented originality and depth Now the biographer of writer and adventurer Gerald Brenan and American sexologist Alfred Kinsey brings the same rigour perception and sensitivity to bear on the story of his own life as he chronicles vividly but without sentimentality the brutal decline in the fortunes of the clever and colourful Gathorne Hardy family in the aftermath of two world wars The Psychosocial Interior of the Family Gerald Handel, Gail G. Whitchurch, 1994 This long awaited fourth edition has the same goal as the preceding editions to understand families in terms of the kinds of interaction through which family life is constructed The changes in the family as an institution have influenced these processes just as they have influenced the ways we understand and write about them But even in these postmodern circumstances an underlying premise of the volume is that two partners establish a family because they have selected each other as distinctively meaningful to one another They will affirm modify elaborate or retreat from various aspects of the relationship through interaction over time and in changing circumstances This volume contains the best available interdisciplinary work on the social psychology of the family More than half of the selections are new to this edition which incorporates a variety of theoretical and research perspectives that provide the reader with a range of authoritative and up to date sources on the family and interpersonal relations The newer forms of family organization that have emerged in the more recent literature specifically single parent families stepfamilies and families of gay and lesbian domestic partners

are included Authors have been drawn from a variety of disciplines including sociology communication family studies human development psychology anthropology and social work **Health Care Ethics: Critical Issues for the 21st Century**
