Death, Emotion and Childhood in Premodern Europe Katie Barclay,Kimberley Reynolds,Ciara Rawnsley,2017-02-06 This book draws on original material and approaches from the developing fields of the history of emotions and childhood studies and brings together scholars from history literature and cultural studies to reappraise how the early modern world reacted to the deaths of children Child death was the great equaliser of the early modern period affecting people of all ages and conditions It is well recognised that the deaths of children struck at the heart of early modern families yet less known is the variety of ways that not only parents but siblings communities and even nations responded to childhood death The contributors to this volume ask what emotional responses to child death tell us about childhood and the place of children in society Placing children and their voices at the heart of this investigation they track how emotional norms values and practices shifted across the fifteenth to nineteenth centuries through different religious legal and national traditions This collection demonstrates that child death was not just a family matter but integral to how communities and societies defined themselves Chapter 5 of this book is available open access under a CC BY 4.0 license at link.springer.com

Global Nationalism: Ideas, Movements And Dynamics In The Twenty-first Century Pablo De Orellana,Nicholas Michelsen,2022-10-04 The twenty first century is witnessing a truly transnational revival of a very old set of ideas Despite romantic attachments to old symbols these late modern nationalism movements are not simply replicas of the previous two waves of nationalism in the 1860s and 1920s Nor is it true that today's nationalism movements want simply to return to the past and effect a nationalist 1930s style retrenchment From Putin's macho revivalism through to Trump's shocking victory and Xi's strongman regionalism nationalists engage with the economic context of our time and address issues born of globalization Crucially in their vision for international relations they seek the destruction of key international norms in a drive to restore a vision of sovereignty predicated on a survivalist understanding of state power Global Nationalism edited and framed by Pablo de Orellana and Nicholas Michelsen brings together the latest research by up and coming early career researchers and scholars Beginning with a succinct history and typology of contemporary nationalism and its predecessors this book offers analysis of several cases of contemporary nationalism examining how specific movements define identity address grievances and propose identity based solutions Key themes and lessons emerge

from the study of a variety of cases from the very ideas animating nationalist thought to their expression in a wide variety of nationalist movements around the world The reflections on the ecosystem of nationalist ideas and movements offered in this volume are a vital starting point in the study of contemporary nationalism as a global twenty first century phenomenon

Autobiography Alan Alexander Milne,1939 This is the autobiography of a writer and a writer of unusual diversity of achievement With some his reputation stands highest as the prewar humorist of Punch with others as the author of what Alexander Woollcott called one of the three best mystery stories of all time Some like him most as an essayist others as a novelist or dramatist To many he will always be the man who wrote Peace With Honour and to many more he is simply the author of four famous books for children But the same personality has been behind all his work As he says heredity and environment make the child the child makes the man and the man makes the writer In this book we see that personality developing from the precocious child at home to the clever idle boy at school thence to Cambridge and the decision to go to London and write If in the latter half of the book A A Milne refrains from exhibiting himself and exposing his friends in the full length modern fashion nevertheless as a writer he tells us all his adventures and lets us into all his secrets Jacket *The Essential Writings of Philip Schaff* Philip Schaff,2023-11-19 In *The Essential Writings of Philip Schaff* readers are taken on a journey through the profound theological reflections and historical insights of esteemed author Philip Schaff This collection showcases Schaff s eloquent literary style which effortlessly combines scholarly rigor with spiritual depth Delving into various aspects of Christianity and church history Schaff s writings offer a unique perspective that is both informative and engaging The book is a valuable resource for anyone interested in theological studies and the evolution of Christian thought It provides a comprehensive overview of Schaff s most influential works making it an essential addition to any scholar s library Philip Schaff a renowned 19th century theologian and church historian wrote these essential writings over the course of his illustrious career His dedication to academic excellence and his passion for theology shine through in every page demonstrating his profound understanding of the subject matter Schaff s extensive knowledge and thoughtful analysis make him a trusted authority in the field of Christian studies I highly recommend *The Essential Writings of Philip Schaff* to readers seeking a deeper understanding of Christian theology and church history Schaff s insightful perspectives and scholarly expertise make this collection a must read for theologians historians and anyone interested in the intellectual foundations of Christianity *University Library of Autobiography* ,1918 *The Last Warnings* Jerald James,2017-09-07 I give you these pages only to prepare you for what is to happen between 2017 and 2029 The world will end just before 2100 Finally all that I have told my children for the past forty years are coming to pass Read these pages seriously please Pay close attention to page 29 and to Our Lady of La Salette on page 3 and the true possible dates given by saints of this century God reveals Satan s Plan going into action and allowing his vicar Pope Leo XIII to hear the conversation but the total conversation was given to St Marie Julie Jahenny a French mystic and stigmatist tells of the ending times and the great change that will take place

Bache,2000-05-26 Argues that philosophical reflection today must include the findings of depth psychology and the critical study of non ordinary states of consciousness Combining philosophical reflections with deep self exploration to delve into the ancient mystery of death and rebirth this book emphasizes collective rather than individual transformation Drawing upon twenty years of experience working with nonordinary states Bache argues that when the deep psyche is hyper stimulated using Stanislav Grof s powerful therapeutic methods the healing that results sometimes extends beyond the individual to the collective unconscious of humanity itself Dark Night Early Dawn is the most important book I have read in recent years Whenever I present a brief summary of its major ideas either to students in my graduate classes or to general audiences it unfailingly arouses intense interest I believe Bache s work evokes this response because he has articulated with superb clarity rigor and depth of insight a radically expanded perspective on the deeper nature of individual human experience a perspective that many have been gradually intuiting but had not yet been able clearly to formulate With moving honesty and a rare lack of inflation Bache has brought forth a conception of the human psyche that intimately reconnects the personal ordeals and awakenings of the individual to the larger collective suffering and spiritual transformation of the entire human species at this most crucial of historical thresholds This is a book to read soon and to integrate carefully Richard Tarnas author of *The Passion of the Western Mind Understanding the Ideas That Have Shaped Our World View* This very important contribution to transpersonal psychology I know very few books that represent such a unique balance of critical thinking and deep personal experience The author s extensive knowledge of philosophical religious and psychological literature makes it possible for him to provide solid grounding for the profound insights from his nonordinary states of consciousness Brings unusual clarity into several important problem areas and represents an important step toward an integration and synthesis of the observations and experiences involved Christopher Bache is one of the most creative and imaginative thinkers in the transpersonal field Stanislav Grof author of *The Cosmic Game Explorations of the Frontiers of Human Consciousness and Beyond the Brain Birth Death and Transcendence in Psychotherapy* Christopher M Bache is Professor of Religious Studies in the Department of Philosophy and Religious Studies at Youngstown State University He is the author of *Lifecycles Reincarnation and the Web of Life* *Women and Religion in Early America,1600-1850* Marilyn J.
